Subject: RE: letter to combine permits

Jeff,
Wow! Sunday morning. You are a marathon worker.

Please see attached graph that shows the expected values that your requested in your email.

Thanks for all your effort on this innovative project.

Max

Subject: RE: letter to combine permits

Max and Krishna:

What is the estimated residence time (seconds) of exhaust gases in the calciner?

Is the calciner temperaure 1800° F or hotter?

How fast does the temperature begin to drop as the exhaust is carried through the pre-heater tower?

Jeff

The Department of Environmental Protection values your feedback as a customer. DEP Secretary Mimi Drew is committed to continuously assessing and improving the level and quality of services provided to you. Please take a few minutes to comment on the quality of service you received. Simply click on [this link to the DEP Customer Survey](#). Thank you in advance for completing the survey.

Subject: letter to combine permits

All,

Please find attached a letter for combining the subject permits.

A hardcopy will follow to FDEP.

Regards,
Max
