PUBLIC NOTICE OF INTENT TO
ISSUE AIR CONSTRUCTION PERMITS

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL
PROTECTION

DRAFT Permit Nos.: 7775036-002-AC,
7775037-002-AC, and 7775038-002-AC
Portable Crushers

The Department of Environmental Protection (Department) gives notice of its intent to issue air
construction permits to Mullinks Construction Company, Inc. for three diesel engine powered
portable concrete and asphalt material crushers that will be operated at construction and industrial
sites throughout Florida. Each crusher is a minor source of air pollution and not subject to the
Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, F.A.C. A Best Available
Control Technology determination was not required for the units. The applicant's name and address
are: Mullinks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The applicant proposes to construct and operate three portable concrete and asphalt crushers
powered by diesel engines at construction and industrial sites in counties in Florida that this notice
appear in. The units will emit particulate matter and the products of combustion from the diesel fuel.

Pollutant	Maximum emissions of pollutants from the largest unit are estimated to be: Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate matter (PM/PM10)	36.7	36.7
Nitrogen Oxides (NOx)	12.5	12.5
Carbon Monoxide (CO)	2.7	2.7
Sulfur dioxide (SO2)	1.4	1.4
Volatile Organic Compounds (VOC)	1.0	1.0

The units are not expected to cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permits, in accordance with the conditions of the DRAFT
Permits unless a response received in accordance with the following procedures results in a different
decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permits issuance
actions for a period of 14 (fourteen) days from the date of publication of this Notice. Written
comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road,
Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made
available for public inspection. If written comments received result in a significant change in these
DRAFT Permits, the Department shall issue Revised DRAFT Permits and require, if applicable,
another Public Notice.

A person whose substantial interests are affected by the Department's proposed permitting decision
may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The
petition must contain the information set forth below and must be filed (received) in the Office of
General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee,
Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within
fourteen days of publication of the public notice or within fourteen days of receipt of this notice of
intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the
address indicated above, at the time of filing. The failure of any person to file a petition (or a request
for mediation, as discussed below) within the appropriate time period shall constitute a
waiver of that person's right to request an administrative determination (hearing) under Sections
120.569 and 120.57 F.S., or to intervene in this notices proceeding and participate as a party to it. Any
subsequent intervention will be only at the approval of the presiding officer upon the filing of a
motion in compliance with Rule 28-5.207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, and telephone number of
each petitioner, the applicant's name and address, the Permit File Numbers and the county in which
the project is proposed; (b) A statement of how and when each petitioner received notice of the
Department's action or proposed action; (c) A statement of how each petitioner's substantial interests
are affected by the Department's action or proposed action; (d) A statement of the material facts
disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant
reversal or modification of the Department's action or proposed action; (f) A statement identifying
the rules or statutes that the petitioner contends require reversal or modification of the Department's
action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely
the action that the petitioner wants the Department to take with respect to the Department's action
or proposed action addressed in this notices notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of
a petition means that the Department's final action may be different from the position taken by it in
this notices notice of intent. Persons whose substantial interests will be affected by any such final
decision of the Department on the application have the right to petition to become a party to the
proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to
5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION PERMITS

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
DRAFT Permit Nos.: 7775038-002-AC, 7775037-002-AC, and 7775038-002-AC

Portable Crushers

The Department of Environmental Protection (Department) gives notice of its intent to issue air construction permits to Multitex Construction Company, Inc. for three diesel engine powered portable concrete and asphalt material crushers that will be operated at construction and industrial sites throughout Florida. Each crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, F.A.C. A Best Available Control Technology determination was not required for the units. The applicant's name and address are: Multitex Construction Company, Inc., 5937 Social Drive, Jacksonville, Florida 32210.

The applicant proposes to construct and operate three portable concrete and asphalt crushers powered by diesel engines at construction and industrial sites to counties in Florida that the notices appear in. The units will emit particulate matter and the products of combustion from the diesel fuel. Maximum emissions of pollutants from the largest unit are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate matter (PM10)	36.7	36.7
Nitrogen Oxides (NOx)	12.5	12.5
Carbon Monoxide (CO)	2.7	2.7
Sulfur dioxide (SO2)	1.4	1.4
Volatile Organic Compounds (VOC)	1.0	1.0

The units are not expected to cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permits, in accordance with the conditions of the DRAFT Permits unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permits issuance actions for a period of 14 (fourteen) days from the date of publication of the Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2500 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32309-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in these DRAFT Permits, the Department shall issue Revised DRAFT Permits and require, if applicable, another Public Notice.

The Department will issue the FINAL Permits with the conditions of the DRAFT Permits unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3600 Commissioner Boulevard, Mail Station 435, Tallahassee, Florida 32309-3000, telephone: 904/498-6370, fax: 904/497-8928. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition (or a request for mediation, as discussed below) within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57 F.S., or to intervene in the proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-6.207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner; the applicant; the Permit File Number; and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in the notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT
TO ISSUE AIR
CONSTRUCTION PERMITS
STATE OF FLORIDA
DEPARTMENT OF
ENVIRONMENTAL
PROTECTION

DRAFT Permit Nos: 7770036-002-AC, 7775037-002-AC, and 7776038-002-AC
Portable Crushers

The Department of Environmental Protection (Department) gives notice of its intent to issue air construction permits to Mullinikes Construction Company, Inc. for three diesel engine powered portable concrete and asphalt material crushers that will be operated at construction and industrial sites throughout Florida. Each crusher is a major source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, F.A.C. A Best Available Control Technology determination was not required for the units. The applicant's name and address are: Mullinikes Construction Company, Inc. 5837 Soutel Drive, Jacksonville, Florida 32219

The applicant proposes to construct and operate three portable concrete and asphalt crushers powered by diesel engines at construction and industrial sites in counties in Florida that the notice appears in. The units will emit particulate matter and the products of combustion from the diesel fuel.

Maximum emissions of pollutants from the largest unit are estimated to be:

Pollutant	Hourly Emissions (pounds per hour)	Annual Emissions (tons per year)
Particulate matter (PM/PM10)	36.7, 36.7	12.5, 12.5
Nitrogen Oxides (NOx)	2.7, 2.7	1.4, 1.4
Carbon Monoxide (CO)	1.0, 1.0	1.0, 1.0
Sulfur dioxide (SO2)	1.4, 1.4	1.0, 1.0
Volatile Organic Compounds (VOC)	1.0, 1.0	1.0, 1.0

The units are not expected to cause or contribute to any violation of an ambient air quality

standard. The Department will issue the FINAL Permits in accordance with the conditions of the DRAFT Permits unless a response received in accordance with the following procedure results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permits issuance actions for a period of 14 (fourteen) days from the date of publication of the Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2800 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32309-2400. Any written comments filed shall be made available for public inspection if written comments received result in a significant change in these DRAFT Permits, the Department shall issue revised DRAFT Permits and require, if applicable, another Public Notice.

The Department will issue the FINAL Permits with the conditions of the DRAFT Permits unless a timely petition for an administrative hearing is filed pursuant to Sections 120.568 and 120.57 F.S. Mediation is not available for the action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.568 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Office of the General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #26, Tallahassee, Florida 32399-3000, telephone: 850/488-8370, fax: 850/487-4936. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of the notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition (or a request for mediation, as discussed below) within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.568 and 120.57 F.S., or to intervene in the proceeding and participate as a party to it.

Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code. A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or pro-

posed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the action taken by it in the notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 9:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

 DRAFT permit Nos.: 7775036-002AC, 7775037-002AC, and 7775038-002AC
 Portable Crushers

The Department of Environmental Protection (Department) gives notice of its intent to issue air construction permits to Mullinix Construction Company, Inc. for three diesel engine powered portable concrete and asphalt material crushers that will be operated at construction and industrial sites throughout Florida. Each crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62.212.400, F.A.C. A best Available Control Technology determination was not required for the units. The applicant's name and address are: Mullinix Construction Company, Inc., 5937 Soule Drive, Jacksonville, Florida 32219.

The applicant proposes to construct and operate three portable concrete and asphalt crushers powered by diesel engines at construction and industrial sites in counties in Florida that this notice appears in. The units will emit particulate matter and the products of combustion from the diesel fuel.

Maximum emissions of pollutants from the largest unit are estimated to be:

Pollutant	Hourly Emissions Pounds per hour	Annual Emissions tons per year
Particulate Matter (PM/PM 36)	36.7	36.7
Nitrogen Oxide (NO ₂)	12.5	12.5
Carbon Monoxide (CO)	2.7	2.7
Sulfur Dioxide (SO ₂)	1.4	1.4
Volatile Organic Compounds (VOC)	1.0	1.0

The units are not expected to cause or contribute to any violation of an ambient air quality standard. The Department will issue the FINAL Permits, in accordance with the conditions of the DRAFT permits unless a response received in accordance with the following procedures result in a different decision or significant change of terms or condition.

The Department will accept written comments concerning the proposed DRAFT Permits issuance actions for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments result in a significant change in these DRAFT permits, the Department shall issue Revised DRAFT Permits and require, if applicable another Public Notice.

The Department will issue the FINAL Permits with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition for a request for mediation, as discussed below within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Section 120.569 and 120.57 F.S., or to intervene in the proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION PERMITS
 STATE OF FLORIDA
 DEPARTMENT OF ENVIRONMENTAL PROTECTION
 DRAFT Permit Nos.: 7773036-002-AC, 7773037-002-AC, and 7773038-002-AC
 Portable Crushers

The Department of Environmental Protection (Department) gives notice of its intent to issue air construction permits to Mulliniks Construction Company, Inc. for three diesel engine powered portable concrete and asphalt material crushers that will be operated at construction and industrial sites throughout Florida. Each crusher is a major source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, F.A.C. A Best Available Control Technology determination was not required for the units. The applicant's name and address are Mulliniks Construction Company, Inc., 9937 Seawall Drive, Jacksonville, Florida 32219.

The applicant proposes to construct and operate three portable concrete and asphalt crushers powered by diesel engines at construction and industrial sites in counties in Florida that this notice appears in. The units will emit particulate matter and the products of combustion from the diesel fuel.

Maximum emissions of pollutants from the largest unit are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate matter (PM/FM10)	36.7	36.7
Nitrogen Oxides (NOx)	12.5	12.5
Carbon Monoxide (CO)	2.7	2.7
Sulfur dioxide (SO2)	1.4	1.4
Volatile Organic Compounds (VOC)	1.0	1.0

The units are not expected to cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permits, in accordance with the conditions of the DRAFT Permits unless a response is received by the following procedure results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance actions for a period of 14 (fourteen) days from the date of publication of this notice. Written comments should be provided to the Department's Bureau of Air Regulation, 3400 Blair Stone Road, Mail Station # 5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in these DRAFT Permits, the Department shall issue Revised DRAFT Permits and require, if applicable, another Public Notice.

The Department will issue the FINAL Permits with the conditions of the DRAFT Permits unless a timely petition for an administrative hearing is filed pursuant to Sections 120.549 and 120.57 F.S. Modification is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The petition contains the information set forth below and must be filed (presented) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station # 33, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4926. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of the notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition (or a request for mediation, as discussed below) within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the discretion of the Department's office upon the filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code.

A petitioner must contain the following information: (a) The name, address, and telephone number of each petitioner; the respective name and address, the Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the relief or states that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION PERMITS STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
 DRAFT Permit Nos.: 7773024-002-AC, 7773037-002-AC and 7775038-002-AC
 Portable Crushers

The Department of Environmental Protection (Department) gives notice of its intent to issue air construction permits to Mullinix Construction Company, Inc. for three diesel engine powered portable concrete and asphalt material crushers that will be operated at construction and industrial sites throughout Florida. Each crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, F.A.C. A Best Available Control Technology determination was not required for the units. The applicant's name and address are: Mullinix Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The applicant proposes to construct and operate three portable concrete and asphalt crushers powered by diesel engines of construction and industrial sites in counties in Florida that this notice appears in. The units will emit particulate matter and the products of combustion from the diesel fuel.

Maximum emissions of pollutants from the largest unit are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate matter(PM/PM10)	36.7	36.7
Nitrogen Oxides (NOx)	12.5	12.5
Carbon Monoxide (CO)	2.7	2.7
Sulfur dioxide (SO ₂)	1.4	1.4
Volatile Organic Compounds (VOC)	1.0	1.0

The units are not expected to cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permits, in accordance with the conditions of the DRAFT Permits unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permits issuance actions for a period of 14 (fourteen) days from the date of publication of this notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2400 Blair Stone Road, Moll Station #2305, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in these DRAFT Permits, the Department shall issue Revised DRAFT Permits and require, if applicable, another Public Notice.

The Department will issue the FINAL Permits with the conditions of the DRAFT Permits unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial

A petition must contain the following information: (a) The name, address and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:30 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION PERMITS

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
DRAFT Permits
7775036-002-AC, 7775037-002-AC, and 7775038-002-AC
Portable Crushers

The Department of Environmental Protection (Department) gives notice of its intent to issue air construction permits to Mulliniks Construction Company, Inc. for three diesel engine powered portable concrete and asphalt material crushers that will be operated at construction and industrial sites throughout Florida. Each crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, F.A.C. A Best Available Control Technology determination was not required for the units. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The applicant proposes to construct and operate three portable concrete and asphalt crushers powered by diesel engines at construction and industrial sites in counties in Florida that this notice appear in. The units will emit particulate matter and the products of combustion from the diesel fuel.

Maximum emissions of pollutants from the largest unit are estimated to be:

Pollutant	Hourly Emissions pounds per hour (PM/PM10)	Annual Emissions tons per year
Particulate matter (PM/PM10)	36.7	36.7
Nitrogen Oxides (NOx)	12.5	12.5
Carbon Monoxide (CO)	2.7	2.7
Sulfide dioxide (SO2)	1.4	1.4
Volatile Organic Compounds (VOC)	1.0	1.0

The units are not expected to cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permits, in accordance with the conditions of the DRAFT Permits unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permits issuance actions for a period of 14 (fourteen) days from the date of publication of this notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in these DRAFT Permits, the Department shall issue Revised DRAFT Permits and require, if applicable, another Public Notice.

The Department will issue the FINAL Permits with the conditions of the DRAFT Permits unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition (or a request for mediation, as discussed below) within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code.

A petition must contain the following information:

- The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed;
- A statement of how and when each petitioner received notice of the Department's action or proposed action;
- A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- A statement of the material facts disputed by petitioner, if any;
- A statement of facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action;
- A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and
- A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on
