AIR REGULATION**

RE: APAC-Georgia, Inc. State Wide Air Permit

Dear Mr. Hanks:

As I have previously discussed with you earlier during the year, we currently have five portable concrete plants under a state wide construction permit for Florida. Currently, all of our portable concrete plants are in storage at this time. We are certain to mobilize a plant in Jacksonville this Spring and certainly hope to have the opportunity to erect a plant sooner.

+ Orlando Airport (possibly)

For now we would like to request an extension of our construction permit for the following batch plants:

DEP File Nos. 7775018-002-AC  
7775027-001-AC  
7775028-001-AC  
7775033-002-AC  
7775045-001-AC

We have until October 31, 1998 to send you this notification, but we felt it important to send this notice early in the event that you may require additional information at this time. Please do not hesitate to contact me if I can be of any additional assistance.

Sincerely,

Corky Lane
