**NOTICE OF WITHDRAWAL OF ENLARGEMENT OF TIME**

Progress Energy Florida, Inc. ("Progress"), by and through undersigned counsel, hereby withdraws its Second Request for Enlargement of Time to file a petition for formal administrative proceedings in accordance with Chapter 120, Florida Statutes. Progress currently has pending a Second Request for Enlargement of Time until November 15, 2004, in response to the "Intent to Issue Title V Air Operation Permit" (Draft Permit No. 1210003-005-AV) for the Suwannee River Plant, located South of U.S. Route 90- Northwest of Live Oak, Suwannee County, Florida, to negotiate certain changes in the Draft Title V permit with the Department. Following discussions with Department representatives, Progress and the Department have come to agreement on the issues involved in the above-referenced Draft Title V permit, as reflected in the attached preliminary Proposed Title V Permit dated November 9, 2004. Accordingly, conditioned upon the Department's issuance of the Proposed Title V permit in accordance with our agreement, Progress hereby withdraws its Request for Enlargement of Time.

RESPECTFULLY SUBMITTED this 9<sup>th</sup> day of November, 2004.

Good morning.

The extensions of time for the following permits expire today:

City of Gainesville - Gainesville Regional Utilities  
0010006-003-AV

Progress Energy Florida - Suwannee River  
1210003-005-AV

What is the status on both of these permits?

Thank you.

**Subject:** Title V renewals

After our meeting with Mike C. this morning on the heat input issue and discussions of how to proceed and what legal actions are pending out there, I thought this would be helpful for you and all of our permittees.

Priority #1: demonstrating that the heat input issue is resolved

The renewals that are affected by this issue [according to my records] follow. For those in which extensions of time have been filed, we need to email a draft proposed permit to their attorney and a cc. to the responsible official. **IF THE COMMENT PERIOD HASN'T EXPIRED YET, WE SHOULD NOTE THAT, BARRING ANY COMMENTS, HERE IS WHAT WE INTEND TO ISSUE.** Once they've reviewed and concurred and the comment period has passed, their attorney will withdraw the extensions of time [or notify us they will not be petitioning]. Mike requested this be done by Tuesday afternoon for as many as possible. I suggest we start with those permits where heat input is the only outstanding issue.

Gulf Power Smith	no outstanding requests for extensions of time
Gulf Power Schultz	no outstanding requests for extensions of time
OUC Stanton	no outstanding requests for extensions of time
KUA	no outstanding requests for extensions of time
GRU	no outstanding requests for extensions of time
Tiger Bay	facility has requested a 2 <sup>nd</sup> extension of time; has not been acted upon [so they'd need to withdraw that request once they see the proposed and are ok with it]
DeBary check LCT: 1270028-007AV.	I'm not showing a list of any extensions requested? Vickie- can you double
Sanford	facility requested an extension of time; has not been acted upon [so they'd need to withdraw that request once they see the proposed and are ok with it]
Crist	just filed new request for extension until November 8 bc. southern company's in house attorney out of town to discuss permit shield language. I told them we need to get these out but the 8 <sup>th</sup> would be ok.
Anclote	we resolved, attorney filed withdrawal of extension of time and has gone proposed already so case can be closed in LCT

Priority #2: getting the other renewals to proposed status

The biggest issues I've heard on drafts have been CAM or heat input. Are there others we need to discuss internally? We need to get these to proposed status in the next 2 weeks also. Here is a status on extensions of time on these other renewals. I'm not sure when each permit's 30 day comment period ends.

**SECOND REQUEST FOR ENLARGEMENT OF TIME**

By and through undersigned counsel, Progress Energy Florida, Inc. (Progress Energy) hereby requests, pursuant to Florida Administrative Code Rule 62-110.106(4), an enlargement of time, to and including November 15, 2004, in which to file a Petition for Administrative Proceedings in the above-styled matter. As good cause for granting this request, Progress Energy states the following:

1. On or about September 29, 2004, Progress Energy Florida, Inc. received from the Department of Environmental Protection ("Department") an "Intent to Issue Title V Air Operation Permit Renewal" and accompanying "Draft Permit," (Draft Permit No.1210003-005-AV), for the Suwannee River Plant, located South of U.S. Route 90 - Northwest of Live Oak, Suwannee County, Florida.
2. Based on Progress Energy's initial review, the Draft Permit and associated documents contain several provisions that warrant clarification or corrections.
3. Progress Energy and DEP are in the process of discussing possible resolutions to the issues needing clarification or correction.

4. The Department granted Progress' first Request for Enlargement of Time, allowing until November 1, 2004, to file a petition in this matter.

5. Progress Energy is now requesting until November 15, 2004, in order to resolve remaining issues before the Departments's intended deadline to send all Title V renewals to the Environmental Protection Agency as proposed permits.

6. This second request is filed simply as a protective measure to avoid waiver of Progress Energy's right to challenge certain conditions contained in the Draft Title V Permit. Grant of this request will not prejudice either party, but will further their mutual interest and hopefully avoid the need to file a Petition and proceed to a formal administrative hearing.

WHEREFORE, Progress Energy Florida, Inc. respectfully requests that the time for filing of a Petition for Administrative Proceedings in regard to the Department's Intent to Issue Title V Air Operation Permit No.1210003-005-AV be formally extended to and including November 15, 2004.

RESPECTFULLY SUBMITTED this 1<sup>st</sup> day of November, 2004.
