Dear Mr. Ammon:

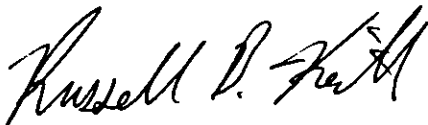

Attached, please find a copy of the annual visible emissions compliance test performed on the Rex relocatable concrete batch plant currently operated at JIA by John Carlo, Inc.

As the test results show, the collection system is functioning properly. There were no visible emissions observed nor objectionable odors detected during the testing period.

For your convenience, I have forwarded a copy of this test to the City of Jacksonville Regulatory and Environmental Services Department to show compliance with your operation permit.

Thank you once again for this opportunity to be of service. Should you have any questions or if we can be of any further assistance, do not hesitate to contact our office.
