DEPARTMENT OF ENVIRONMENTAL PROTECTION

**NOTICE OF ADMINISTRATIVE CORRECTION**

Florida Gas Transmission Company  
1400 Smith Street  
Houston, TX 77002

Taylor Compressor Station No. 15  
Air Permit No. 1230034-011-AC  
Administrative Correction, Page 3A-1

*Authorized Representative:*

Mr. Richard Craig, V.P. of Southeast Operations

Enclosed is corrected Page 3A-1 of Permit No. 1230034-011-AC, which regulates units at Compressor Station 15 in Taylor County, Florida. Section 3A-1 of the permit regulates Emissions Unit 002, which is also referred to by Florida Gas Transmission Company (FGTC) as Compressor Engine 1506. The original permit incorrectly identified either the Emissions Unit ID No. or the Engine No. in the page header and the Emissions Unit Table. The corrections are included on the attached revised page. The change is made at the request of the applicant. This correction is issued pursuant to Rule 62-210.360, Florida Administrative Code (F.A.C.), and Chapter 403, Florida Statutes (F.S.). It does not alter the effective dates of the existing permit.

The Department of Environmental Protection (Department) will consider the above-noted action final unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. Mediation under Section 120.573, F.S., will not be available for this proposed action.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) by the Agency Clerk in the Department's Office of General Counsel, MS #35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000 (Telephone: 850/488-9314, Fax: 850/487-4938). Petitions filed by the permit applicant or any of the parties listed below must be filed within 14 (fourteen) days of receipt of this notice. Petitions filed by any other person must be filed within 14 (fourteen) days of receipt of this proposed action. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

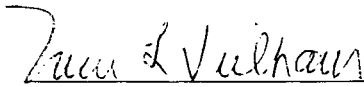

A petition must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when each petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and, (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the permitting authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the permitting authority's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the permitting authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Any party to this order (permit) has the right to seek judicial review of it under Section 120.68, F.S., by the filing of a Notice of Appeal, under Rule 9.110 of the Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel (3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000) and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within thirty days from the date this notice is filed with the Clerk of the permitting authority.

Executed in Tallahassee, Florida.

(Clerk) 8/16/04  
(Date)

**SECTION 3. EMISSIONS UNIT SPECIFIC CONDITIONS**

**A. EU 002 - 4000 bhp Reciprocating Compressor Engine No. 1506**

This section of the permit addresses the following existing emissions unit.

**Emissions Unit No. 002 - Compressor Engine No. 1506**

The existing compressor engine is a 4000 bhp reciprocating internal combustion engine fired exclusively with pipeline natural gas.

**APPLICABLE REQUIREMENT**

1. Previous Permits: This permit supplements all previously issued air construction and operation permits for this emissions unit. Except for the change noted below, the unit remains subject to the conditions of all other valid air construction and operations permits. [Rule 62-4.070, F.A.C.]
2. Particulate Matter: For Compressor Engine No. 1506 (EU 002), particulate matter emissions are minimized by good combustion design with the firing of natural gas as the exclusive fuel. This requirement supersedes the particulate matter standards (TSP and PM<sub>10</sub>) in Condition No. 1 of Air Permit No. PSD-FL-160, as amended. *{Permitting Note: This change does not result in any increases in actual emissions of particulate matter. All other standards of Air Permit No. PSD-FL-160 remain unaffected.}*

*{Permitting Note: This page was revised by administrative correction in July of 2004 to reflect that this section regulates Emissions Unit 002, which is also referred to as Compressor Engine 1506.}*

TO: Michael G. Cooke, Division of Air Resources Management  
THRU: Trina Vielhauer, Bureau of Air Regulation ↗  
James K. Pennington, North Permitting Section JKP  
FROM: Michael P. Halpin, North Permitting Section  
DATE: June 1, 2004  
SUBJECT: Extension of Permit Expiration Date  
Air Permit No. 1230034-011-AC  
Florida Gas Transmission Company  
Station No. 15 in Taylor County, Florida

Attached for your approval and signature is a modification that extends the permit expiration date for the above referenced project. Florida Gas Transmission Company (FGTC) requests a 90-day extension of the air construction permit (which authorized an up-rate for existing Engine 1507), in order to submit a Title-V application. The applicant states that the uprating as well as initial compliance tests are complete.

I recommend your approval and signature.

Dear Mr. Koerner:

**Subject: Extension of Construction Permit Expiration**

Florida Gas Transmission Company (FGT) is requesting a 90-day extension to the above referenced Construction Permit. Unit 1507 has been uprated and the initial compliance test has been completed. FGT requests the extension in order to complete and submit the application for the Title V Operating Permit prior to 90 days before expiration of the Construction Permit.

If you have any questions or need additional information, please call Jacob Krautsch at (850) 350-5042.

Sincerely,

Richard Craig

## CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. Richard Craig, V.P. of Southeast Operations  
Florida Gas Transmission Company  
P.O. Box 4657  
Houston, TX 77010-4657

Re: Second Extension of Air Construction Permit Expiration Date  
Taylor Compressor Station No. 15  
Air Permit No. 1230034-011-AC

Dear Mr. Craig:

On May 24, 2003, Florida Gas Transmission Company (FGTC) submitted a request for a 90-day extension of air construction Permit No. 1230034-011-AC for existing Station No. 15 located near Perry in Taylor County, Florida. Specifically, the extension was requested in order to complete and submit the application for a Title-V permit prior to 90 days before the expiration of the construction permit. According to the submittal, the uprating of Unit 1507 as well as the initial compliance tests are complete.

The Department approves the request. The permit is hereby extended from **July 1, 2004** to **December 31, 2004** in order to submit a complete application for a Title V air operation permit. A copy of this letter shall be filed with the referenced permit and shall become part of the permit. This permitting decision is issued pursuant to Chapter 403 of the Florida Statutes (F.S.).

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen (14) days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3), F.S., must be filed within fourteen (14) days of publication of the public notice or within fourteen (14) days of receipt of this notice of intent, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Department for notice of agency action may file a petition within fourteen (14) days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address

*"More Protection, Less Process"*

*Printed on recycled paper.*

for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

In addition to the above, a person subject to regulation has a right to apply for a variance from or waiver of the requirements of particular rules, on certain conditions, under Section 120.542, F.S. The relief provided by this state statute applies only to state rules, not statutes, and not to any federal regulatory requirements. Applying for a variance or waiver does not substitute or extend the time for filing a petition for an administrative hearing or exercising any other right that a person may have in relation to the action proposed in this notice of intent.

The application for a variance or waiver is made by filing a petition with the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. The petition must specify the following information: (a) The name, address, and telephone number of the petitioner; (b) The name, address, and telephone number of the attorney or qualified representative of the petitioner, if any; (c) Each rule or portion of a rule from which a variance or waiver is requested; (d) The citation to the statute underlying (implemented by) the rule identified in (c) above; (e) The type of action requested; (f) The specific facts that would justify a variance or waiver for the petitioner; (g) The reason why the variance or waiver would serve the purposes of the underlying statute (implemented by the rule); and (h) A statement whether the variance or waiver is permanent or temporary and, if temporary, a statement of the dates showing the duration of the variance or waiver requested.

The Department will grant a variance or waiver when the petition demonstrates both that the application of the rule would create a substantial hardship or violate principles of fairness, as each of those terms is defined in Section 120.542(2), F.S., and that the purpose of the underlying statute will be or has been achieved by other means by the petitioner.

Persons subject to regulation pursuant to any federally delegated or approved air program should be aware that Florida is specifically not authorized to issue variances or waivers from any requirements of any such federally delegated or approved program. The requirements of the program remain fully enforceable by the Administrator of the EPA and by any person under the Clean Air Act unless and until the Administrator separately approves any variance or waiver in accordance with the procedures of the federal program.

This permitting decision is final and effective on the date filed with the clerk of the Department unless a petition is filed in accordance with the above paragraphs or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition pursuant to Rule 62-110.106,

F.A.C., and the petition conforms to the content requirements of Rules 28-106.201 and 28-106.301, F.A.C. Upon timely filing of a petition or a request for extension of time, this action will not be effective until further order of the Department.

Any party to this permitting decision (order) has the right to seek judicial review of it under Section 120.68, F.S., by filing a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the clerk of the Department of Environmental Protection in the Office of General Counsel, Mail Station #35, 3900 Commonwealth Boulevard, Tallahassee, Florida, 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The notice must be filed within thirty (30) days after this order is filed with the clerk of the Department.

Executed in Tallahassee, Florida.

Michael G. Cooke, Director  
Division of Air Resources Management
