Okeechobee County-AP
Macasphalt Division of APAC-Florida, Inc
Relocation of a Portable Drum Mix Asphalt Plant
Permit No. 7770073-005-AC

Dear Mr. Fancy,

As per the request of Bruce Mitchell of your Office, we have prepared and attached a P.E. certification page. This is not a modification request. This is to obtain authorization for public notice for an existing unit, so it may relocate to Okeechobee County. The plant will operate as it is permitted.

If you have any questions, please call me at 407 / 298-0846.

Sincerely,

Roger T. Caldwell
Vice President
Environmental Division

BUREAU OF AIR REGULATION

4. Professional Engineer Statement:

I, the undersigned, hereby certify, except as particularly noted herein, that:*

(1) To the best of my knowledge, there is reasonable assurance that the air pollutant emissions unit(s) and the air pollution control equipment described in this Application for Air Permit, when properly operated and maintained, will comply with all applicable standards for control of air pollutant emissions found in the Florida Statutes and rules of the Department of Environmental Protection; and

(2) To the best of my knowledge, any emission estimates reported or relied on in this application are true, accurate, and complete and are either based upon reasonable techniques available for calculating emissions or, for emission estimates of hazardous air pollutants not regulated for an emissions unit addressed in this application, based solely upon the materials, information and calculations submitted with this application.

If the purpose of this application is to obtain an air construction permit for one or more proposed new or modified emissions units (check here [], if so), I further certify that the engineering features of each such emissions unit described in this application have been designed or examined by me or individuals under my direct supervision and found to be in conformity with sound engineering principles applicable to the control of emissions of the air pollutants characterized in this application.

If the purpose of this application is to obtain an initial air operation permit or operation permit revision for one or more newly constructed or modified emissions units (check here [], if so), I further certify that, with the exception of any changes detailed as part of this application, each such emissions unit has been constructed or modified in substantial accordance with the information given in the corresponding application for air construction permit and with all provisions contained in such permit.

RE: Air Operating Permit # 7770073-005-AO
(Gencor Portable Drum Mix Asphalt Plant)

Dear Mr. Fancy,

The Macasphalt Division of Apac-Florida Inc. is currently in the process of attempting to relocate the above referenced asphalt plant to the Okeechobee Industrial Park in Okeechobee, Florida. The Central District Office issued the Air Operating Permit referenced above on April 7, 1998. The permit expires April 30, 2003.

After several conversations with the Southeast District Office regarding the procedure for relocation of the portable plant, I was advised to call Mr. Bruce Mitchell in Tallahassee to clarify what steps must be taken so that we satisfy all requirements regarding the relocation of the plant to Okeechobee.

I spoke with Mr. Mitchell today who asked me to write this letter to your department requesting a Notice of Intent be generated for the relocation of our portable plant to Okeechobee since our air operating permit is already authorized through next year.

I have enclosed a check in the amount of \$ 250.00 for the required fee.

If you need any additional information, or have any questions, please contact me at (863) 967-0646.

Sincerely

Steven Christ
Environmental, Health, & Safety Director
