Statewide Notice of Intent**

Dear Mr. Pollack:

Attached, please find the affidavits for the Public Notices published in the Ft. Myers News Press, The Tampa Tribune, The St. Petersburg Times, The Orlando Sentinel, The Miami Herald, The Florida Times Union and The Ocala Star Banner for White Rock Quarries, Inc. - Portable Crushing Operation.

The periodicals mentioned above have informed me that the legal ads were published in the following counties:

The Ft. Myers News Press - Lee, Collier, Charlotte, Glades and Hendry.

The Tampa Tribune - Highlands, Manatee, Polk, Sarasota and Sumter

The St. Pete Times - Citrus, Hernando, Hillsborough, Pasco, and Pinellas

The Orlando Sentinel - Brevard, Orange, Osceola, Seminole, Volusia and Lake.

The Miami Herald - Broward, Dade, St. Lucie, Palm Beach, Collier, Monore and Martin.

The Florida Times Union - Duval, St. Johns, Nassau, Clay, Putnam, Bradford, Union, Columbia and Baker.

The Ocala Star Banner - Marion, Citrus, Levy and Sumter.

LEGAL NOTICE

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
DEPARTMENT OF ENVIRONMENTAL PROTECTION
DRAFT Permit No. 7775081-001-AG
White Rock Quarries
The Department of Environmental Protection (Department) gives notice of its intent to issue an
construction permit to White Rock Quarries for a diesel engine powered portable concrete and
asphalt material crusher that will be operated at construction and industrial sites throughout Florida.
The crusher is a minor source of air pollution and not subject to the Prevention of Significant
Degradation (PSD) regulations, Rule 62-212.400, F.A.C. Best Available Control Technology (BACT)
regulations are not required for this facility. The applicant's name and address are: White Rock
Quarries, P.O. Box 15045, West Palm Beach, Florida 33416.
The applicant proposes to operate the facility at the following counties: Brevard, Broward, Charlotte,
Collier, Collier, Duval, Hernando, Highlands, Hillsborough, Lee, Manatee, Marion, Orange,
Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Johns, St. Lucie, Sarasota, Seminole, Sumner,
Volusia. The units will emit fugitive particulate matter and the products of combustion from the diesel
fuel. Control of fugitive particulate matter shall be accomplished by wetting as needed.
Total emissions of pollutants from each facility are estimated to be:
Pollutant Hourly Emissions Annual Emissions
Particulate Matter (PM10) 1.8 12.7
Nitrogen Oxides (NOx) 1.2 23.7
Carbon Monoxide (CO) 11.0 23.7
Sulfur Dioxide (SO2) 1.2 23.7
Volatile Organic Compounds (VOC) 3.3 5.1
Because of the low emissions and limited time of operation at any one site, the crusher will not cause
or contribute to any violation of an ambient air quality standard, as set forth in Part 1 of the
Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit
unless a response received in accordance with the following procedures results in a different decision
or significant change of terms or conditions.
The Department will accept written comment concerning the Draft Permit issuance
action for a period of 14 (fourteen) days from the date of publication of the proposed DRAFT Permit issuance
action as provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station
#5505, Tallahassee, Florida 32309-2404. Written comments received shall be made available for public
inspection. If written comments received result in a significant change in the DRAFT Permit, the
Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.
The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely
petition for an administrative hearing is filed pursuant to Section 120.569 and 120.57 F.S. Mediation
is not available for this action. The procedures for petitioning for a hearing are set forth below:
A person whose substantial interests are affected by the Department's proposed permitting decision
must petition for an administrative hearing in accordance with Section 120.569 and 120.57 F.S. The
petition must contain the information set forth below and must be filed (received) in the Office of
the General Counsel of the Department, 3000 Commonwealth Boulevard, Mail Station #5, Tallahassee,
Florida 32309-3000, telephone: 904/488-9370, fax: 904/487-4938. Petitions must be filed within four-
teen days of publication of the public notice or within fourteen days of receipt of this notice of intent,
whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address
indicated above, at the time of filing. The failure of any person to file a petition within the time
period shall constitute a waiver of that person's right to request an administrative determination
under Sections 120.569 and 120.57 F.S., or to intervene in the proceeding and participate
as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon
the filing of a motion in compliance with Rule 28-5.201 of the Florida Administrative Code.
A petition must contain the following information: (a) The name, address, and telephone number of
each petitioner; the applicant's name and address, the Permit File Number and the county in which
the project is proposed; (b) A statement of how and when each petitioner received notice of the
Department's action or proposed action; (c) A statement of how each petitioner's substantial interests
are affected by the Department's action or proposed action; (d) A statement of the material facts dis-
puted by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal
or modification of the Department's action or proposed action; (f) A statement identifying the rules or
statutes that the petitioner contends require reversal or modification of the Department's action or
proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action
or action addressed in the notice of intent.
Because the administrative hearing process is designed to formulate final agency action, the filing of
the notice of intent. Persons whose substantial interests will be affected by any such final decision
of the Department on the application have the right to petition to become a party to the proceeding,
in accordance with the requirements set forth above.
Copies of the proposed construction permit, the technical evaluation and the permit application are
available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through
Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT
 TO ISSUE AIR PERMIT
 STATE OF FLORIDA
 DEPARTMENT OF
 ENVIRONMENTAL
 PROTECTION
 DRAFT Permit No:
 777501-001-AC

White Rock Quarries
 The Department of Environ-
 mental Protection (Depart-
 ment) gives notice of its intent
 to issue an air permit for the
 permit to White Rock Quar-
 ries for a diesel engine power-
 ed portable concrete and
 asphalt material crusher that
 will be operated on construc-
 tion and industrial sites
 throughout Florida. The
 crusher is a major source of
 air pollution and not subject to
 the Prevention of Significant
 Deterioration (PSD) regula-
 tions Rule 62-212 400, F.A.C. A
 Best Available Control Technol-
 ogy determination was not
 required for this facility.
 The applicant's name and address
 are: White Rock Quarries,
 P.O. Box 15065, West Palm
 Beach, Florida 33418.
 The applicant proposes to op-
 erate the facility at the follow-
 ing counties: Broward,
 Collier, Dade, Duval, Hernan-
 do, Highlands, Hillsborough,
 Lee, Manatee, Marion, Or-
 ange, Osceola, Palm Beach,
 Pasco, Pinellas, Polk, St.
 Johns, St. Lucie, Sarasota,
 Seminole, Sumner, Volusia.
 The units will emit hydro-
 carbon particulate matter and
 the products of combustion from
 the diesel fuel control of hydro-
 carbon particulate matter is ac-
 complished by wetting as
 needed.
 Total emissions of pollutants
 from each facility are estimated
 to be:

Pollutant	Hourly Emissions Annual pounds per hour tons per year particulate matter
PM10/PM10	127
Nitrogen Oxides (NOx)	157
Carbon Monoxide (CO) 1.6	237
Sulfur Dioxide (SO2) 1.3	51
Volatile Organic Compounds (VOC)	12 19

Because of the low emissions
 and limited time of operation
 of any one site, the crusher
 will not cause or contribute to
 any violation of ambient
 air quality standards.

The Department will issue the
 FINAL Permit in accordance
 with the conditions of the
 DRAFT Permit unless a re-
 sponse received in ac-
 cordance with the following ap-
 pears to be a different
 decision or significant change
 of terms or conditions.
 The Department will accept
 written comments concerning
 the proposed DRAFT Permit
 for a period of 14 (fourteen) days
 from the date of publication of this
 notice. Written comments
 should be provided to the De-
 partment's Bureau of Air Reg-
 ulation, 2600 Blue Stone Road,
 Hall Station #503, Tallahas-
 see, Florida 32399-2600. Any
 written comments filed shall
 be made available for public
 inspection. If written com-
 ments received result in a sig-
 nificant change in this DRAFT
 Permit, the Department shall
 issue a Revised DRAFT Per-
 mit and reissue, if applicable,
 another Public Notice.
 The Department will issue the
 FINAL Permit with the condi-
 tions of the DRAFT Permit
 unless a timely petition for an
 administrative hearing is filed
 pursuant to Sections 120.569
 and 120.57 F.S. Mediation is
 not available for this action.
 The procedures for petitioning
 for a hearing are set forth
 below.

A person whose substantial
 interests are affected by the
 Department's proposed per-
 mitting decision may petition
 for an administrative hearing
 in accordance with Sections
 120.569 and 120.57 F.S. The
 petition must contain the in-
 formation set forth below and
 must be filed (received) in the
 Office of General Counsel of
 the Department, 2900 Cam-
 denway Boulevard, Mail
 Station #35, Tallahassee,
 Florida 32399-3000, telephone
 850/488-9376, fax: 850/487-
 4938. Petitions must be filed
 within fourteen days of pub-
 lication of the public notice or
 within fourteen days of re-
 ceipt of this notice of intent,
 whichever occurs first. A peti-
 tioner must mail a copy of the
 petition to the applicant at the
 address indicated above, at
 the time of filing the petition
 of any person to file a peti-
 tion.

(SEAL)

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775081-001-AC
White Rock Quarries

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to White Rock Quarries for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62C-4.00, F.A.C. A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: White Rock Quarries, P.O. Box 15065, West Palm Beach, Florida 33416.

The applicant proposes to operate the facility in the following counties: Brevard, Broward, Charlotte, Citrus, Collier, Dade, Duval, Hernando, Highlands, Hillsborough, Lee, Manatee, Marion, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Johns, St. Lucie, Sarasota, Seminole, Sumter, Volusia. The units will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by watering as needed.

Total emission of pollutants from each facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PMPM 10)	7.8	12.7
Nitrogen Oxides (NOx)	15.2	23.7
Carbon Monoxide (CO)	1.0	1.6
Sulfur Dioxide (SO2)	3.3	5.1
Volatile Organic Compounds (VOC)	1.2	1.9

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comment should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32309-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3500 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32309-3000, telephone: 904-487-3770, fax: 904-487-4938. Petitions must be filed within 14 days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28-5.207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner; the applicant's name and address, the Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the

Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit, the technical evaluation and the permit application are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

- Florida Dept. of Environmental Protection, Bureau of Air Regulation, 111 S. Magnolia Drive, Suite 4, Tallahassee, Florida 32301, Telephone: 904/489-0114

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
DRAFT Permit No. 7775081-001-AC
White Rock Quarries

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to White Rock Quarries for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62.127-400, F.A.C. A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: White Rock Quarries, P.O. Box 15065, West Palm Beach, Florida 33418.

The applicant proposes to operate the facility in the following counties: Brevard, Broward, Charlotte, Citrus, Collier, DeSoto, Duval, Hernando, Highlands, Hillsborough, Lee, Manatee, Marion, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Johns, St. Lucie, Sarasota, Seminole, Sumner, Volusia. The units will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emission of pollutants from each facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM PM 10)	7.8	12.7
Nitrogen Oxides (NOx)	15.2	23.7
Carbon Monoxide (CO)	1.0	1.6
Sulfur Dioxide (SO2)	3.3	5.1
Volatile Organic Compounds (VOC)	12	19

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions:

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department, Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5605, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available to public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below:

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 2600 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850-488-0370, fax: 850-487-4938. Petitions must be filed within 14 days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28.5-207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address and telephone number of each petitioner; (b) A statement of how and when each petitioner received notice of the Department action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit, the technical evaluation and the permit application are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
DRAFT Permit No.: 775081-001-AC
White Rock Quarries

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to White Rock Quarries for a diesel engine powered concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a major source of air pollution and is subject to the Prevention of Significant Deterioration (PSD) regulations, Title 52 212.403, F.A.C. A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: White Rock Quarries, P.O. Box 15065, West Palm Beach, Fla. 33416.

The applicant proposes to operate the facility in the following counties: Brevard, Broward, Charlotte, Citrus, Collier, DeSoto, Duval, Hernando, Highlands, Hillsborough, Lee, Manatee, Marion, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Johns, St. Lucie, Sarasota, Seminole, Sumter, Volusia. The

units will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emission of pollutants from each facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM10)	7.8	10.2
Nitrogen Oxides (NOx)	15.2	23.7
Carbon Monoxide (CO)	1.0	1.6
Sulfur Dioxide (SO2)	3.3	5.1
Volatile Organic Compounds (VOC)	12	19

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comment should be provided to the Department's Bureau of Air Regulation, 2566 Blair Stone Road, Mail Station #5265, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 9000 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850-488-9370, fax: 850-487-4938. Petitions must be filed within 14 days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petition must mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28.5207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner; the applicant's name and address; the Permit File Number; and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of material facts disputed by the petitioner; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit, the technical evaluation and the permit application are available for public inspection during normal business hours, 9:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

- Florida Dept. of Environmental Protection, Bureau of Air Regulation, 111 S. Magnolia Drive, Suite 4, Tallahassee, Florida 32301, Telephone: 850-488-0114

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 775081-001-AC
White Rock Quarries

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to White Rock Quarries for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a major source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations (Rule 62-272.00, F.A.C.) Best Available Control Technology. Information was not requested for this facility. The applicant's name and address are White Rock Quarries, P.O. Box 15065, West Palm Beach, Florida 33416.

The applicant proposes to operate the facility in the following counties: Brevard; Broward; Charlotte; Citrus; Collier; DeSoto; Duval; Hernando; Highlands; Hillsborough; Lee; Manatee; Marion; Orange; Osceola; Palm Beach; Pasco; Pinellas; Polk; St. Johns; St. Lucie; Sarasota; Seminole; Sumter; Volusia. The units will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by watering as needed.

Total emission of pollutants from each facility are estimated to be

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM, PM 10)	7.8	127
Nitrogen Oxides (NOx)	15.2	237
Carbon Monoxide (CO)	1.0	16
Sulfur Dioxide (SO2)	3.3	51
Volatile Organic Compounds (VOC)	12	19

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response, based on accordance with the following procedures, results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this notice. Written comment should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850-488-9370, fax: 850-487-4938. Petitions must be filed within 14 days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicants at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28.5-207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address and telephone number of each petitioner; the applicant's name and address; the Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of material facts disputed by petitioner; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit, the technical evaluation and the permit application are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

- Florida Dept. of Environmental Protection, Bureau of Air Regulation, 111 S. Magnolia Drive, Suite 4, Tallahassee, Florida 32301, Telephone: 850-460-2114

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No: 775081-001-AC
White Rock Quarries

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to White Rock Quarries for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of pollution and is not subject to the Prevention of Significant Deterioration (PSD) regulations. Rule 62.127-400, F.A.C. A Best Available Control Technology determination was not required for this facility. The applicant's name and address are White Rock Quarries, P.O. Box 15065, West Palm Beach, Florida 33416.

The applicant proposes to operate the facility in the following counties: Brevard, Broward, Charlotte, Citrus, Collier, DeSoto, Duval, Hernando, Highlands, Hillsborough, Lee, Manatee, Marion, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Johns, St. Lucie, Sarasota, Seminole, Sumter, Volusia. The units will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emission of pollutants from each facility are estimated to be

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM) PM 10	7.8	27.7
Mercury Dioxide (Hg)	15.2	23.7
Carbon Monoxide (CO)	1.0	1.6
Sulfur Dioxide (SO2)	3.3	5.1
Volatile Organic Compounds (VOC)	1.2	1.9

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comment should be provided to the Department's Bureau of Air Regulation, 2500 State Street Road, Mail Station #5505, Tallahassee, Florida 32309-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 2900 Commonwealth Boulevard, Mail Station #5, Tallahassee, Florida 32399-2000, telephone: 850/488-9270, fax: 850/487-4938. Petitions must be filed within 14 days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the same time. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28.5.07 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner; the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of material facts disputed by the petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit, the technical evaluation and the permit application are available for public inspection during normal business hours, 9:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

- Florida Dept. of Environmental Protection, Bureau of Air Regulation, 1115 S. Magnolia Drive, Suite 4, Tallahassee, Florida 32301, Telephone: 850/488-0114

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775081-001-AC
White Rock Quarries

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to White Rock Quarries for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations. Rule 62-212.400, F.A.C. A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: White Rock Quarries, P. O. Box 15065, West Palm Beach, Florida 33416.

The applicant proposes to operate the facility in the following counties: Brevard, Broward, Charlotte, Citrus, Collier, Dade, Duval, Hernando, Highlands, Hillsborough, Lee, Manatee, Marion, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Johns, St. Lucie, Sarasota, Seminole, Sumter, Volusia. The units will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from each facility, are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM ₁₀)	7.8	12.7
Nitrogen Oxides (NO _x)	15.2	23.7
Carbon Monoxide (CO)	1.0	1.6
Sulfur Dioxide (SO ₂)	3.3	5.1
Volatile Organic Compounds	1.2	1.9

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addresses in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit, the technical evaluation and the permit application are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Florida Dept. of Environmental Protection Bureau of Air Regulation 111 S. PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
 DEPARTMENT OF ENVIRONMENTAL PROTECTION
 DRAFT Permit No. 775061-001-AE

White Rock Quarries
 The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to White Rock Quarries for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, F.A.C. A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: White Rock Quarries, P.O. Box 15065, West Palm Beach, Florida 33416.

The applicant proposes to operate the facility in the following counties: Broward, Broward, Charlotte, Citrus, Collier, Duval, Duval, Hamilton, Highlands, Hillsborough, Lee, Manatee, Marion, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Johns, St. Lucie, Sarasota, Seminole, Sumter, Volusia. The units will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from each facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM/PM10)	7.8	12.7
Nitrogen Oxides (NOx)	15.2	23.7
Carbon Monoxide (CO)	1.0	1.6
Sulfur Dioxide (SO2)	3.2	5.1
Volatile Organic Compounds (VOC)	1.2	1.9

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard. The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station # 5505, Tallahassee, Florida 32399-9400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for administrative review is filed pursuant to Sections 120.569 and 120.57 F.S. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station # 25, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must make a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of the person's right to request an administrative determination/hearing under Sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner; the applicant's name and address, the Permit File Number and the county in which the project is proposed; (b) A statement of how and on each petitioner's substantial interests are affected by the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioners, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit, the technical evaluation and the permit application are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays.

with the Department of Environmental Protection or the Department of Health and Senior Services, unless a timely petition for an administrative hearing in accordance with sections 170.50 and 170.51 F.S. is filed with the Department of Environmental Protection for this action. The procedure for petitioning for a hearing are set forth below and must be filed before the hearing.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with sections 170.50 and 170.51 F.S.

The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 290 Commonwealth Boulevard, Mail Station 315, Tallahassee, Florida 32304-3002. Telephone: 904-437-3770; Fax: 904-437-2938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 170.50 and 170.51 F.S. or to intervene in the hearing.

If any substantial intervention will be sought at the hearing, the presiding officer upon the filing of a petition in compliance with Rule 28.12 of the Florida Administrative Code.

A petition must contain the following information: (a) The name, address, telephone number of each petitioner; (b) the name and address of the permit applicant and the county in which the permit is proposed; (c) a statement of how and when each petitioner received notice of the Department's proposed action; (d) a statement of how each petitioner's substantial interests are affected by the Department's proposed action; (e) a statement of the material facts disputed by petitioner; (f) a statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (g) a statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (h) a statement of the relief sought by the petitioner.

The petitioner shall precisely state the action that the petitioner wants the Department to take with respect to the Department's action or proposed action as ordered in this notice of intent.

Because the administrative hearing process is designed to terminate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by the notice of intent. Persons whose substantial interests will be affected by any such decision of the Department should file a timely petition for an administrative hearing in accordance with sections 170.50 and 170.51 F.S. unless a timely petition for an administrative hearing in accordance with sections 170.50 and 170.51 F.S. is filed with the Department of Environmental Protection for this action. The procedure for petitioning for a hearing are set forth below and must be filed before the hearing.

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
OR 904-775-8111
The Department of Environmental Protection (Department) has issued a public notice of intent to issue an air construction permit for White Rock Quarries for a new and expanded portable concrete crusher that will be operated at the White Rock Quarries and Industrial Sites in Lee County, Florida. The crusher is a minor source of air pollution and not subject to the Clean Air Act (42 U.S.C. 1701 et seq.) or the National Ambient Air Quality Standards (NAAQS) (42 U.S.C. 1702 et seq.). The applicant proposes to operate the facility in the following counties: Charlotte, Collier, Glades, Hendry, Highways, Marion, Lee, Manatee, Pasco, Polk, Orange, Osceola, Palm Beach, Pinellas, St. Johns, St. Lucie, Sarasota, Seminole, Sumter, Volusia, and W. Palm Beach. The units will emit fugitive particulate matter and the products of combustion. Control of fugitive particulate matter is accomplished by wetting as needed. Total emissions of pollutants from the facility are estimated to be:
Pollutant/Hours Emissions (lbs/year)/Annual Emissions (tons per year)
Particulate Matter (PM10) 10/17/117
Nitrogen Dioxide (NO2) 2/22/22
Carbon Monoxide (CO) 1/1/1
Sulfur Dioxide (SO2) 1/1/1
Volatile Organic Compounds (VOC) 1/1/1
Because of the low emissions and limited time of operation of any one site, the crusher will not contribute to any violation of an ambient air quality standard. The Department will issue the FINAL Permit in accordance with the conditions of the DRAFT Permit only if a response received in the following procedures results in a different decision or significant change of terms or conditions. The Department will accept written comments regarding the proposed DRAFT Permit for a period of 16 (fourteen) days from the date of publication of this notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Stearns Road, Mail Station 5360, Tallahassee, Florida 32309. Any written comments filed will be made available for public inspection if they result in a significant change in the DRAFT Permit or otherwise. If you have any questions, please call 904-775-8111.
