**RE: Sanford Power Plant
 Notice of Intent to Issue Proposed
 Permit No. 1270009-001-AV - Draft**

Dear Mr. Beason:

On October 8, 1997, Florida Power and Light Company (FPL) received the referenced Notice of Intent to Issue Proposed Permit for its Martin Power Plant located in Martin County, Florida. The Notice of Intent was issued by the Department's Tallahassee Office and was signed by Martin J. Costello, P.E., of DEP's Bureau of Air Regulation.

FPL has been working in good faith with the Department to identify and resolve outstanding permit issues regarding the referenced facility. The Department and FPL agree that more time is needed to complete the permitting process for this facility. FPL hereby requests, pursuant to Rule 62-103.070, F.A.C., an extension to and including February 28, 1998, in which to file a petition for administrative proceedings regarding the Notice of Intent to Issue the Proposed Air Construction and Air Operating permits. FPL also requests an identical extension of time in which to public notice the Notice of Intent to Issue the Permits as required under Section 403.815, F.S. and Rule 62-103.150, F.A.C. As good cause for granting the requests for extension of time for filing and public noticing, FPL states the following:

This request is filed simply as a protective measure to avoid waiver of FPL's right to challenge the permit as issued. Granting of this request will not prejudice either party, but will further their mutual interests and likely avoid the need to initiate formal administrative proceedings. FPL is committed to amicably resolving all outstanding issues related to this permit issuance so that the Department's Title V program objectives may be met.

I hereby certify that I have contacted Mr. Clair Fancy, P.E., regarding this request, and he has agreed to this request for extension of time.

ORDER

On December 26, 1984, the Petitioner, Florida Power & Light Company, filed a Petition for Reduction in Quarterly Particulate Emissions Compliance Testing pursuant to Florida Administrative Code Rule 17-2.600(5)(b)1. for the following fossil fuel steam generating unit:

Sanford Unit No. 5

Pursuant to Florida Administrative Code Rule 17-2.600(5)(b)1., Petitioner has conducted quarterly particulate emission compliance tests. Florida Administrative Code Rule 17-2.600(5)(b)1. provides that the Department may reduce the frequency of particulate testing upon a demonstration that the particulate standard of 0.1 pounds per million Btu heat input has been regularly met. The petition and supporting documentation submitted by Petitioner indicate that, since September 8, 1983, Petitioner has regularly met the particulate standard. It is therefore,

ORDERED that the Petition for Reduction in Quarterly Particulate Emissions Compliance Testing is GRANTED. Petitioner may immediately commence testing on an annual basis. Test results from the first regularly scheduled compliance test conducted in FY 86 (October 1, 1985 - September 30, 1986), provided the results of that test meet the particulate standard and the 40% opacity standard, shall be accepted as results from the first annual test.

BEST AVAILABLE COPY

Failure of Sanford Unit 5 to meet either the particulate standard or the 40% opacity standard in the future shall constitute grounds for revocation of this authorization.

Persons whose substantial interests are affected by the above proposed agency action has a right, pursuant to Section 120.57, Florida Statutes, to petition for an administrative determination (hearing) on the proposed action. The Petition must conform to the requirements of Chapters 17-103 and 28-5, Florida Administrative Code, and must be filed (received) with the Department's Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32301, within fourteen (14) days of publication of this notice. Failure to file a petition within the fourteen (14) days constitutes a waiver of any right such person has to an administrative determination (hearing) pursuant to Section 120.57, Florida Statutes.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the proposed agency action. Persons whose substantial interests will be affected by any decision of the Department have the right to intervene in the proceeding. A petition for intervention must be filed pursuant to Model Rule 28-5.207, Florida Administrative Code, at least five (5) days before the final hearing and be filed with the Hearing Officer if one has been assigned at the Division of Administrative Hearings, Department of Administration, 2009 Apalachee Parkway, Tallahassee, Florida 32301. If no Hearing Officer has been assigned, the petition is to be filed with the Department's Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32301. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such person has to an administrative determination (hearing) under Section 120.57, Florida Statutes.

ORDER APPROVING REQUEST

FOR

REDUCTION IN QUARTERLY PARTICULATE EMISSIONS COMPLIANCE TESTING

Pursuant to Rule 17-2.600(5)(a)1, Florida Administrative Code (F.A.C.), Florida Power and Light Company, the Petitioner, submitted a request for reduction to quarterly particulate emissions compliance testing pursuant to Rule 17-2.600(5)(b)1, F.A.C., for the Sanford Plant Unit No. 4.

Having considered the Petitioner's written request and all supporting documentation, the following Findings of Fact, Conclusions of Law, and Order are entered:

FINDINGS OF FACT

1. On July 19, 1989, the Petitioner filed for reduction in quarterly particulate emissions compliance testing required by Rule 17-2.600(5)(b)1, F.A.C., for the fossil fuel fired steam generating unit at the Sanford Plant Unit No. 4.

2. Pursuant to Rule 17-2.600(5)(b)1, F.A.C., the Petitioner has conducted quarterly particulate emission

compliance tests.

3. The petition and supporting documentation submitted by the Petitioner indicate that the Petitioner demonstrated compliance during the third quarter of 1983, during 1984, 1986, 1987, and during 1988.

CONCLUSIONS OF LAW

1. The Department has jurisdiction to consider the Petitioner's request pursuant to Section 403.061, Florida Statutes, and Rule 17-2.600(5)(a)(1), F.A.C.

2. Rule 17-2.600(5)(b)1, F.A.C., provides that the Department may reduce the frequency of particulate testing if the standard of 0.1 pounds per million Btu heat input has been regularly met.

ORDER

Having considered the Petitioner's written request and supporting documentation, it is hereby ordered that:

1. The Petitioner's request for a reduction in quarterly particulate emissions compliance testing is GRANTED, and that:
 - a. The Petitioner's generating unit Sanford Plant Unit No. 4 shall be required to conduct one steady-state particulate emission compliance test annually and one particulate emission compliance test while the source is operating under soot blowing conditions.
 - b. Sanford Plant Unit No. 4 shall be subject to a steady-state visible emission limiting standard of forty (40) percent opacity.
 - c. This order supercedes all conflicting conditions

relating to frequency of particulate emission compliance testing contained in the operating permit AO64-132055 for Sanford Plant Unit No. 4. All other permit conditions of permit No. AO64-132055 shall remain the same.

- d. The Department may require additional tests for particulate emissions pursuant to Rule 17-2.700(2)(b), F.A.C., if, after investigation, the Sanford Plant Unit No. 4 is believed to be violating applicable emission standards.

RIGHT TO APPEAL

Any party to this Order has the right to seek judicial review of the Order pursuant to Section 120.68, Florida Statutes, by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date the Notice of Agency Action is filed with the Clerk of the Department.

PETITION FOR ADMINISTRATIVE REVIEW

1. A person whose substantial interests are affected by the Department's decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth

below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within 21 days of receipt of this Order. At the time of filing, Petitioner shall mail a copy of the petition to the applicant at Florida Power and Light Company, 9250 West Flagler Street, Miami, Florida 33152. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.

2. The petition shall contain the following information:

(a) The name, address, and telephone number of each Petitioner, the applicant's name and address, and the Department File Number;

(b) A statement of how and when each Petitioner received notice of the Department's action or proposed action;

(c) A statement of how each Petitioner's substantial interests are affected by the Department's action or proposed action;

(d) A statement of the material facts disputed by Petitioner, if any;

(e) A statement of facts which Petitioner contends warrant reversal or modification of the Department's action or proposed action;

(f) A statement of which rules or statutes Petitioner contends require reversal or modification of the Department's action or proposed action; and

(g) A statement of the relief sought by Petitioner, stating

precisely the action Petitioner wants the Department to take with respect to the Department's action or proposed action.

3. If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Order. Persons whose substantial interests will be affected by any decision of the Department with regard to the applicant have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 21 days of receipt of this notice in the Office of General Counsel at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be on the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

4. This Order constitutes final agency action unless a petition is filed in accordance with the above paragraph or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition and conforms to Rule 17-103.070, F.A.C. Upon timely filing of a petition or a request for an extension of time this Order will not be effective until further Order of the Department.
