**Re: Publication of Notice of Intent to Issue Permit for Anderson Columbia
Company, Inc., Portable Crusher, Permit No. 7775042-002-AO**

Dear Mr. Linero:

Please find enclosed proof of publication of the Florida Department of Environmental Protection Notice of Intent to Issue Air Permit Amendment for the above referenced facility. This amendment will allow operation of the facility in Liberty and Wakulla Counties in addition to those counties previously permitted. Please call me at (904) 755-1196 if you have any questions or require any additional information.

Sincerely,

ANDERSON COLUMBIA COMPANY, INC.

LAKE CITY FL 32055

The Department of Environmental Protection (Department) gives notice
of its intent to issue an air permit amendment to Anderson Columbia, Inc.
for a diesel engine powered portable concrete and asphalt material crusher
that will be operated at construction and industrial sites throughout
Florida. The facility is permitted to operate in various counties throughout
the state. The amendment will authorize operation of the facility in Liberty
and Wakulla Counties. The crusher is a minor source of air pollution and
not subject to the Prevention of Significant Deterioration (PSD)
regulations, Rule 62-212.400, F.A.C. A Best Available Control Technology
determination was not required for this unit. The applicants name and
address are: Anderson Columbia, Inc., P.O. Box 1829, Lake City, Florida
32056.

The applicant proposes to operate a portable concrete and asphalt
crusher powered by a diesel engine at construction and industrial sites in
counties in Florida where this notice is published. The unit will emit
particulate matter and the produces of combustion from the diesel fuel.

Total emissions of pollutants are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate matter(PM/PM10)	5.1	5.1
Nitrogen Oxides (NOx)	12.4	12.4
Carbon Monoxide (CO)	<5	<5
Sulfur dioxide (SO ₂)	<5	<5
Volatile Organic Compounds (VOC)	<5	<5

Because of the low emissions and limited time of operation at any one
site, the unit will not cause or contribute to any violation of an ambient air
quality standard.

The Department will issue the FINAL Amended Permit, in accordance
with the conditions of the DRAFT Amended Permit unless a response
received in accordance with the following procedures results in a different
decision or significant change of terms or conditions

The Department will accept written comments concerning the proposed
DRAFT Amended Permit issuance actions for a period of 14 (fourteen) days
from the date of publication of this Notice. Written comments should be
provided to the Department's Bureau of Air Regulation, 2600 Blair Stone
Road, Mail Station #5305, Tallahassee, Florida 32399-2400. Any written
comments filed shall be made available for public inspection. If written
comments received result in a significant change in these DRAFT Amended
Permit, the Department shall issue Revised DRAFT Amended Permit and
require, if applicable, another Public Notice.

The Department will issue the FINAL Amended Permit with the
conditions of the DRAFT Amended Permit unless a timely petition for an
administrative hearing is filed pursuant to Sections 120.569 and 120.57,
F.S. Mediation is not available for this action. The procedures for
petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's
proposed permitting decision may petition for an administrative hearing in
accordance with Sections 120.569 and 120.57 F.S. The petition must
contain the information set forth below and must be filed (received) in the
Office of General Counsel of the Department, 3900 Commonwealth
Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone:
850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen
days of publication of the public notice or within fourteen days of receipt of
this notice of intent, whichever occurs first. A petitioner must mail a copy
of the petition to the applicant at the address indicated above, at the time of
filing. The failure of any person to file a petition (or a request for mediation,
as discussed below) within the appropriate time period shall constitute a
waiver of that person's right to request an administrative determination
(hearing) under Sections 120.569 and 120.57 F.S., or to intervene in this
proceeding and participate as a party to it. Any subsequent intervention
will be only at the approval of the presiding officer upon the filing of a
motion in compliance with Rule 28-5.207 of the Florida Administrative
Code.

A petition must contain the following information: (a) The name,
address, and telephone number of each petitioner, the applicant's name
and address, the Permit File Numbers and the county in which the project is
proposed; (b) A statement of how and when each petitioner received notice
of the Department's action or proposed action; (c) A statement of how each
petitioner's substantial interests are affected by the Department's action or
proposed action; (d) A statement of the material facts disputed by
petitioner, if any; (e) A statement of the facts that the petitioner contends
warrant reversal or modification of the Department's action or proposed
action; (f) A statement identifying the rules or statutes that the petitioner
contends require reversal or modification of the Department's action or
proposed action; and (g) A statement of the relief sought by the petitioner,
stating precisely the action that the petitioner wants the Department to
take with respect to the Department's action or proposed action addressed
in this notice of intent.

Because the administrative hearing process is designed to formulate
final agency action, the filing of a petition means that the Department's
final action may be different from the position taken by it in this notice of
intent. Persons whose substantial interests will be affected by any such
final decision of the Department on the application have the right to
petition to become a party to the proceeding, in accordance with the
requirements set forth above.

A complete project file is available for public inspection during normal
business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal
holidays, at:

Department of Environmental Protection Northwest District 160 Governmental Center, Ste 308 Pensacola, Florida 32501-5794 Telephone: 904/444-6300	Department of Environmental Protection Bureau of Air Regulation 111 S. Magnolia Drive, Ste 4 Tallahassee, FL 32399-2400 Telephone: 850/488-1344
---	--

The complete project file includes the application, Draft Amended
Permit, and the information submitted by the responsible official,
exclusive of confidential records under Section 403.111, F.S. Interested
persons may contact the Administrator, New Resource Review Section at
111 South Magnolia Drive, Suite 4, Tallahassee, Florida 32301, or call
850/488-1344, for additional information.
