Dear Lynn,

The applicant noticed a small error in the TEPD for 1230001-057-AC, so I have made a few small edits to the document. Would you be able to replace the current TEPD with what's here: [O:\OPC\ - Permitting Section\Dawson\Foley Cellulose \(1230001\)\Draft?](#)

Then David thought it would be best for you to email everyone from the original email notification list to let them know the new TEPD is up.

Dear Mr. Butler,

Please find attached a preliminary draft of the air construction permit for the bark boiler conversion project, as well as the technical evaluation that goes with it. If you have any comments, or if you find anything that should be corrected before we issue the draft permit, please send them to me by the end of this week.

Also, this permit does not include any decisions on the DDDDD extension request submitted by Foley Cellulose – this is just for the conversion project.

Thanks,  
John Dawson

Permitting and Compliance  
Draft Air Permit No. 1230001-057-  
AC

Foley Cellulose LLC, Foley Mill  
Taylor County, Florida  
Applicant: The applicant for this  
project is Foley Cellulose LLC.  
The applicant's authorized  
representative and mailing  
address is: Lee Davis, Vice  
President-General Manager,  
Foley Cellulose LLC, Foley Mill, 1  
Buckeye Drive, Perry, Florida  
32348.

Facility Location: Foley Cellulose  
LLC operates the existing Foley  
Mill, which is located in Taylor  
County at 1 Buckeye Drive in  
Perry, Florida.

Project: The applicant proposes  
to convert two existing bark  
boilers to hybrid suspension  
grate-type boilers and to replace  
several oil-fired auxiliary burners  
in each bark boiler with natural  
gas burners. The bark dryer that  
currently uses waste heat from  
the No. 2 Bark Boiler to dry  
incoming biomass fuel will be  
removed from service and  
replaced with an economizer  
that will pre-heat boiler feed  
water. This project will allow  
these two boilers to fall under the  
category "hybrid  
suspension/grate burners  
designed to burn wet  
biomass/bio-based solid" for  
compliance with the federal  
"Boiler MACT" regulations in the  
Code of Federal Regulations,  
Title 40, Part 63, Subpart DDDDD.  
Permitting Authority:

Applications for air construction  
permits are subject to review in  
accordance with the provisions  
of Chapter 403, Florida Statutes  
(F.S.) and Chapters 62-4, 62-210  
and 62-212 of the Florida  
Administrative Code (F.A.C.).  
The proposed project is not  
exempt from air permitting  
requirements and an air permit is  
required to perform the  
proposed work. The Permitting  
Authority responsible for making  
a permit determination for this  
project is the Office of Permitting  
and Compliance in the  
Department of Environmental  
Protection's Division of Air  
Resource Management. The  
Permitting Authority's physical  
address is: 2600 Blair Stone Road,  
Tallahassee, Florida. The  
Permitting Authority's mailing  
address is: 2600 Blair Stone Road,  
MS #5505, Tallahassee, Florida  
32399-2400. The Permitting  
Authority's phone number is 850-  
717-9000.

Project File: A complete project  
file is available for public  
inspection during the normal  
business hours of 8:00 a.m. to 5:00  
p.m., Monday through Friday  
(except legal holidays), at the  
physical address indicated  
above for the Permitting  
Authority. The complete project  
file includes the Draft Permit, the  
Technical Evaluation and  
Preliminary Determination, the  
application and information  
submitted by the applicant  
(exclusive of confidential records  
under Section 403.111, F.S.).  
Interested persons may contact  
the Permitting Authority's project  
engineer for additional  
information at the address and  
phone number listed above. In  
addition, electronic copies of  
these documents can be  
accessed by entering Permit No.  
1230001-057-AC in the indicated  
field at the following web site:  
<http://www.dep.state.fl.us/air/mission/apds/default.asp>.

Notice of Intent to Issue Air  
Permit: The Permitting Authority  
gives notice of its intent to issue  
an air construction permit to the  
applicant for the project  
described above. The applicant  
has provided reasonable  
assurance that operation of  
proposed equipment will not  
adversely impact air quality and  
that the project will comply with  
all appropriate provisions of  
Chapters 62-4, 62-204, 62-210, 62-  
212, 62-296 and 62-297, F.A.C.  
The Permitting Authority will issue  
a Final Permit in accordance  
with the conditions of the  
proposed Draft Permit unless a  
timely petition for an  
administrative hearing is filed  
under Sections 120.569 and  
120.57, F.S. or unless public  
comment received in  
accordance with this notice  
results in a different decision or a  
significant change of terms or  
conditions.

Comments: The Permitting  
Authority will accept written  
comments concerning the  
proposed Draft Permit for a  
period of 14 days from the date

of publication of the Public Notice. Written comments must be received by the Permitting Authority by close of business (5:00 p.m.) on or before the end of this 14-day period. If written comments received result in a significant change to the Draft Permit, the Permitting Authority shall revise the Draft Permit and require, if applicable, another Public Notice. All comments filed will be made available for public inspection.

**Petitions:** A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. A petition for administrative hearing must contain the information set forth below and must be filed (received) with the Agency Clerk in the Office of General Counsel, 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000, Agency.Clerk@dep.state.fl.us, before the deadline. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, any email address, telephone number and any facsimile number of the petitioner; the name, address, any email address, telephone number, and

any facsimile number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so state; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice of Intent to Issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. Mediation is not available in this proceeding.
