Re: Ranger Construction Industries, Inc. letter dated July 26, 1999
Permit 7770253-007-AO
Statewide Air Operation Permit for a Relocatable Concrete and Asphalt Crusher

Dear Mr. Slade:

The Florida Department of Environmental Protection, Division of Air Resources Management (Department) has approved the surrender of the referenced permit effective July 30, 1999.

The Department will accept the surrender of the referenced permit as authorized by the Florida Administrative Code Rule 62-4.100(1) and Section 403.061(14), Florida Statutes. Please attach this Notice of Permit Surrender to your copy of the permit.

Please direct any questions you have concerning the Department's action to Jonathan Holtom, P.E., or Ross Pollock, at the above letterhead address.

Sincerely,

C. H. Fancy, P.E.
Chief,
Bureau of Air Regulation

Is your RETURN ADDRESS completed on the reverse side?

SENDER:

- Complete items 1 and/or 2 for additional services.
- Complete items 3, 4a, and 4b.
- Print your name and address on the reverse of this form so that we can return this card to you.
- Attach this form to the front of the mailpiece, or on the back if space does not permit.
- Write "Return Receipt Requested" on the mailpiece below the article number.
- The Return Receipt will show to whom the article was delivered and the date delivered.

I also wish to receive the following services (for an extra fee):

Memorandum

TO: Howard L. Rhodes

THRU: Clair Fancy 
Jonathan Holtom

FROM: Ross Pollock 

DATE: May 10, 1999

SUBJECT: Ranger Construction Industries, Inc.
Amendment to Air Operation Permit for a relocatable asphalt crusher
Final Permit No. 7770253-007-AO

BAR

Attached is the Final amendment to an air permit for a relocatable asphalt crusher which is used at sites throughout Florida.

The permit amendment for this minor source is being processed by BAR because it is a relocatable unit that operates in different Districts. This facility was previously issued an operation permit which allowed statewide operation. This permit amendment is to allow the facility to operate in counties for which public notice requirements had not previously been met.

I recommend your approval and signature of the Final Permit Amendment.

Re: Final Permit Amendment No. 7770253-007-AO
Portable Recyclable Asphalt Crusher

Dear Mr. Slade:

The Department has reviewed your letter dated March 17, 1999 requesting the referenced air permit for the portable recyclable asphalt crusher plant located at 4510 Glades Cut-Off Road, Fort Pierce, St. Lucie County, Florida, be amended to authorize operation at 12955 40th Street North, Clearwater, Pinellas County, Florida and 6701 East Hanna Avenue, Tampa, Hillsborough County. These requests are acceptable and permit No. 7770253-006-AO is amended as follows:

FROM

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyors, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL
4210 Old Dixie Hwy., Grant, Brevard County, FL
2600 State Road 60 W, Bartow, Polk County, FL
18300 Northwest 122 Ave., Medley, Dade County, FL
2501 Northwest 48th Street, Pompano Beach, Broward County, FL
1200 Elboc Way, Winter Garden, Orange County, FL
1050 Heckscher Drive, Jacksonville, Duval County, FL
2315 Marathon Road, Odessa, Pasco County, FL

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

"Protect, Conserve and Manage Florida's Environment and Natural Resources"

Printed on recycled paper.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

TO

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyors, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

Permitted Counties:	Public Notice Valid Until:
95th Avenue, Royal Palm Beach, Palm Beach County, FL	December 9, 2000
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL	December 9, 2000
4210 Old Dixie Hwy., Grant, Brevard County, FL	August 26, 2001
2600 State Road 60 W, Bartow, Polk County, FL	January 11, 2001
18300 Northwest 122 Ave., Medley, Dade County, FL	December 9, 2000

2315 Marathon Road, Odessa, Pasco County, FL	February 22, 2004
12955 40th Street North, Clearwater, Pinellas County, FL	April 18, 1999
6701 East Hanna Avenue, Tampa, Hillsborough County, FL	April 18, 1999

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the counties that the proposed new site(s) will be located in and obtaining an amendment for the facility's permit, to reflect the new site of operation.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

A copy of this letter shall be filed with permit No. 7770253-006-AO and shall become a condition of that permit.

Sincerely,

Howard L. Rhodes, Director,
Division of Air Resources Management

Final Permit 7770253-007-AC

PS Form 3800 April 1995

FINAL DETERMINATION

Ranger Construction Industries, Inc.
Relocatable Asphalt Crusher

Permit No. 7770253-007-AO

An Intent to Issue an amended air operation permit for a relocatable asphalt crusher belonging to Ranger Construction Industries, Inc. was distributed on April 7, 1999. The Public Notice of Intent to Issue Amended Air Operation Permit was published in the St. Petersburg Times on April 24, 1999. This newspaper meets the general circulation requirements in Hillsborough and Pinellas counties. The facility will not be authorized to operate in other counties until the public notice requirements are met in the other counties and the permit is revised to authorize operation in the counties.

No comments were submitted by the general public in response to the public notice for this facility. In addition, no comments were submitted by the Department's district offices or any local agencies.

The final action of the Department will be to issue the permit amendment for the counties covered by the public notices.

LEGAL NOTICE

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT
STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
 Draft Permit Amendment No.: 7770253-007-AO
 Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, Duval, St. Lucie, Orange, Palm Beach, Pasco, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 12955 40th Street North, Clearwater, Pinellas County, Florida, and at other sites in Pinellas County provided that proper notice is provided to the Department's Southwest District Office and the Pinellas County Department of Environmental Management. The amendment will also allow operation at 6701 East Hanna Avenue, Tampa, Hillsborough County, Florida, and at other sites in Hillsborough County as long as proper notice is provided to the Hillsborough County Environmental Protection Commission. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per hour crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceedings and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) a concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed operation permit amendment is available for public inspection during normal business hours, 8:00 am to 5:00 pm, Monday through Friday, except legal holidays at:

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION Draft Permit Amendment No.: 7770253-007-AO Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, Duval, St. Lucie, Orange, Palm Beach, Pasco, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 12955 40th Street North, Clearwater, Pinellas County, Florida, and at other sites in Pinellas County provided that proper notice is provided to the Department's Southwest District Office and the Pinellas County Department of Environmental Management. The amendment will also allow operation at 6701 East Hanna Avenue, Tampa, Hillsborough County, Florida, and at other sites in Hillsborough County as long as proper notice is provided to the Hillsborough County Environmental Protection Commission. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per hour crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be by only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceedings; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed operation permit amendment is available for public inspection during normal business hours, 8:00 am to 5:00 pm, Monday through Friday, except legal holidays at:

Memorandum

Florida Department of Environmental Protection

TO: Clair Fancy

THRU: Jonathan Holtom *J.H.*

FROM: Ross Pollock *R.P.*

DATE: April 1, 1999

SUBJECT: Ranger Construction Industries, Inc.
Amendment to Air Operation Permit for a relocatable asphalt crusher
Draft Permit No. 7770253-007-AO

Attached is the Draft amendment to an air permit for a relocatable asphalt crusher which is used at sites throughout Florida.

The permit amendment for this minor source is being processed by BAR because it is a relocatable unit that operates in different Districts. This facility was previously issued an operation permit which allowed statewide operation. This permit amendment is to allow the facility to operate in counties for which public notice requirements had not previously been met.

I recommend that this Intent to Issue be sent out as attached.

Re: Permit No. 7770253-007-AO
Portable Recyclable Asphalt Crusher

Dear Mr. Slade:

One copy of the Draft Amended Air Operation Permit for a portable recyclable asphalt crusher currently located at 4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, is enclosed. The permitting authority's "INTENT TO ISSUE AMENDED AIR OPERATION PERMIT" and the "PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT" are also included.

The "Public Notice of Intent to Issue Amended Air Operation Permit" must be published one time only, as soon as possible, in the legal advertisement section of a newspaper of general circulation in the area affected, pursuant to the requirements Chapter 50, Florida Statutes. Proof of publication, i.e., newspaper affidavit, must be provided to the Department's Bureau of Air Regulation office within seven (7) days of publication. Failure to publish the notice and provide proof of publication may result in the denial of the permit amendment.

Please submit any written comments you wish to have considered concerning the Department's proposed action to Jonathan Holtom, P.E. at the above letterhead address. If you have any other questions, please contact Ross Pollock or Mr. Holtom at 850/488-0114.

Sincerely,

C. H. Fancy, P.E., Chief,

DRAFT Permit No.: 7770253-007-AO
Portable Recyclable Asphalt Crusher
Relocation

INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

The Department of Environmental Protection (Department) gives notice of its intent to issue an amended air operation permit (copy of Draft Permit Amendment attached) for the proposed project, detailed in the Notification of Intent to Relocate specified above, for the reasons stated below.

The applicant, Ranger Construction Industries, Inc., applied on March 23, 1999, to the Department for an amendment to air operation permit 7770253-006-AO for its Portable Recyclable Asphalt Crusher which will be permitted to operate at 12955 40th Street North, Clearwater, Pinellas County and 6701 East Hanna Avenue, Tampa, Hillsborough County. The Department has permitting jurisdiction under the provisions of Chapter 403, Florida Statutes (F.S.), and Florida Administrative Code (F.A.C.) Chapters 62-4, 62-210, and 62-212. The above actions are not exempt from permitting procedures. The Department has determined that an amended air operation permit is required in order for the Portable Recyclable Asphalt Crusher to relocate to this site.

The Department intends to issue this amended air operation permit based on the belief that reasonable assurances have been provided to indicate that operation of these emission units will not adversely impact air quality, and the emission units will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296, and 62-297, F.A.C.

Pursuant to Section 403.815, F.S., and Rule 62-110.106(7)(a)1., F.A.C., you (the applicant) are required to publish at your own expense the enclosed "Public Notice of Intent to Issue Amended Air Operation Permit." The notice shall be published one time only in the legal advertisement section of a newspaper of general circulation in the area affected. Rule 62-110.106(7)(b), F.A.C., requires that the applicant cause the notice to be published as soon as possible after notification by the Department of its intended action. For the purpose of these rules, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031, F.S., in the county where the activity is to take place. If you are uncertain that a newspaper meets these requirements, please contact the Department at the address or telephone number listed below. The applicant shall provide proof of publication to the Department's Bureau of Air Regulation, at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400 (Telephone: 850/488-0114; Fax 850/ 922-6979). You must provide proof of publication within seven days of publication, pursuant to Rule 62-110.106(5), F.A.C. No permitting action for which published notice is required shall be granted until proof of publication of notice is made by furnishing a uniform affidavit in substantially the form prescribed in section 50.051, F.S. to the office of the Department issuing the permit. Failure to publish the notice and provide proof of publication may result in the denial of the permit pursuant to Rules 62-110.106(9) & (11), F.A.C.

The Department will issue the final permit amendment with the attached conditions unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of fourteen days from the date of publication of "Public Notice of Intent to Issue Air Permit." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

In addition to the above, a person subject to regulation has a right to apply for a variance from or waiver of the requirements of particular rules, on certain conditions, under Section 120.542 F.S. The relief provided by this state statute applies only to state rules, not statutes, and not to any federal regulatory requirements. Applying for a variance or waiver does not substitute or extend the time for filing a petition for an administrative hearing or exercising any other right that a person may have in relation to the action proposed in this notice of intent.

The application for a variance or waiver is made by filing a petition with the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. The petition must specify the following information: (a) The name, address, and telephone number of the petitioner; (b) The name, address, and telephone number of the attorney or qualified representative of the petitioner, if any; (c) Each rule or portion of a rule from which a variance or waiver is requested; (d) The citation to the statute underlying (implemented by) the rule identified in (c) above; (e) The type of action requested; (f) The specific facts that would justify a variance or waiver for the petitioner; (g) The reason why the variance or waiver would serve the purposes of the underlying statute (implemented by the rule); and (h) A statement whether the variance or waiver is permanent or temporary and, if temporary, a statement of the dates showing the duration of the variance or waiver requested.

The Department will grant a variance or waiver when the petition demonstrates both that the application of the rule would create a substantial hardship or violate principles of fairness, as each of those terms is defined in Section

120.542(2) F.S., and that the purpose of the underlying statute will be or has been achieved by other means by the petitioner.

Persons subject to regulation pursuant to any federally delegated or approved air program should be aware that Florida is specifically not authorized to issue variances or waivers from any requirements of any such federally delegated or approved program. The requirements of the program remain fully enforceable by the Administrator of the EPA and by any person under the Clean Air Act unless and until the Administrator separately approves any variance or waiver in accordance with the procedures of the federal program.

Executed in Tallahassee, Florida.

FILING AND ACKNOWLEDGMENT FILED, on this date, pursuant to §120.52, Florida Statutes, with the designated Department Clerk, receipt of which is hereby acknowledged.

 4/7/99
(Clerk) (Date)

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION**

Draft Permit Amendment No.: 7770253-007-AO
Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, Duval, St. Lucie, Orange, Palm Beach, Pasco, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 12955 40th Street North, Clearwater, Pinellas County, Florida, and at other sites in Pinellas County provided that proper notice is provided to the Department's Southwest District Office and the Pinellas County Department of Environmental Management. The amendment will also allow operation at 6701 East Hanna Avenue, Tampa, Hillsborough County, Florida, and at other sites in Hillsborough County as long as proper notice is provided to the Hillsborough County Environmental Protection Commission. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per hour crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed operation permit amendment is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Re: Draft Permit Amendment No. 7770253-007-AO
Portable Recyclable Asphalt Crusher

Dear Mr. Slade:

The Department has reviewed your letter dated March 17, 1999 requesting the referenced air permit for the portable recyclable asphalt crusher plant located at 4510 Glades Cut-Off Road, Fort Pierce, St. Lucie County, Florida, be amended to authorize operation at 12955 40th Street North, Clearwater, Pinellas County, Florida and 6701 East Hanna Avenue, Tampa, Hillsborough County. These requests are acceptable and permit No. 7770253-006-AO is amended as follows:

FROM

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyors, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL
4210 Old Dixie Hwy., Grant, Brevard County, FL
2600 State Road 60 W, Bartow, Polk County, FL
18300 Northwest 122 Ave., Medley, Dade County, FL
2501 Northwest 48th Street, Pompano Beach, Broward County, FL
1200 Elboc Way, Winter Garden, Orange County, FL
1050 Heckscher Drive, Jacksonville, Duval County, FL
2315 Marathon Road, Odessa, Pasco County, FL

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

TO

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyors, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

Permitted Counties:	Public Notice Valid Until:
95th Avenue, Royal Palm Beach, Palm Beach County, FL	December 9, 2000
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL	December 9, 2000?
4210 Old Dixie Hwy., Grant, Brevard County, FL	August 26, 2001
2600 State Road 60 W, Bartow, Polk County, FL	January 11, 2001
18300 Northwest 122 Ave., Medley, Dade County, FL	December 9, 2000?
2501 Northwest 48th Street, Pompano Beach, Broward County, FL	December 9, 2000?
1200 Elboc Way, Winter Garden, Orange County, FL	August 26, 2001
1050 Heckscher Drive, Jacksonville, Duval County, FL	February 24, 2004
2315 Marathon Road, Odessa, Pasco County, FL	February 22, 2004
12955 40 th Street North, Clearwater, Pinellas County, FL	5 years from date of publication
6701 East Hanna Avenue, Tampa, Hillsborough County, FL	5 years from date of publication

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the counties that the proposed new site(s) will be located in and obtaining an amendment for the facility's permit, to reflect the new site of operation.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

A copy of this letter shall be filed with permit No. 7770253-006-AO and shall become a condition of that permit.

Sincerely,

Howard L. Rhodes, Director,
Division of Air Resources Management

In the matter of an
Application for Permit by:

DEP File No. 7770253-004-AO
Portable Unit

Mr. Michael Slade
Executive Vice President
Ranger Construction Industries, Inc.
Post Office Box 15065
West Palm Beach, Florida 33416-5056

Enclosed is Operation Permit Number 7770253-004-AO for a portable recyclable asphalt crusher plant. This permit authorizes operation of this plant at specific sites in Brevard, Broward, Dade, St. Lucie, Palm Beach, and Polk Counties and, after completion of the public notice requirements and having the construction/operation permits amended, in other counties within Florida. This permit is issued pursuant to Section 403, Florida Statutes. The Department will not process your April 2, 1996, request to extend construction permit No. 7770253-002-AC for this unit.

Any party to this Order (permit) has the right to seek judicial review of the permit pursuant to Section 120.68, Florida Statutes, by filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 14 days from the date this Notice is filed with the Clerk of the Department.

Executed in Tallahassee, Florida.

Operation Permit Evaluation
Ranger Construction Industries, Inc.

Permit No. 7770253-004-AO

A construction permit was issued to Ranger Construction Industries, Inc., P.O. Box 15065, West Palm Beach, FL 33416-5065, for a portable 150 TPH Astec Recyclable Asphalt Crusher Plant on February 12, 1996. The permit is valid for specific sites in Brevard, Broward, Dade, Palm Beach, Polk, and St. Lucie Counties.

The permit limits visible emissions to 5 percent and 20 percent opacity from the crusher and diesel engine and the sulfur content of the diesel fuel to 0.5 percent. Compliance tests on the unit while it was operating in St. Lucie County showed visible emissions from the crusher at 0 percent opacity, visible emissions from the diesel engine at 9.2 percent opacity, and the sulfur content of the fuel at 0.37 percent. These results are in compliance with the permitted limits.

Based on these results, the Department has reasonable assurance that this unit is capable of operating in compliance with the permit restrictions and is entitled to a permit to operate.

PERMITTEE:
Ranger Construction Ind., Inc.
Post Office Box 15065
West Palm Beach, FL 33416-5065

Permit Number: 7770253-004-AO
Expiration Date: May 15, 2001
County: Mobile Operation
Project: Portable 150 TPH Astec
Recyclable Asphalt Crusher Plant

This permit is issued under the provisions of Chapter 403, Florida Statutes (F.S.), and Florida Administrative Code (F.A.C.) Chapters 62-210 through 62-297; and 62-4. The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawings, plans, and other documents attached hereto and specifically described as follows:

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyers, 402 hp Caterpillar diesel engine, and associated equipment.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL
4210 Old Dixie Hwy., Grant, Brevard County, FL
2600 State Road 60 W, Bartow, Polk County, FL
18300 Northwest 122 Ave., Medley, Dade County, FL
2501 Northwest 48th Street, Pompano Beach, Broward County, FL

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

Attachments are listed below:

1. Application received April 10, 1996

PERMITTEE:
Ranger Construction Ind., Inc.

Permit Number: 7770253-004-AO
Expiration Date: May 15, 2001

GENERAL CONDITIONS:

1. The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "Permit Conditions" and are binding and enforceable pursuant to Sections 403.161, 403.727, or 403.859 through 403.861, F.S. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.

2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.

3. As provided in Subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in the permit.

4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgement of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.

5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of F.S. and Department rules, unless specifically authorized by an order from the Department.

6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed or used by the permittee to achieve compliance with the conditions of this permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.

PERMITTEE:
Ranger Construction Ind., Inc.

Permit Number: 7770253-004-AO
Expiration Date: May 15, 2001

GENERAL CONDITIONS:

7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at a reasonable time, access to the premises, where the permitted activity is located or conducted to:

- a. Have access to and copy any records that must be kept under the conditions of the permit;
- b. Inspect the facility, equipment, practices, or operations regulated or required under this permit; and,
- c. Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- a. A description of and cause of non-compliance; and,
- b. The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the F.S. or Department rules, except where such use is prescribed by Sections 403.73 and 403.111, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

PERMITTEE:
Ranger Construction Ind., Inc.

Permit Number: 7770253-004-AO
Expiration Date: May 15, 2001

GENERAL CONDITIONS:

10. The permittee agrees to comply with changes in Department rules and F.S. after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by F.S. or Department rules.

11. This permit is transferable only upon Department approval in accordance with Rules 62-4.120, F.A.C., as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. The permittee shall comply with the following:

- a. Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
- b. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
- c. Records of monitoring information shall include:
 - the date, exact place, and time of sampling or measurements;
 - the person responsible for performing the sampling or measurements;
 - the dates analyses were performed;
 - the person responsible for performing the analyses;
 - the analytical techniques or methods used; and,
 - the results of such analyses.

PERMITTEE:
Ranger Construction Ind., Inc.

Permit Number: 7770253-004-AO
Expiration Date: May 15, 2001

GENERAL CONDITIONS:

14. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware that relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

SPECIFIC CONDITIONS:

1. The operation of this facility shall reasonably conform to the plan submitted in the application. No alterations shall be made to the facility that has the potential to increase air pollutant emissions without prior written approval from the Department's Bureau of Air Regulation.

2. The plant may operate up to 2,080 hrs/year. The permittee shall maintain a log showing the locations, dates, hours of operation, fuel consumption, fuel sulfur content (certified analysis from fuel supplier), water usage to control fugitive dust, and production of this plant. The maximum process feed rate to this plant shall be less than 150 TPH. Maximum diesel fuel consumption and sulfur content shall not exceed 14 GPH and 0.5 percent, respectively. The permittee shall provide a means of monitoring the fuel and feed rate to insure compliance with this requirement.

3. Visible emissions from the asphalt crusher plant shall not exceed 5% opacity.

4. Visible emissions from the diesel engine must be less than 20% opacity pursuant to Rule 62-296.310(2), F.A.C.

5. Compliance with Specific Conditions Nos. 3 and 4 shall be demonstrated using EPA Reference Method 9 as described in 40 CFR 60, Appendix A. Visible emissions tests (minimum of 30 minutes) shall be conducted annually, provided the plant operates at the same site for a year. Each time this plant moves to any of the other approved sites, a visible emissions test shall be conducted within 15 days of any such move and annually thereafter, provided the plant operates at this site for a year. Any water usage for dust control, at which compliance with the 5% visible emissions standard is demonstrated, shall be included on the test report.

6. The permittee shall provide a written notification at least 15 days prior to any compliance testing to the appropriate agency (Department District office and County Air Pollution Control Agency), in accordance with Rule 62-297.340(1), F.A.C.

PERMITTEE:
Ranger Construction Ind., Inc.

Permit Number: 7770253-004-AO
Expiration Date: May 15, 2001

SPECIFIC CONDITIONS:

7. This plant shall be allowed to operate throughout the State of Florida (all counties) provided:

- (a) At least 7-days prior to relocating the plant, the permittee shall notify the air program administrator for the Department's District and, if applicable, County Air Pollution Control Agency, of the approved site(s) that the plant may be operated at. The notification shall be on DEP Form 62-210.900(3), F.A.C. All potential operation sites may be shown on a USGS topographic map. Unless notified otherwise by an environmental agency, the plant may be relocated and operated at any approved site on the list.
- (b) The duration of emissions of this facility at the new location shall not exceed two years.
- (c) The applicant must obtain a "Notice of Intent" for each new location, if other than an approved site authorized by this permit, from the Department's Bureau of Air Regulation for publication in the legal ad section of a newspaper of general circulation in the area affected, in accordance with Rule 62-210.350, F.A.C. The applicant shall provide a certified copy of the proof of publication to the Department's Bureau of Air Regulation.
- (d) After the 14 day comment period has expired and if an administrative hearing has not been requested, the applicant shall obtain an amendment to the permit identifying the new location prior to beginning operation at the new location.
- (e) Only one public notice is required for operating at a specific location.
- (f) This plant shall not be operated in a location or in a manner that creates a nuisance.
- (g) Issuance of this permit does not relieve the permittee from complying with applicable emission limiting standards or other requirements of Chapter 62-296 and 62-297, F.A.C., or any other requirements under federal, state or local regulations.

8. Operation of this facility shall not cause, suffer, allow or permit the discharge of air pollutants which cause, or contribute to an objectionable odor. (Rule 62-296.320(2), F.A.C.)

9. The Department will require visible emissions tests at the crusher, screen, conveying system, and the truck loading stations when deemed necessary (Rule 62-297.340(2), F.A.C.).

PERMITTEE:
Ranger Construction Ind., Inc.

Permit Number: 7770253-004-AO
Expiration Date: May 15, 2001

SPECIFIC CONDITIONS:

10. Pursuant to Rule 62-296.310(3), F.A.C., the unconfined emissions of particulate matter from the operation of this plant shall be controlled by any of the following;

- (a) Keep unpaved roads, parking areas and yards moist at all times by applying water/dust suppressant as necessary.
- (b) Remove particulate matter from paved roads and maintain as necessary.
- (c) Maintain emission points as enclosed as possible and vent through an appropriate air pollution control device, if necessary, to meet the applicable emission standards.
- (d) Maintain vehicular speed at a maximum of 10 mph. Post signs, where applicable.
- (f) Plant vegetation or landscape on nontrafficked areas, where applicable.
- (g) Wet asphalt material being stored and processed when necessary.

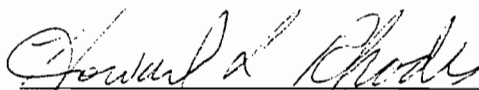

11. Minimize emissions at all times in a manner consistent with good air pollution control practice.

12. An application for an operation permit must be submitted to the Bureau of Air Regulation office at least 90 days prior to the expiration date of this permit. To properly apply for an operation permit, the applicant shall submit the appropriate application form, fee, any deviations from the conditions in the construction or operation permit, and compliance test reports as required by this permit (Rule 62-4.055 and 62-4.220, F.A.C.).

13. Submit to the Department's Bureau of Air Regulation for this plant for each calendar year, on or before March 1, an emission report for the preceding calendar year containing the following information pursuant to Section 403.061(13), F.S.; and Rule 62-210.370(2)(b), F.A.C.:

- (A) Annual amount of materials and/or fuels utilized.
- (B) Estimated annual emissions.
- (C) All emission test results obtained during the year.
- (D) Any changes in the information contained in the permit application.

Memorandum

Florida Department of
Environmental Protection

al

To: Howard Rhodes
Thru: Clair Fancy *clx*
A. A. Liner
From: Willard Hanks *whh*
Date: May 15, 1996
Subject: Issuance of an Operation Permit
Ranger Construction Industries, Inc.

Attached for your approval and signature is a permit to operate a portable recyclable asphalt crusher plant at sites in Brevard, Broward, Dade, Palm Beach, Polk, and St. Lucie Counties. Both construction and operation permits for mobile sources that operate in different districts are processed by the Bureau of Air Regulations.

The Division of Air Resources Management issued the permit to construct this unit on February 12, 1996. Compliance tests (visible emission tests) were conducted on the unit while it was operating in St. Lucie County. The test results, 0 percent opacity on the crusher and 9.2 percent opacity on the diesel engine, were in compliance with the permitted limits of 5 and 20 percent opacity respectively. Fuel analysis showed the sulfur content was below the permitted limit of 0.5 percent. Based on these test results, the Department has reasonable assurance that the unit can operate in compliance with the air regulations.

I recommend your approval and signature of the attached permit to operate.

Dear Mr. Hanks:

The above referenced construction permit requires that we file an application for our operating permit 90 days before the expiration date of this permit, July 1, 1996. To meet this deadline we must file the application by today, April 2. We are unable to do so because while we have conducted the visible emissions test as required by the construction permit, as yet we do not have the results of the test from the engineer. Under these circumstances, we are requesting that you grant us a 30 day extension until May 2, 1996 to file our application for operating permit.

Sincerely,

Amendment to Air Operation Permit for a relocatable asphalt crusher
Final Permit No. 7770253-006-AO

Attached is the Final amendment to an air permit for a relocatable asphalt crusher which is used at sites throughout Florida.

The permit amendment for this minor source is being processed by BAR because it is a relocatable unit that operates in different Districts. This facility was previously issued an operation permit which allowed statewide operation. This permit amendment is to allow the facility to operate in counties for which public notice requirements had not previously been met.

I recommend your approval and signature of the Final Permit Amendment.

Portable Recyclable Asphalt Crusher	

PS Form 3800, April 1995

FINAL DETERMINATION

Ranger Construction Industries, Inc.
Relocatable Asphalt Crusher

Permit No. 7770253-006-AO

An Intent to Issue an amended air operation permit for a relocatable asphalt crusher belonging to Ranger Construction Industries, Inc. was distributed on February 16, 1999. The Public Notice of Intent to Issue Amended Air Operation Permit was published in the Pasco Times on February 22, 1999, and the Florida Times-Union on February 24, 1999. These newspapers meet the general circulation requirements in Duval and Pasco counties. The facility will not be authorized to operate in other counties until the public notice requirements are met in the other counties and the permit is revised to authorize operation in the counties.

No comments were submitted by the general public in response to the public notice for this facility. In addition, no comments were submitted by the Department's district offices or any local agencies.

The final action of the Department will be to issue the permit amendment for the counties covered by the public notices.

Re: Final Permit Amendment No. 7770253-006-AO
Portable Recyclable Asphalt Crusher

Dear Mr. Slade:

The Department has reviewed your letter dated January 28, 1999 requesting the referenced air permit be amended to authorize operation of the portable recyclable asphalt crusher plant at 1050 Heckscher Drive, Jacksonville, Duval County, Florida. Authorization to operate at 2315 Marathon Road, Odessa, Pasco County, Florida was requested on February 15, 1999. These requests are acceptable and permit No. 7770253-006-AO is amended as follows:

FROM:

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyors, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL
4210 Old Dixie Hwy., Grant, Brevard County, FL
2600 State Road 60 W, Bartow, Polk County, FL
18300 Northwest 122 Ave., Medley, Dade County, FL
2501 Northwest 48th Street, Pompano Beach, Broward County, FL
1200 Elboc Way, Winter Garden, Orange County, FL

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the counties that the proposed new site(s) will be located in, and then obtaining an amendment to the facility's permit to reflect the new site of operation.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

A copy of this letter shall be filed with permit No. 7770253-005-AO and shall become a condition of that permit.

Sincerely,

for Howard L. Rhodes, Director,
Division of Air Resources Management

Re: Final Permit Amendment No. 7770253-006-AO
Portable Recyclable Asphalt Crusher

Dear Mr. Slade:

The Department has reviewed your letter dated January 28, 1999 requesting the referenced air permit be amended to authorize operation of the portable recyclable asphalt crusher plant at 1050 Heckscher Drive, Jacksonville, Duval County, Florida. Authorization to operate at 2315 Marathon Road, Odessa, Pasco County, Florida was requested on February 15, 1999. These requests are acceptable and permit No. 7770253-006-AO is amended as follows:

FROM

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyors, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL *exp. date Dec. 95 Dec. 2000*
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL *1 Dec 95* "
4210 Old Dixie Hwy., Grant, Brevard County, FL *1996* 2001 "
2600 State Road 60 W, Bartow, Polk County, FL *1996* "
18300 Northwest 122 Ave., Medley, Dade County, FL *1996* "
2501 Northwest 48th Street, Pompano Beach, Broward County, FL *1996* "
1200 Elbow Way, Winter Garden, Orange County, FL *1996* "

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

**BUREAU OF
AIR REGULATION**

**Subject: Ranger Construction Industries, Inc.
FDEP File Number 7770253-006-AO
Notice of Intent**

Dear Mr. Pollack:

Attached, please find the affidavits for the Public Notices published on February 24th, 1999 in the Florida Times Union and February 22nd, 1999 for Ranger Construction Industries, Inc. - Portable Crushing Operation to be located in Pasco and Duval Counties.

Should you receive any public comment regarding the issuance of the statewide permit for this operation, please inform us as to the nature of the comment(s) so we can resolve any problems that might arise.

Thank you for your cooperation in this matter. Should you have any questions or require any additional information to issue the permit for this facility, do not hesitate to contact our office.

Sincerely,

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED
AIR OPERATION PERMIT

STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

Drift Permit Amendment No. 7770213-00A-02 Ranney Construction Industries, Inc.
The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranney Construction Industries, Inc., 101 Januway Way, P.O. Box 15965, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Broward, Brevard, Duval, St. Johns, Orange, Palm Beach, and Volusia Counties. The amendment will allow the portable hydrocarbon engine to operate at 10500 Highway Drive, Jacksonville, Duval County, Florida, and at other sites in Duval County. The permit is provided to the Regulatory and Environmental Services Department. The amendment will also allow operation at 2515 American Road, Odessa, Palm Beach County, Florida, and at other sites in Palm Beach County to long as proper notice is provided to the Department's Southwest District Office. This amendment does not require a Best Available Control Technology (BACT) determination. (1) (2) (3) (4) (5) (6) (7) (8) (9) (10) (11) (12) (13) (14) (15) (16) (17) (18) (19) (20) (21) (22) (23) (24) (25) (26) (27) (28) (29) (30) (31) (32) (33) (34) (35) (36) (37) (38) (39) (40) (41) (42) LEGAL NOTICE

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION Draft Permit Amendment No.: 7770253-006-AO Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sandbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, St. Lucia, Orange, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1050 Heckscher Drive, Jacksonville, Duval County, Florida, and at other sites in Duval County as long as proper notice is provided to the Regulatory and Environmental Services Department. The amendment will also allow operation at 2315 Marathon Road, Odessa, Pasco County, Florida, and at other sites in Pasco County as long as proper notice is provided to the Department's Southwest District Office. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit of a 150 ton per hour crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt material being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.503(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.603(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of the person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28.106.205 of the Florida Administrative Code.

A petition that disputes the material facts upon which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact; if there are none, the petition must so indicate; (e) A concise statement of the ultimate fact alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interest will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Department of Environmental Protection Bureau of Air Regulation 111 S. Magnolia Drive, Suite 4 Tallahassee, Florida 32301 Telephone: 850/488-0114	Department of Environmental Protection Northeast District 7825 Baymeadow Way, Suite 200B Jacksonville, Florida 32256 Telephone: 904/448-4430
Regulatory and Environmental Services Department 117 W. Duval Street, Suite 225 Jacksonville, Florida 32202 Telephone: 904/630-3648	Department of Environmental Protection Southwest District 3804 Coconut Palm Drive Tampa, Florida 33619 Telephone: 813/744-6100

The complete project file includes the application, technical evaluations, construction permit operation permit, relocation notification, and the information submitted by the responsible official, exclusive of confidential records under Section 403.111, F.S. Interested persons may write to Jonathan Holton, P.E. at 2600 Blair Stone Road, Mail Station 5505, Tallahassee, Florida 32399-2400, or call 850/921-9531, for additional information.

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

Draft Permit Amendment No.: 7770253-006-AO
Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, St. Lucie, Orange, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1050 Heckscher Drive, Jacksonville, Duval County, Florida, and at other sites in Duval County provided that proper notice is provided to the Regulatory and Environmental Services Department. The amendment will also allow operation at 2315 Marathon Road, Odessa, Pasco County, Florida, and at other sites in Pasco County as long as proper notice is provided to the Department's Southwest District Office. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per ^{hour} ~~day~~ crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if

known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

P.O. Box 15065
West Palm Beach, Florida 33416-5056

Re: Permit No. 7770253-006-AC
Portable Recyclable Asphalt Crusher

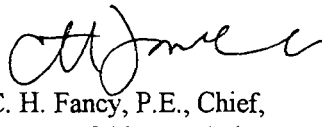

Dear Mr. Slade:

One copy of the Draft Amended Air Operation Permit for a portable recyclable asphalt crusher currently located at 4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, is enclosed. The permitting authority's "INTENT TO ISSUE AMENDED AIR OPERATION PERMIT" and the "PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT" are also included. This Draft Amended Air Operation Permit replaces the Draft Amended Air Operation Permit dated February 8, 1999.

The "Public Notice of Intent to Issue Amended Air Operation Permit" must be published one time only, as soon as possible, in the legal advertisement section of a newspaper of general circulation in the area affected, pursuant to the requirements Chapter 50, Florida Statutes. Proof of publication, i.e., newspaper affidavit, must be provided to the Department's Bureau of Air Regulation office within seven (7) days of publication. Failure to publish the notice and provide proof of publication may result in the denial of the permit amendment.

Please submit any written comments you wish to have considered concerning the Department's proposed action to Jonathan Holtom, P.E. at the above letterhead address. If you have any other questions, please contact Ross Pollock or Mr. Holtom at 850/488-0114.

Sincerely,

C. H. Fancy, P.E., Chief,
Bureau of Air Regulation

Portable Recyclable Asphalt Crusher
Relocation

INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

The Department of Environmental Protection (Department) gives notice of its intent to issue an amended air operation permit (copy of Draft Permit Amendment attached) for the proposed project, detailed in the Notification of Intent to Relocate specified above, for the reasons stated below.

The applicant, Ranger Construction Industries, Inc., applied on February 1, 1999, to the Department for an amendment to air operation permit 7770253-005-AO for its Portable Recyclable Asphalt Crusher which will be permitted to operate at 1050 Heckscher Drive, Jacksonville, Duval County and 2315 Marathon Road, Odessa, Pasco County. The Department has permitting jurisdiction under the provisions of Chapter 403, Florida Statutes (F.S.), and Florida Administrative Code (F.A.C.) Chapters 62-4, 62-210, and 62-212. The above actions are not exempt from permitting procedures. The Department has determined that an amended air operation permit is required in order for the Portable Recyclable Asphalt Crusher to relocate to this site.

The Department intends to issue this amended air operation permit based on the belief that reasonable assurances have been provided to indicate that operation of these emission units will not adversely impact air quality, and the emission units will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296, and 62-297, F.A.C.

Pursuant to Section 403.815, F.S., and Rule 62-110.106(7)(a)1., F.A.C., you (the applicant) are required to publish at your own expense the enclosed "Public Notice of Intent to Issue Amended Air Operation Permit." The notice shall be published one time only in the legal advertisement section of a newspaper of general circulation in the area affected. Rule 62-110.106(7)(b), F.A.C., requires that the applicant cause the notice to be published as soon as possible after notification by the Department of its intended action. For the purpose of these rules, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031, F.S., in the county where the activity is to take place. If you are uncertain that a newspaper meets these requirements, please contact the Department at the address or telephone number listed below. The applicant shall provide proof of publication to the Department's Bureau of Air Regulation, at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400 (Telephone: 850/488-0114; Fax 850/ 922-6979). You must provide proof of publication within seven days of publication, pursuant to Rule 62-110.106(5), F.A.C. No permitting action for which published notice is required shall be granted until proof of publication of notice is made by furnishing a uniform affidavit in substantially the form prescribed in section 50.051, F.S. to the office of the Department issuing the permit. Failure to publish the notice and provide proof of publication may result in the denial of the permit pursuant to Rules 62-110.106(9) & (11), F.A.C.

The Department will issue the final permit amendment with the attached conditions unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of fourteen days from the date of publication of "Public Notice of Intent to Issue Air Permit." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

In addition to the above, a person subject to regulation has a right to apply for a variance from or waiver of the requirements of particular rules, on certain conditions, under Section 120.542 F.S. The relief provided by this state statute applies only to state rules, not statutes, and not to any federal regulatory requirements. Applying for a variance or waiver does not substitute or extend the time for filing a petition for an administrative hearing or exercising any other right that a person may have in relation to the action proposed in this notice of intent.

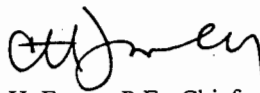

The application for a variance or waiver is made by filing a petition with the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. The petition must specify the following information: (a) The name, address, and telephone number of the petitioner; (b) The name, address, and telephone number of the attorney or qualified representative of the petitioner, if any; (c) Each rule or portion of a rule from which a variance or waiver is requested; (d) The citation to the statute underlying (implemented by) the rule identified in (c) above; (e) The type of action requested; (f) The specific facts that would justify a variance or waiver for the petitioner; (g) The reason why the variance or waiver would serve the purposes of the underlying statute (implemented by the rule); and (h) A statement whether the variance or waiver is permanent or temporary and, if temporary, a statement of the dates showing the duration of the variance or waiver requested.

The Department will grant a variance or waiver when the petition demonstrates both that the application of the rule would create a substantial hardship or violate principles of fairness, as each of those terms is defined in Section

120.542(2) F.S., and that the purpose of the underlying statute will be or has been achieved by other means by the petitioner.

Persons subject to regulation pursuant to any federally delegated or approved air program should be aware that Florida is specifically not authorized to issue variances or waivers from any requirements of any such federally delegated or approved program. The requirements of the program remain fully enforceable by the Administrator of the EPA and by any person under the Clean Air Act unless and until the Administrator separately approves any variance or waiver in accordance with the procedures of the federal program.

Executed in Tallahassee, Florida.

Re: Draft Permit Amendment No. 7770253-006-AC
Portable Recyclable Asphalt Crusher

Dear Mr. Slade:

The Department has reviewed your letter dated January 28, 1999 requesting the referenced air permit be amended to authorize operation of the portable recyclable asphalt crusher plant at 1050 Heckscher Drive, Jacksonville, Duval County, Florida. Authorization to operate at 2315 Marathon Road, Odessa, Pasco County, Florida was requested on February 15, 1999. These requests are acceptable and permit No. 7770253-006-AO is amended as follows:

FROM

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyors, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL
4210 Old Dixie Hwy., Grant, Brevard County, FL
2600 State Road 60 W, Bartow, Polk County, FL
18300 Northwest 122 Ave., Medley, Dade County, FL
2501 Northwest 48th Street, Pompano Beach, Broward County, FL
1200 Elboc Way, Winter Garden, Orange County, FL

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

"Protect, Conserve and Manage Florida's Environment and Natural Resources"

Mr. Michael Slade

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

Draft Permit Amendment No.: 7770253-006-AO
Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, St. Lucie, Orange, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1050 Heckscher Drive, Jacksonville, Duval County, Florida, and at other sites in Duval County provided that proper notice is provided to the Regulatory and Environmental Services Department. The amendment will also allow operation at 2315 Marathon Road, Odessa, Pasco County, Florida, and at other sites in Pasco County as long as proper notice is provided to the Department's Southwest District Office. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per ^{hour} ~~day~~ *RPP* crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if

known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

West Palm Beach, Florida 33416-5056

Re: Draft Permit Amendment No. 7770253-006-AC
Portable Recyclable Asphalt Crusher

Dear Mr. Slade:

The Department has reviewed your letter dated January 28, 1999 requesting the referenced air permit be amended to authorize operation of the portable recyclable asphalt crusher plant at 1050 Heckscher Drive, Jacksonville, Duval County, Florida. Authorization to operate at 2315 Marathon Road, Odessa, Pasco County, Florida was requested on February 15, 1999. These requests are acceptable and permit No. 7770253-006-AO is amended as follows:

FROM

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyors, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL
4210 Old Dixie Hwy., Grant, Brevard County, FL
2600 State Road 60 W, Bartow, Polk County, FL
18300 Northwest 122 Ave., Medley, Dade County, FL
2501 Northwest 48th Street, Pompano Beach, Broward County, FL
1200 Elboc Way, Winter Garden, Orange County, FL

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

"Protect, Conserve and Manage Florida's Environment and Natural Resources"

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

Draft Permit Amendment No.: 7770253-006-AO
Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, St. Lucie, Orange, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1050 Heckscher Drive, Jacksonville, Duval County, Florida, and at other sites in Duval County provided that proper notice is provided to the Regulatory and Environmental Services Department. The amendment will also allow operation at 2315 Marathon Road, Odessa, Pasco County, Florida, and at other sites in Pasco County as long as proper notice is provided to the Department's Southwest District Office. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per day crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if

known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Re: Permit No. 7770253-006-AC
Portable Recyclable Asphalt Crusher

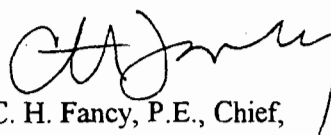

Dear Mr. Slade:

One copy of the Draft Amended Air Operation Permit for a portable recyclable asphalt crusher currently located at 4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, is enclosed. The permitting authority's "INTENT TO ISSUE AMENDED AIR OPERATION PERMIT" and the "PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT" are also included.

The "Public Notice of Intent to Issue Amended Air Operation Permit" must be published one time only, as soon as possible, in the legal advertisement section of a newspaper of general circulation in the area affected, pursuant to the requirements Chapter 50, Florida Statutes. Proof of publication, i.e., newspaper affidavit, must be provided to the Department's Bureau of Air Regulation office within seven (7) days of publication. Failure to publish the notice and provide proof of publication may result in the denial of the permit amendment.

Please submit any written comments you wish to have considered concerning the Department's proposed action to Jonathan Holtom, P.E. at the above letterhead address. If you have any other questions, please contact Ross Pollock or Mr. Holtom at 850/488-0114.

Sincerely,

C. H. Fancy, P.E., Chief,
Bureau of Air Regulation

DRAFT Permit No. 7770253-006-AO
Portable Recyclable Asphalt Crusher
Relocation

INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

The Department of Environmental Protection (Department) gives notice of its intent to issue an amended air operation permit (copy of Draft Permit Amendment attached) for the proposed project, detailed in the Notification of Intent to Relocate specified above, for the reasons stated below.

The applicant, Ranger Construction Industries, Inc., applied on February 1, 1999, to the Department for an amendment to air operation permit 7770253-005-AO for its Portable Recyclable Asphalt Crusher which will be relocated to 1050 Heckscher Drive, Jacksonville, Duval County. The Department has permitting jurisdiction under the provisions of Chapter 403, Florida Statutes (F.S.), and Florida Administrative Code (F.A.C.) Chapters 62-4, 62-210, and 62-212. The above actions are not exempt from permitting procedures. The Department has determined that an amended air operation permit is required in order for the Portable Recyclable Asphalt Crusher to relocate to this site.

The Department intends to issue this amended air operation permit based on the belief that reasonable assurances have been provided to indicate that operation of these emission units will not adversely impact air quality, and the emission units will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296, and 62-297, F.A.C.

Pursuant to Section 403.815, F.S., and Rule 62-110.106(7)(a)1., F.A.C., you (the applicant) are required to publish at your own expense the enclosed "Public Notice of Intent to Issue Amended Air Operation Permit." The notice shall be published one time only in the legal advertisement section of a newspaper of general circulation in the area affected. Rule 62-110.106(7)(b), F.A.C., requires that the applicant cause the notice to be published as soon as possible after notification by the Department of its intended action. For the purpose of these rules, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031, F.S., in the county where the activity is to take place. If you are uncertain that a newspaper meets these requirements, please contact the Department at the address or telephone number listed below. The applicant shall provide proof of publication to the Department's Bureau of Air Regulation, at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400 (Telephone: 850/488-0114; Fax 850/ 922-6979). You must provide proof of publication within seven days of publication, pursuant to Rule 62-110.106(5), F.A.C. No permitting action for which published notice is required shall be granted until proof of publication of notice is made by furnishing a uniform affidavit in substantially the form prescribed in section 50.051, F.S. to the office of the Department issuing the permit. Failure to publish the notice and provide proof of publication may result in the denial of the permit pursuant to Rules 62-110.106(9) & (11), F.A.C.

The Department will issue the final permit amendment with the attached conditions unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of fourteen days from the date of publication of "Public Notice of Intent to Issue Air Permit." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

In addition to the above, a person subject to regulation has a right to apply for a variance from or waiver of the requirements of particular rules, on certain conditions, under Section 120.542 F.S. The relief provided by this state statute applies only to state rules, not statutes, and not to any federal regulatory requirements. Applying for a variance or waiver does not substitute or extend the time for filing a petition for an administrative hearing or exercising any other right that a person may have in relation to the action proposed in this notice of intent.

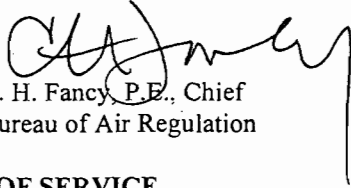

The application for a variance or waiver is made by filing a petition with the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. The petition must specify the following information: (a) The name, address, and telephone number of the petitioner; (b) The name, address, and telephone number of the attorney or qualified representative of the petitioner, if any; (c) Each rule or portion of a rule from which a variance or waiver is requested; (d) The citation to the statute underlying (implemented by) the rule identified in (c) above; (e) The type of action requested; (f) The specific facts that would justify a variance or waiver for the petitioner; (g) The reason why the variance or waiver would serve the purposes of the underlying statute (implemented by the rule); and (h) A statement whether the variance or waiver is permanent or temporary and, if temporary, a statement of the dates showing the duration of the variance or waiver requested.

The Department will grant a variance or waiver when the petition demonstrates both that the application of the rule would create a substantial hardship or violate principles of fairness, as each of those terms is defined in Section

120.542(2) F.S., and that the purpose of the underlying statute will be or has been achieved by other means by the petitioner.

Persons subject to regulation pursuant to any federally delegated or approved air program should be aware that Florida is specifically not authorized to issue variances or waivers from any requirements of any such federally delegated or approved program. The requirements of the program remain fully enforceable by the Administrator of the EPA and by any person under the Clean Air Act unless and until the Administrator separately approves any variance or waiver in accordance with the procedures of the federal program.

Executed in Tallahassee, Florida.

(Date)

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

Draft Permit Amendment No.: 7770253-006-AO
Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, St. Lucie, Orange, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1050 Heckscher Drive, Jacksonville, Duval County, Florida, and at other sites in Duval County provided that proper notice is provided to the Regulatory and Environmental Services Department. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per day crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the

proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

**Subject: Ranger Construction Industries, Inc.
Amendment to FDEP Operation Permit
New and Additional Location
FDEP Operation Permit No. 7770253-005-AO**

Dear Mr. Holtman:

Pursuant to our telephone conversation on Wednesday, January 27th, 1999 and as requested, please find enclosed two (2) copies of the "**Notification of Intent to Relocate - Air Pollutant Emitting Facility**" and the process fee check in the amount of two hundred and fifty dollars (\$ 250.00), for Ranger Construction Industries, Inc. - Portable Crushing and Aggregate Processing Unit.

We are requesting that the Florida Department of Environmental Protection (FDEP) Operation Permit for this facility be amended to reflect the additional address for the new Jacksonville location as well as all other locations now permitted.

Thank you for your prompt attention and cooperation in this matter. Should you have any further questions or require any additional information to amend the above referenced FDEP Operation Permit, do not hesitate to contact our office.

Sincerely,
Central Florida Testing Laboratories, Inc.

person may have to request an administrative determination (hearing) under Section 120.57, F.S.

The Petition shall contain the following information: (a) The name, address, and telephone number of each petitioner; the applicant's name and address, the Department Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by Petitioner, if any; (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application/request have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 60Q-2.010, Florida Administrative Code.

The complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

COR1109891 AUG.26,1996

STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION PUBLIC NOTICE OF INTENT TO ISSUE AIR OPERATION PERMIT AMENDMENT

DRAFT Permit Amendment
No. 7770253-005-AO
Ranger Construction Industries, Inc.
Portable Recyclable Asphalt Crusher

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc. 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida, 33416-5065. The unit is currently permitted to operate at specific sites in Brevard, Broward, Dade, St. Lucie, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1200 Elbow Way, Winter Garden, Orange County, Florida. This amendment does not require a Best Available Control (BACT) determination.

The unit consists of a 150 ton per day crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the FINAL Permit Amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the DRAFT Permit Amendment issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station 5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received results in a significant change in the DRAFT Permit Amendment, the Department will issue a Revised DRAFT Permit Amendment and require, if applicable, another Public Notice.

In addition, any person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000, within 14 days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such

Thru: Al Linero *Al Linero*
From: Willard Hanks
Date: August 16, 1996
Subject: Issuance of Intent to Amend Permit
Ranger Construction Industries, Inc.

Attached for your approval and signature is an Intent to amend an air operation permit for a portable recyclable asphalt crusher plant. The unit is currently permitted to operate at specific sites in Brevard, Broward, Dade, Palm Beach, Polk, and St. Lucie Counties. The amendment will authorize operation at a new site in Winter Garden.

I recommend your approval and signature of the attached intent to amend permit.

WH/t

DRAFT

Mr. Michael Slade
Page Two
September xx, 1996

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

TO

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyers, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL
4210 Old Dixie Hwy., Grant, Brevard County, FL
2600 State Road 60 W, Bartow, Polk County, FL
18300 Northwest 122 Ave., Medley, Dade County, FL
2501 Northwest 48th Street, Pompano Beach, Broward County, FL
1200 Elboc Way, Winter Garden, Orange County, FL

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

A copy of this letter shall be filed with permit No. 7770253-004-AO and shall become a condition of that permit.

Sincerely,

Howard L. Rhodes, Director
Division of Air Resources
Management

DEPARTMENT OF ENVIRONMENTAL PROTECTION

PUBLIC NOTICE OF INTENT TO ISSUE
AIR OPERATION PERMIT AMENDMENT

DRAFT Permit Amendment No. 7770253-005-AO

Ranger Construction Industries, Inc.
Portable Recyclable Asphalt Crusher

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P. O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at specific sites in Brevard, Broward, Dade, St. Lucie, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1200 Elboc Way, Winter Garden, Orange County, Florida. This amendment does not require a Best Available Control (BACT) determination.

The unit consists of a 150 ton per day crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the FINAL Permit Amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the DRAFT Permit Amendment issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station 5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received results in a significant change in the DRAFT Permit Amendment, the Department will issue a Revised DRAFT Permit Amendment and require, if applicable, another Public Notice.

In addition, any person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the

Bureau of Air Regulation

Intent to Issue
Page Two
Ranger Construction Industries, Inc.

Pursuant to Section 403.815, F.S., and Rule 62-103.150, F.A.C., you (the applicant) are required to publish at your own expense the enclosed "PUBLIC NOTICE OF INTENT TO ISSUE PERMIT AMENDMENT". The notice shall be published one time only within 30 days in the legal ad section of a newspaper of general circulation in the area affected. For the purpose of this rule, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031, F.S., in the county where the activity is to take place. The applicant shall provide proof of publication to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station 5505, Tallahassee, Florida 32399-2400, (Telephone: 904/488-1344; FAX 904/922-6979) within 7 (seven) days of publication. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the permit modification.

The Department will issue the FINAL Permit Amendment in accordance with the conditions of the enclosed DRAFT Permit Amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "PUBLIC NOTICE OF INTENT TO ISSUE PERMIT AMENDMENT". Written comments should be provided to the permitting authority office. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit Amendment the Department shall issue a Revised DRAFT Permit Amendment and require, if applicable, another Public Notice.

In addition, any person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, (Telephone: 904/488-9730; FAX 904/487-4938). Petitions filed by the permit applicant and the parties listed below must be filed within 14 days of receipt of this intent. Petitions filed by other persons must be filed within 14 days of publication of the public notice or within 14 days of their receipt of this intent, whichever first occurs. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such

INTENT TO ISSUE AIR PERMIT AMENDMENT

The Department of Environmental Protection gives notice of its intent to issue an air permit amendment (copy of DRAFT Permit Amendment enclosed) for the changes to the facility as detailed in the application specified above, for the reasons stated below.

The applicant, Ranger Construction Industries, Inc., applied on August 5, 1996, to the Department of Environmental Protection for a amendment to a previously issued air permit for their portable recyclable asphalt crusher plant. The requested amendment is to allow operation of this unit in Winter Garden, Orange County, Florida.

The Department has permitting jurisdiction under the provisions of Chapter 403, Florida Statutes (F.S.), and Chapters 62-4, 62-210 and 62-212, Florida Administrative Code (F.A.C.). This source amendment is not exempt from permitting procedures. The Department has determined that a permit amendment is required to operate the facility as proposed.

The Department intends to issue this Permit Amendment based on the belief that reasonable assurances have been provided to indicate that operation of the source will not adversely affect air quality, and the source will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-256, 62-257, 62-281, 62-296, and 62-297, F.A.C.

Is your RETURN ADDRESS completed on the reverse side?

SENDER:

- Complete items 1 and/or 2 for additional services.
- Complete items 3, and 4a & b.
- Print your name and address on the reverse of this form so that we can return this card to you.
- Attach this form to the front of the mailpiece, or on the back if space does not permit.
- Write "Return Receipt Requested" on the mailpiece below the article number.
- The Return Receipt will show to whom the article was delivered and the date delivered.

I also wish to receive the following services (for an extra fee):

Post Office Box 15065
West Palm Beach, Florida 33416-5056

Dear Mr. Slade:

Re: DRAFT Amendment of Permit
Permit No. 7770253-005-AO

Enclosed is one copy of the DRAFT Permit Amendment for the changes to the air permit for your portable recyclable asphalt crusher plant. The Intent to Issue and the "PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT AMENDMENT" are also included.

The "PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT AMENDMENT" must be published within 30 (thirty) days of receipt of this letter. Proof of publication, i.e., newspaper affidavit, must be provided to the Department's Bureau of Air Regulation office within 7 (seven) days of publication. Failure to publish the notice and provide proof of publication within the allotted time may result in denial of the permit.

Please submit any comments you may wish to have considered concerning the Department's proposed action to the Bureau of Air Regulation, New Source Review Section, at the above address. If you have any questions, please call Willard Hanks at (904) 488-1344.

Sincerely,

C. H. Fancy, P.E.

Date: September 5, 1996
Subject: Issuance of Permit Amendment (7770253-005-AO)
Ranger Construction Industries, Inc.

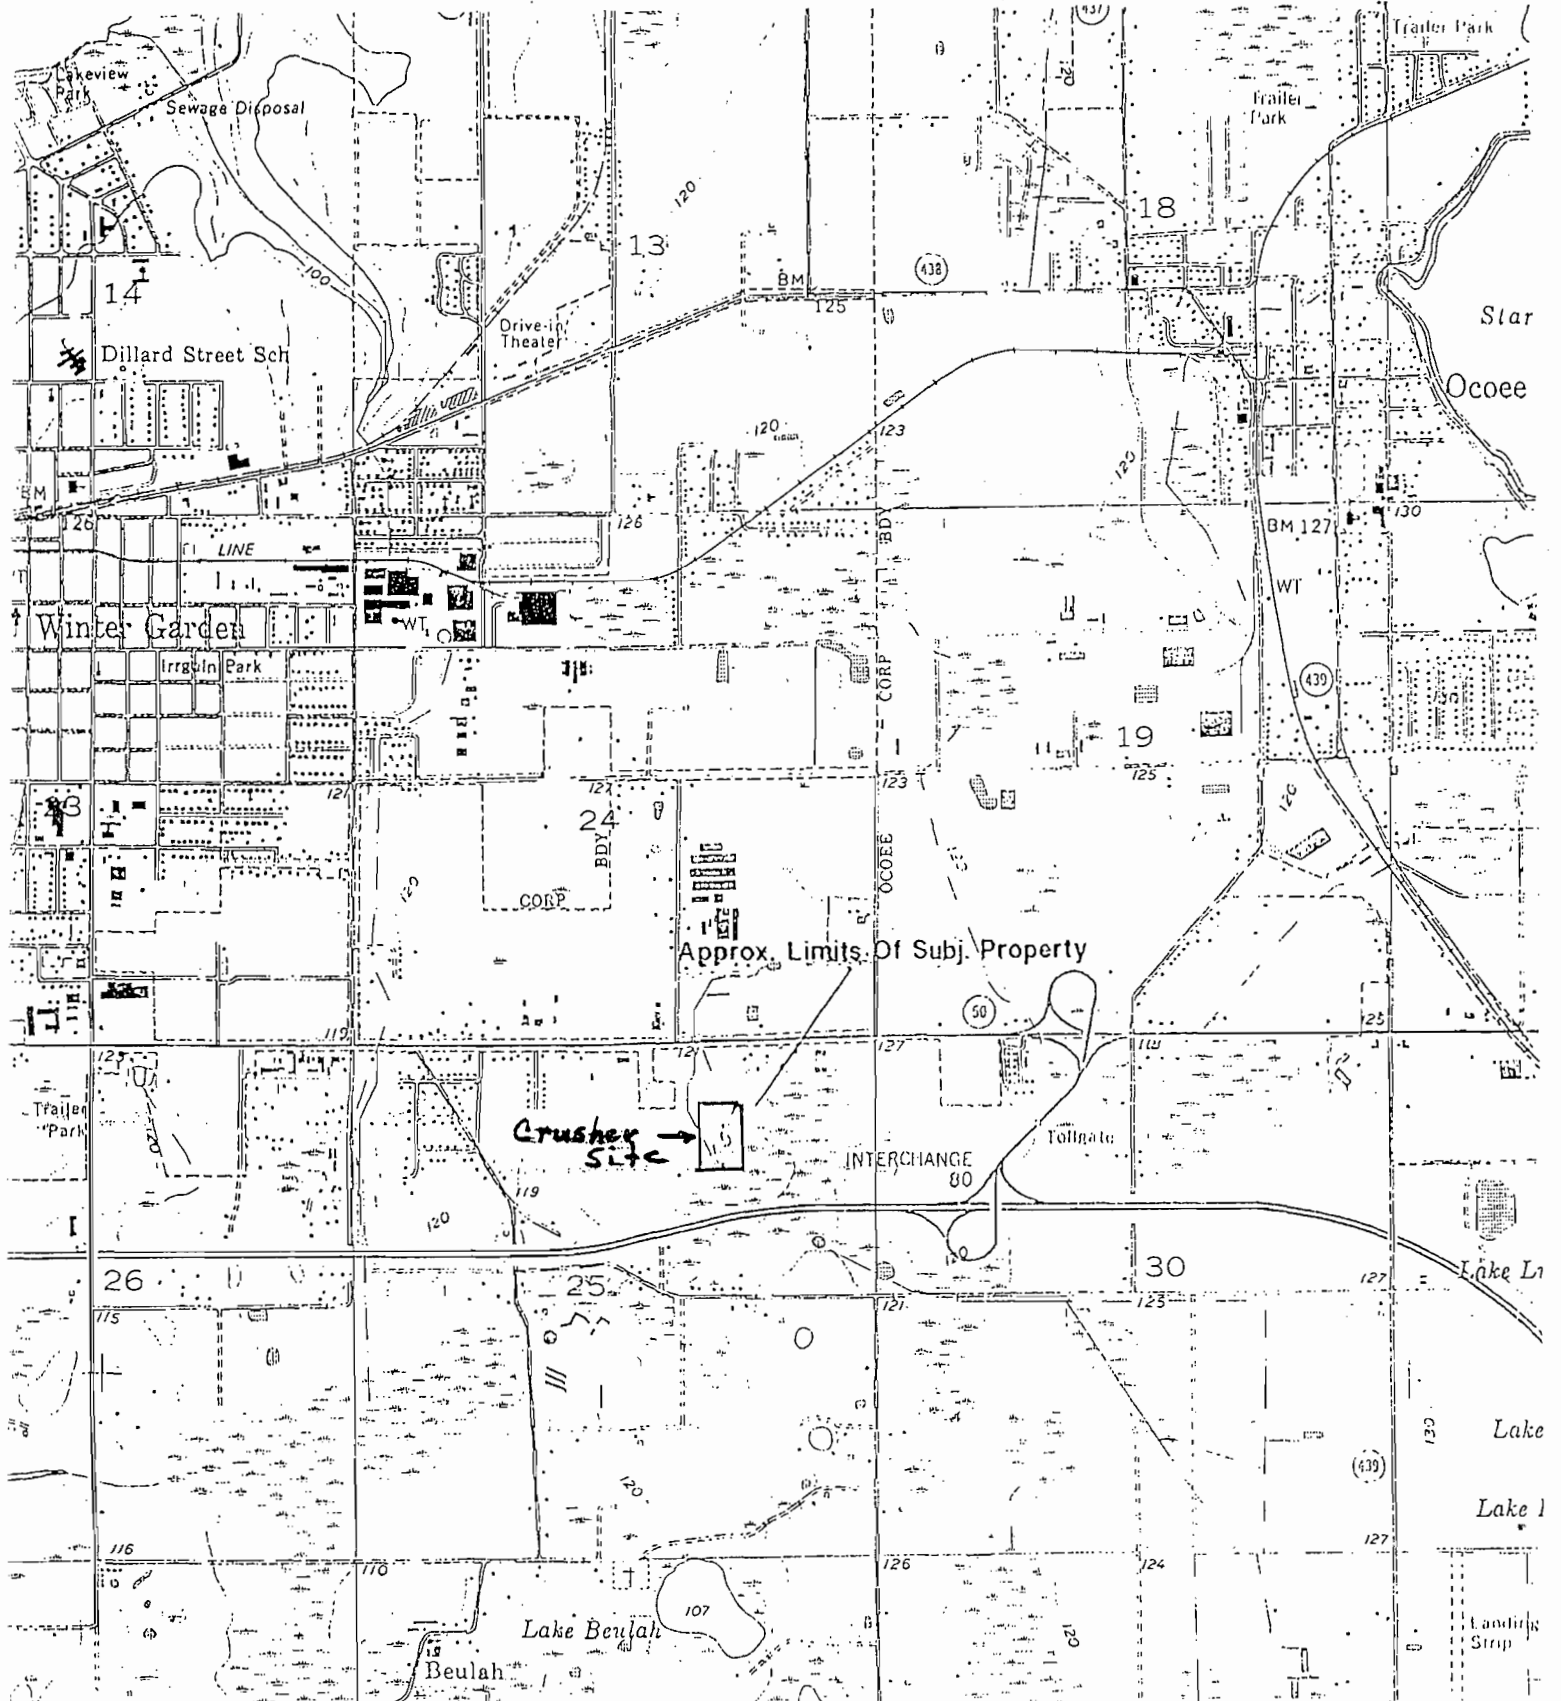

Attached for your approval and signature is a letter that will amend the permit to operate a portable recyclable asphalt crusher plant.

The plant, consisting of a crusher, screen, diesel engine, and associated conveyers, operates at existing asphalt plants. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, Palm Beach, Polk, and St. Lucie Counties. This amendment will allow it to operate at a site in Orange County.

No comments were submitted in response to the public notice for this amendment.

I recommend your approval and signature of the attached permit to operate.

Re: Permit Amendment No. 7770253-005-AO
Portable Recyclable Asphalt Crusher

The Department has reviewed your August 1 letter requesting the referenced air permit be amended to authorize operation of your portable recyclable asphalt crusher plant at 1200 Elboc Way, Winter Garden, Orange County, Florida. This request is acceptable and permit No. 7770253-005-AO is amended as follows:

FROM

Authorization to operate a portable Astec recyclable asphalt crusher plant (Model 45R, Serial No. 121M 5761) consisting of a 150 TPH crusher, Tyler screen, associated conveyers, 402 hp Caterpillar diesel engine, and associated equipment. Fugitive particulate matter emissions will be controlled by wetting the asphalt material being processed.

The plant is permitted to operate at:

95th Avenue, Royal Palm Beach, Palm Beach County, FL
4510 Glades Cut-Off Road, Ft. Pierce, St. Lucie County, FL
4210 Old Dixie Hwy., Grant, Brevard County, FL
2600 State Road 60 W, Bartow, Polk County, FL
18300 Northwest 122 Ave., Medley, Dade County, FL
2501 Northwest 48th Street, Pompano Beach, Broward County, FL

This plant may operate at other industrial and road/parking lot replacement sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit.

Mr. Michael Slade
Page Two
September 9, 1996

The plant shall be operated in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

TO

PUBLIC NOTICE OF INTENT TO ISSUE AMENDED AIR OPERATION PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Draft Permit Amendment No.: 7770253-006-AO
Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, St. Lucie, Orange, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1050 Heckscher Drive, Jacksonville, Duval County, Florida, and at other sites in Duval County as long as proper notice is provided to the Regulatory and Environmental Services Department. The amendment will also allow operation at 2315 Marathon Road, Odessa, Pasco County, Florida, and at other sites in Pasco County as long as proper notice is provided to the Department's Southwest District Office. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit of a 150 ton per hour crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt material being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before this deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of the person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interest will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

**PUBLIC NOTICE OF INTENT TO ISSUE AMENDED
AIR OPERATION PERMIT**

STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

Draft Permit Amendment No: 7770253-006-AO Ranger Construction Industries, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an amendment to the air operation permit for Ranger Construction Industries, Inc., 101 Sansbury's Way, P.O. Box 15065, West Palm Beach, Florida 33416-5065. The unit is currently permitted to operate at sites in Brevard, Broward, Dade, St. Lucie, Orange, Palm Beach, and Polk Counties. The amendment will allow the portable recyclable asphalt crusher facility to operate at 1050 Heckscher Drive, Jacksonville, Duval County, Florida, and at other sites in Duval County, provided that proper notice is provided to the Regulatory and Environmental Services Department. The amendment will also allow operation at 2315 Marathon Road, Odessa, Pasco County, Florida, and at other sites in Pasco County as long as proper notice is provided to the Department's Southwest District Office. This amendment does not require a Best Available Control Technology (BACT) determination.

The unit consists of a 150 ton per hour crusher, a screen, conveyors, a 402 hp diesel engine and associated equipment. Particulate matter emissions are controlled by wetting of asphalt materials being processed.

The Department will issue the final permit amendment unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of "Public Notice of Intent to Issue Air Operation Permit Amendment." Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station # 5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit amendment unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station # 35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number. If known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how, and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (f) A demand for relief.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

A copy of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
