Dear Mr. Koerner:

Suwannee American Cement (SAC) respectfully requests to combine the permitting project 1210465-016-AC under project 1210465-020-AC. This request will result in a single draft permit and notice for the long-term auto fluff trial burn combined with operational trials for the other requested alternative fuels. It is understood that the combined project will proceed in accordance with the schedule for Project No. 1210465-020-AC

In accordance with Rule 62-4.050(3), I have sealed this letter with enclosure as certification by a professional engineer.

Please feel free to contact me at (352) 377-5822 or mlee@koooglerassociates.com or Krishna Cole, Suwannee American Cement at (386) 935-5023 or krishnac@suwanneecement.com, if you have any questions regarding this submittal.
