Attn: Cindy Phillips

Dear Ms. Phillips:

After reviewing all the information I have had made available to me, I have concluded that our facility does not produce, or coat any plastic composites. I believe that the sources defined in Section 112 (g) of the MACT standard do not apply to our manufacturing process.

If you have any additional information or questions, concerning this subject, please notify me of such.

Sincerely,

Gary J. Puckett
Safety Manager
