

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF PERMIT

In the matter of an
Application for Permit by:

Mr. Terry Sorrell, General Manager
Complete Resources Company
4102 Main Street
Lakeland, Florida 33801

7770265
DER File No. AC29-266389
Mobile Operation

Enclosed is Permit Number AC29-266389 to construct a 150 TPH portable concrete crusher plant, issued pursuant to Section(s) 403, Florida Statutes. This permit replaces permit No. AC29-223724. The unit is authorized to operate in Polk and Hillsborough Counties. It may operate in other counties within Florida after completing the public notice requirements for the new location and after having this permit amended.

Any party to this Order (permit) has the right to seek judicial review of the permit pursuant to Section 120.68, Florida Statutes, by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date this Notice is filed with the Clerk of the Department.

Executed in Tallahassee, Florida.

Memorandum

**Florida Department of
Environmental Protection**

TO: Howard L. Rhodes
FROM: Clair Fancy
DATE: April 17, 1995
SUBJECT: Reissue of a Construction Permit
Complete Resources Company

Attached for your approval and signature is a construction permit for a portable concrete crusher plant. The permittee allowed the original construction permit to expire. They have submitted a new application requesting the construction permit be reissued.

The attached permit includes the original specific conditions along with two new ones. One new condition requires the permittee to submit a Notification of Relocation prior to moving the plant. The other one requires annual operation reports.

I recommend you approve the reissuance of this permit.

Final Determination

Complete Resources Company
Polk County
Lakeland, Florida

150 TPH Portable Concrete Crusher Plant
Permit No. AC 29-266389

Department of Environmental Regulation
Division of Air Resources Management
Bureau of Air Regulation

April 18, 1995

Final Determination

The Technical Evaluation and Preliminary Determination for the original permit to construct a 150 TPH portable concrete crusher plant for Complete Resources Company of 4102 Main Street, Lakeland, Florida 33801, was distributed on April 2, 1993. The Notice of Intent to Issue was published in the Tampa Tribune on April 5, 1993. The Notice stated that the unit will operate at locations in Polk and Hillsborough Counties. The public notice requirements will have to be satisfied and the permit amended prior to allowing Complete Resources Company to operate this plant in other counties. Copies of the evaluation were available for public inspection at the Department's offices in Tallahassee and Tampa and at the Environmental Protection Commission office in Tampa.

The original construction permit No. AC 29-223724 was issued for this facility on May 3, 1993. This permit expired on March 1, 1994, prior to the permittee obtaining a permit to operate.

In an application received by the Department on March 3, 1995, Complete Resources Company requested the permit to construct be reissued. The Department is reissuing the permit with added requirements for notification prior to relocating the facility and for submission of annual operation reports.

PERMITTEE:
Complete Resources Company
4102 Main Street
Lakeland, FL 33801

Permit Number: AC29-266389
Expiration Date: Jan. 2, 1996
County: Mobile Operations
Project: 150 TPH Portable
Concrete Crusher Facility

This permit is issued under the provisions of Chapter 403, Florida Statutes (F.S.), and Florida Administrative Code (F.A.C.) Chapters 62-210, 212, 272, 275, 196, and 297; and 62-4. The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawings, plans, and other documents attached hereto and specifically described as follows:

Authorization to construct a portable 150 TPH concrete crusher facility consisting of a 150 TPH Hazemag crusher, Tyler screen, associated conveyors, 725 hp caterpillar diesel engine, front end loader, and associated equipment with fugitive particulate matter emission controlled by water spray systems.

The facility is permitted to operate at 4102 Maine Avenue, Lakeland, Florida 33801. The UTM coordinates of this site are Zone 17, 413.4 km E and 3098.7 km N. Also, the facility is permitted to operate at 4101 Maritime Boulevard, Tampa, Florida. The UTM coordinates of this site are Zone 17, 358.5 km E and 3088.2 km N.

This source may operate at other industrial sites within Florida after completing the public notice requirements for the new site(s) and obtaining an amendment for the facility's permit(s).

The source shall be constructed in accordance with the permit application, plans, documents, amendments and drawings, except as otherwise noted in the General Specific Conditions. This permit replaces permit number AC29-223724.

Attachments are listed below:

1. Application received December 23, 1992.
2. Environmental Engineering Consultants, Inc. letter dated February 1, 1993.
3. Application received March 3, 1995.

PERMITTEE:
Complete Resources Company

Permit Number: AC29-266389
Expiration Date: Jan. 2, 1996

GENERAL CONDITIONS:

1. The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "Permit Conditions" and are binding and enforceable pursuant to Sections 403.161, 403.727, or 403.859 through 403.861, F.S. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in Subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in the permit.
4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgement of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of F.S. and Department rules, unless specifically authorized by an order from the Department.
6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed or used by the permittee to achieve compliance with the conditions of this permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.

PERMITTEE:
Complete Resources Company

Permit Number: AC29-266389
Expiration Date: Jan. 2, 1996

GENERAL CONDITIONS:

7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at a reasonable time, access to the premises, where the permitted activity is located or conducted to:

- a. Have access to and copy any records that must be kept under the conditions of the permit;
- b. Inspect the facility, equipment, practices, or operations regulated or required under this permit; and,
- c. Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- a. A description of and cause of non-compliance; and,
- b. The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the F.S. or Department rules, except where such use is prescribed by Sections 403.73 and 403.111, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

PERMITTEE:
Complete Resources Company

Permit Number: AC29-266389
Expiration Date: Jan. 2, 1996

GENERAL CONDITIONS:

10. The permittee agrees to comply with changes in Department rules and F.S. after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by F.S. or Department rules.

11. This permit is transferable only upon Department approval in accordance with Rules 62-4.120, F.A.C., as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. The permittee shall comply with the following:

- a. Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
- b. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
- c. Records of monitoring information shall include:
 - the date, exact place, and time of sampling or measurements;
 - the person responsible for performing the sampling or measurements;
 - the dates analyses were performed;
 - the person responsible for performing the analyses;
 - the analytical techniques or methods used; and,
 - the results of such analyses.

PERMITTEE:
Complete Resources Company

Permit Number: AC29-266389
Expiration Date: Jan. 2, 1996

GENERAL CONDITIONS:

14. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware that relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

SPECIFIC CONDITIONS:

1. The construction and operation of this facility shall reasonably conform to the plan submitted in the application. No alterations shall be made to the facility that has the potential to increase air pollutant emissions without prior written approval from the Department's Bureau of Air Regulation.
2. The plant may operate up to 2,912 hrs/year. The permittee shall maintain a log showing the locations, dates, hours of operation, water spray flow, and production of this plant. This source shall not operate at a process feed rate above 150 TPH. The permittee shall provide a means of monitoring the feed rate to insure compliance with this requirement.
3. Visible emissions from the concrete crushing plant shall not exceed 5% opacity pursuant to 40 CFR 60, Subpart 000.
4. Visible emissions from the diesel engine shall not exceed 20% opacity pursuant to Rule 62-296.310(2), F.A.C.
5. Compliance with Specific Conditions Nos. 3 and 4 shall be demonstrated using EPA Reference Method 9 as described in 40 CFR 60, Appendix A. Pursuant to 40 CFR 60.11, initial visible emissions tests shall be conducted for a minimum total time of three hours (30 six-minute averages). Such tests shall be conducted within 45 days of completion of construction and initial operation at a site in Florida. Visible emissions tests (minimum of 30 minutes) shall be conducted annually thereafter, provided the plant operates at the same site for a year. Each time this plant moves to any of the other approved sites, a visible emissions test shall be conducted within 15 days of any such move and annually thereafter, provided the plant operates at this site for a year. The water spray flow rate, at which compliance with the 5% visible emissions standard is demonstrated, shall be included on the tests report and incorporated in the operation permit.

PERMITTEE:
Complete Resources Company

Permit Number: AC29-266389
Expiration Date: Jan. 2, 1996

SPECIFIC CONDITIONS:

6. The permittee shall provide a written notification at least 15 days prior to any compliance testing to the appropriate agency (Department District office and County Air Pollution Control Agency), in accordance with Rule 62-297.340(1), F.A.C.

7. This plant shall be allowed to operate throughout the State of Florida (all counties) provided:

- (a) At least 7-days prior to relocating the plant, the permittee shall notify the air program administrator for the Department's District and, if applicable, County Air Pollution Control Agency, along with the Bureau of Air Regulation, all potential sites that the plant may be operated during the next 30 days. The notification will be on DEP Form 62-210.900(3), F.A.C. All potential construction sites may be shown on a USGS topographic map. Unless notified otherwise by an environmental agency, the plant may be relocated and operated at any site on the list.
- (b) The duration of emissions of this facility at the new location would not exceed two years.
- (c) The applicant must obtain a "Notice of Intent to Issue" for each new location, if other than an approved site, authorized by this permit or an amendment to this permit from the Department's Bureau of Air Regulation for publication in the legal ad section of a newspaper of general circulation in the area affected, in accordance with Rule 62-210.350, F.A.C. The applicant shall provide a certified copy of the proof of publication to the applicable district and County Air Pollution Control Program and to the Department's Bureau of Air Regulation within seven days of publication.
- (d) After the 14 day comment period has expired and if an administrative hearing has not been requested, the applicant shall obtain an amendment to the permit identifying the new location and the duration of operation prior to beginning operation at the new location.
- (e) Only one public notice is required for operating at a specific location. The permittee must give at least 7 days notice to the appropriate County Air Pollution Control Program, Department district office, and the Bureau of Air Regulation prior to relocating the plant to any other location pursuant to Rule 62-210.900(3), F.A.C. The permittee shall identify the new location and duration of operation in the notice.

PERMITTEE:
Complete Resources Company

Permit Number: AC29-266389
Expiration Date: Jan. 2, 1996

SPECIFIC CONDITIONS:

- (f) This plant shall not be operated in a location or in a manner that creates a nuisance.
 - (g) Issuance of this permit does not relieve the permittee from complying with applicable emission limiting standards or other requirements of Chapter 62-296 and 62-297, F.A.C., or any other requirements under federal, state or local regulations.
8. Operation of this facility shall not cause, suffer, allow or permit the discharge of air pollutants which cause, or contribute to an objectionable odor. (Rule 62-296.320(2), F.A.C.)
9. The Department will require visible emissions tests at the capture system, conveying system, or the enclosed truck loading stations as contained in Rule 62-297.340(2), F.A.C., when deemed necessary.
10. Pursuant to Rule 62-296.310(3), F.A.C., the unconfined emissions of particulate matter shall comply with the following;
- (a) Keep unpaved roads, parking areas and yards moist at all times by applying water/dust suppressant as necessary.
 - (b) Remove particulate matter from paved roads and maintain as necessary.
 - (c) Maintain emission points as enclosed as possible and vent through an appropriate air pollution control device, if necessary, to meet the applicable emission standards.
 - (d) Maintain vehicular speed at a maximum of 10 mph. Post signs, where applicable.
 - (f) Plant vegetation or landscape on nontrafficked areas, where applicable.
11. Minimize emissions at all times in a manner consistent with good air pollution control practice as referenced in 40 CFR 60.11(d), including periods or startup, shutdown, and malfunction.
12. The permittee, for good cause, may request that this construction permit be extended. Such a request shall be submitted to the Bureau of Air Regulation prior to 60 days before the expiration of the permit (62-4.090, F.A.C.).
13. An application for an operation permit must be submitted to the Bureau of Air Regulation office at least 90 days prior to the expiration date of this construction permit. To properly apply for an operation permit, the applicant shall submit the appropriate application form, fee certification that construction

PERMITTEE:
Complete Resources Company
SPECIFIC CONDITIONS:

Permit Number: AC29-266389
Expiration Date: Jan. 2, 1996

was completed noting any deviations from the conditions in the construction permit, and compliance test reports as required by this permit (62-4.055 and 62-4.220, F.A.C.).

14. Submit to the Department's Bureau of Air Regulation for this plant for each calendar year, on or before March 1, and emission report for the preceding calendar year containing the following information pursuant to Section 403.061(13), F.S.; and Rule 62-210.370(2)(b), F.A.C.:

- (A) Annual amount of materials and/or fuels utilized.
- (B) Estimated annual emissions.
- (C) Any emission test reports.
- (D) Any changes in the information contained in the permit application.
