Dear Mr. Fancy:

Re: Status of Title V Permits

As you know, several of Florida Power Corporation's (FPC) Title V permits remain in the Initial Draft or Revised Draft stages and progress is being made very slowly. This is no one's fault in particular; it's difficult to establish any momentum when the involved parties are processing so many permits and some of the issues (e.g., periodic monitoring) are moving targets. As you and Mr. Scott Osbourn recently discussed, it may be helpful if all involved parties at FPC and the Department were to meet at one time to discuss any remaining unresolved issues.

FPC proposes, with your concurrence, to arrange for a one- or two-day meeting between FPC and the Department to resolve issues associated with the following Title V permits that remain in either the Initial Draft or Revised Draft stage: Anclote, Bartow, Crystal River, Suwannee, Tiger Bay, Bayboro and the University of Florida. It would be desirable to have you, Scott Sheplak and the permit engineers responsible for these facilities in attendance. Mr. Scott Osbourn and I will represent FPC.

It is FPC's desire to advance these Title V permits to the Final Permit stage as expeditiously as possible. FPC has recently requested additional extensions of time on the above-mentioned permits until April 1, 1999 and would like to resolve these permits prior to that date. We will contact you in the next day or two to coordinate a meeting date. If you should have any questions in the meantime, please contact either Scott Osbourn at (727) 826-4258 or me at (727) 826-4334.

Sincerely,
