**Subject: Ranger Construction Industries, Inc.
FDEP File Number 7770253-007-AO
Notice of Intent**

Dear Mr. Pollack:

Attached, please find the affidavits for the Public Notices published on February 24th, 1999 in the St. Petersburg Times on April 18th, 1999 for Ranger Construction Industries, Inc. - Portable Crushing Operation to be located in Pinellas and Hillsborough Counties.

Should you receive any public comment regarding the issuance of the statewide permit for this operation, please inform us as to the nature of the comment(s) so we can resolve any problems that might arise.

Thank you for your cooperation in this matter. Should you have any questions or require any additional information to issue the permit for this facility, do not hesitate to contact our office.

Sincerely,
CENTRAL FLORIDA TESTING LABORATORIES, INC.

LEGAL NOTICE

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT
STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
 Draft Permit Amendment No.: 7770253-007-AO
 Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, Duval, St. Lucie, Orange, Palm Beach, Pasco, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 12955 40th Street North, Clearwater, Pinellas County, Florida, and at other sites in Pinellas County provided that proper notice is provided to the Department's Southwest District Office and the Pinellas County Department of Environmental Management. The amendment will also allow operation at 6701 East Hanna Avenue, Tampa, Hillsborough County, Florida, and at other sites in Hillsborough County as long as proper notice is provided to the Hillsborough County Environmental Protection Commission. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per hour crusher, a screen, conveyors, a 402 hp diesel engine, and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.
 The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions:

The Department will accept written comments concerning the proposed issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceedings and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) a concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed operation permit amendment is available for public inspection during normal business hours, 8:00 am to 5:00 pm, Monday through Friday, except legal holidays at:

Department of Environmental Protection
Bureau of Air Regulation

LEGAL NOTICE

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Draft Permit Amendment No.: 7770253-007-AO
Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, Duval, St. Lucie, Orange, Palm Beach, Pasco, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 12955 40th Street North, Clearwater, Pinellas County, Florida, and at other sites in Pinellas County provided that proper notice is provided to the Department's Southwest District Office and the Pinellas County Department of Environmental Management. The amendment will also allow operation at 6701 East Hanna Avenue, Tampa, Hillsborough County, Florida, and at other sites in Hillsborough County as long as proper notice is provided to the Hillsborough County Environmental Protection Commission. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per hour crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be by only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceedings; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed operation permit amendment is available for public inspection during normal business hours, 8:00 am to 5:00 pm, Monday through Friday, except legal holidays at:
