Hi Cindy,  
In response to the letter MEI received from DEP on Section 112(j), MEI's consultant sent this statement, "The Clean Air Act Section 112(j) determination does not apply to MEI because you are below the 10 individual/25 overall tons per year threshold."

If there is any further information required please feel free to contact me at (850) 584-2634 or psadler@martin-electronics.com

Sincerely

Patsy Sadler  
Environmental Engineering Aide
