

In the Matter of an  
Application for Amended Permits:

**Mulliniks Construction Company, Inc.**  
**5936 Soutel Drive**  
**Jacksonville, Florida 32219**

**Permit Project Number: 7775103-008-AC ✓**  
**Amended Permits Nos.: 7775103-001-AC/ ✗**  
**7775103-003-AO ✓**

**NOTICE OF AMENDMENT TO AIR CONSTRUCTION/OPERATION PERMITS**

Enclosed is the updated Appendix PC for the above referenced air construction/operation permits, that reflect an expanded county list of authorization based upon additional newspaper proof of publication affidavits provided to the Department. This action is issued pursuant to Chapter 403, Florida Statutes (F.S.).

Any party to this order (amended permits) has the right to seek judicial review of the permits pursuant to Section 120.68, F.S., by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Legal Office; and, by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 (thirty) days from the date this Notice is filed with the Clerk of the Department.

Executed in Tallahassee, Florida.

C. H. Fancy, P.E.  
Chief  
Bureau of Air Regulation

**CERTIFICATE OF SERVICE**

The undersigned duly designated deputy agency clerk hereby certifies that this NOTICE OF AMENDMENT TO AIR CONSTRUCTION/OPERATION PERMITS (including the updated Appendix PC) was sent by certified mail (\*) and copies were mailed by U.S. Mail before the close of business on 2/15/01 to the person(s) listed:

Re: Permit Project Nos.: 7775036-014-AC, 7775103-008-AC, and 7775104-002-AC  
Affected AC/AO Permits Nos.: 7775036-006-AC/ 7775036-007-AO  
7775103-001-AC/ 7775103-003-AO  
7775104-001-AC/ (no AO issued)

Dear Mr. Mulliniks:

We acknowledge your letter of January 22, 2001, requesting an expanded county list of authorization based on additional newspaper proof of publication affidavits that have been furnished to the Department. The permitted counties are contained in an Appendix PC, which is an attachment to each of the above referenced AC/AO permits.

A check for \$150.00 was also provided as processing fees; however, the total amount due is \$750.00 (\$250.00 per project). On February 9, 2001, we received additional monies (\$525.00) as processing fees. We applied \$250.00 to 7775036-014-AC, \$250.00 to 7775103-008-AC, and \$175.00 to 7775104-002-AC (insufficient by \$75.00). We will refund the insufficient processing fee for project 7775104-002-AC, if we have not received the deficient amount in 30 days after receipt of this letter.

If there are any questions, please call William Leffler at 850/921-9522.

Sincerely,

C. H. Fancy, P.E.  
Chief  
Bureau of Air Regulation

To:	Clair Fancy
Through:	Bruce Mitchell <i>BM</i>
From:	William Leffler <i>WAL</i>
Re:	Mulliniks Construction Company, Inc. Amendment to Air Construction/Operation Permits Permit Project No.: 7775103-008-AC Amending AC/AO Permits Nos.: 7775103-001-AC / 7775103-003-AO Update of Appendix PC: Authorizing Additional Counties
Date:	February 14, 2001

On January 22, 2001, we received a request from the permittee to update their air construction and operating permits to include additional counties in which the permittee had previously published the public notice required by Rule 62-210.350, F.A.C., and for which the permittee provided affidavits indicating publication in each of these additional counties.

Appropriate processing fees followed on February 9, 2001, and the applications were deemed complete with respect to this permitting action.

No comments were received regarding the public notice.

I recommend signing the notice conveying the updated AppendixPC.

## Tourist dies after gorilla safari

KAMPALA, Uganda (AP) — An American tourist collapsed and died after viewing rare mountain gorillas in southwest Uganda.

The U.S. Embassy reported that Brian Williams, 34, of Fairfax, Va., died Saturday in the Impenetrable National Park where he had gone to see gorillas. A local news outlet spokesman Asumanzi said Williams, who died in Uganda on Sept. 7, collapsed, probably of a heart failure. He had gone to see gorillas for a gorilla viewing.

Williams, who organized the trip, said Williams was on the north leg of an African trip, had taken him to South and Uganda's neighbors, Kenya and Tanzania.

A number of tourists going to see the gorillas, an endangered species, declined to enter the rebel Rwandan Hutu territory where they had killed nine people, including two Americans, in the area in March 1999.

There are an estimated 650 mountain gorillas left in the world, and they are believed to live in the tropical forest of Rwanda and Uganda. The others live in the mountain range in the north of Rwanda and

## Low wave of violence erupts in Kashmir

SRI NAGAR, India (AP) — Militants entered a camp in India's Kashmir and started an overnight strike that left at least four people dead and three militants killed, the army reported.

An Indian police officer was killed and 12 soldiers were wounded in the strike. The differing numbers may be reconciled immediately.

At least 12 militants and soldiers died during a gunfight at the camp in Baramulla, 25 miles northwest of Srinagar, the city. The fighting began Monday and ended Tuesday.

Lashkar-e-Tayyaba, a Pakistan-based Islamic militant group, claimed responsibility for the attack. The group's spokesman said three militants were killed — two of them were from the Lashkar-e-Tayyaba and the third to the Hizbul-Mujahideen militant group.

## PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

### STATE OF FLORIDA

### DEPARTMENT OF ENVIRONMENTAL PROTECTION

### DRAFT Permit No: 7775103-001-AC

### Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM/PM <sub>10</sub> )	2.3	2.3
Nitrogen Oxides (NO <sub>x</sub> )	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO <sub>2</sub> )	0.6	0.6
Volatile Organic Compounds (VOC)	0.7	0.7

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Section 120.569 and 120.57, (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

BUREAU OF AIR REGULATION

Dear Mr. Leffler:

Enclosed are several affidavits for three of our plants. I am enclosing a check for \$150.00 to update the counties that we will be permitted for.

Please send us the updated permits as soon as possible so I'll know which counties we can legally crush in.

Thank you for your attention to this matter. If I can be of any further assistance please don't hesitate to call.

Sincerely,

  
Dawn M. Woolsey

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT... STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION... DRAFT Permit No. 777310 001-AC... Mullinix Construction Company, Inc. The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for a diesel engine powered portable concrete and gravel material crusher that will be located at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and is subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62B.006, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 5937 South Drive, Jacksonville, Florida 32219. The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed. Total emissions of pollutants from this facility are estimated to be:  
Pollutant      Hourly Emissions (pounds per hour)  
Annual Emissions (tons per year)  
Particulate Matter (PM<sub>10</sub>)      2.3  
Nitrogen Oxides (NO<sub>x</sub>)      9.3  
Carbon Monoxide (CO)      2.0  
Sulfur Dioxide (SO<sub>2</sub>)      0.6  
Volatile Organic Compounds (VOC)      0.7  
Because of the low emissions and limited time of operation of any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard. The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions. The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed must be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice. The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3700 Commonwealth Boulevard, Mail Station #235, Tallahassee, Florida 32399-3000; telephone: 904/488-9370; fax: 904/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28.5-207, F.A.C. A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's interests are affected.

<b>PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT</b> <b>STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION</b> <b>DRAFT Permit No. 7473103-601-AC</b> <b>Mullinix Construction Company, Inc.</b>			
<p>The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for a diesel engine powered portable concrete and asphalt paver/crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the revision (acute) deterioration (PSD) regulations, Rule 212.400, Florida Administrative Code (F.A.C.) A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 5837 Soutel Drive, Jacksonville, Florida 32210.</p>			
<p>The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.</p>			
<p>Total emissions of pollutants from this facility are estimated to be:</p>			
<b>Pollutant</b>	<b>Hourly Emissions</b>	<b>Annual Emissions</b>	
	pounds per hour	Tons per year	
Particulate Matter (PM/PM10)	2.3	2.3	
Nitrogen Oxides (NOx)	9.3	9.3	
Carbon Monoxide (CO)	2.0	2.0	
Sulfur Dioxide (SO2)	0.6	0.6	
Volatile Organic Compounds (VOC)	0.7	0.7	
<p>Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.</p>			
<p>The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.</p>			
<p>The Department will accept written comments concerning the proposal DRAFT Permit issuance action for a period of 14 business days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #2503, Tallahassee, Florida 32309-2449. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another public notice.</p>			
<p>The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.</p>			
<p>A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the office of the General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #25, Tallahassee, Florida 32309-3000, telephone: 850/488-9370, fax: 850/487-4928. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Section 120.569 and 120.57, F.S., or to intervene in the proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.</p>			
<p>A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how and when each petitioner received notice of the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, starting precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.</p>			
<p>Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by its notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.</p>			
<p>Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:</p>			
<p>Florida Dept. of Environmental Protection Bureau of Air Regulation 111 S. **PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT**  
STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DRAFT Permit No. 77738A  
02/18/00  
Mullinix Construction Company, Inc.  
The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and related sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 21-114.00, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 9717 South Drive, Jacksonville, Florida 32219.  
The facility has been reviewed for potential impacts in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as required. Total emissions of pollutants from this facility are estimated to be:  

Hours Emissions	Annual Emissions
Particulate Matter (PM10) (lb)	1.26 per year
Carbon Monoxide (CO) (lb)	2.3
Carbon Monoxide (CO) (lb)	2.3
Sulfur Dioxide (SO2) (lb)	0.8
Volatile Organic Compounds (VOC) (lb)	0.2

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard. The Department will issue the Final Permit, in accordance with the conditions of the DRAFT Permit unless a requester received in accordance with the following procedures results in a different decision or significant change of terms or conditions. The Department will accept written comments concerning the proposed DRAFT Permit. Comments received for a period of 15 (fifteen) days from the date of publication of this notice. Written comments should be prepared to the Department's Bureau of Air Regulation, 3400 State Street, Mail Station # 3505, Tallahassee, Florida 32309-3400. Any written comments filed will be made available for public inspection. If written comments received result in a significant change in the DRAFT Permit, the Department shall issue a Revised DRAFT Permit and readers, if applicable, reader Public Notice. The Department will issue the Final Permit with the conditions of the DRAFT Permit unless a timely petition for administrative hearing is filed by the petitioner in Sections 120.549 and 120.57 Florida Statutes. A petition for administrative hearing is not available for this action. The petitioner must file a petition for administrative hearing as a petition for administrative hearing is not available for this action. The petitioner must file a petition for administrative hearing in accordance with Sections 120.549 and 120.57, F.S. The petition must specify the issues to be heard and must be filed (received) in the Office of General Counsel of the Department, 2900 Commonwealth Boulevard, Mail Station # 211, Tallahassee, Florida 32399-3900, telephone: (904) 487-1210, fax: (904) 487-4912. Petitioners must be given notice of the public notice or written hearing date of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, on the date of filing. The failure of any person to file a petition within the above-stated time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.549 and 120.57, F.S., or to intervene in the proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion for compliance with Rule 16.2-207, F.A.C. PUBLIC NOTICE OF INTENT TO ISSUE AN AIR PERMIT STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION DRAFT Permit No. 7725100-001AC

Mullinix Construction Company, Inc. The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for a diesel engine powered portable concrete and gravel mobile crusher that will be located at construction and material sites throughout Florida. The crusher is a non-stationary source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations. Rule 62-112.000 Florida Administrative Code (F.A.C.). Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 3917 Sunset Drive, Jacksonville, Florida 32216.

The facility has been reviewed for compliance with all chapters of Florida law and will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed. Total emissions of pollutants from this facility as estimated to be:

Hourly Emissions pounds per hour

- Particulate Matter 1.00 tons per year
- 7.3 Nitrogen Oxides (NOx) 9.3 2.3
- Carbon Monoxide (CO) 12.1 2.5
- Sulfur Dioxide (SO2) 0.4 0.2
- Volatile Organic Compounds (VOC) 0.7 0.2

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard. The Department will issue the Final Permit in accordance with the conditions of the DRAFT Permit unless a rehearing is received in accordance with the following procedures:

The Department will accept written comments concerning the proposed DRAFT Permit (including objection for a period of 14 (fourteen) days from the date of publication of this notice. Written comments should be received by the Department's Bureau of Air Regulation, 2600 Tower Square, Mail Station 2100, Tallahassee, Florida 32309-2600. Any written comments filed will be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and repeat, if applicable, another Public Notice.

The Department will issue the Final Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.549 and 120.57, Florida Statutes (F.S.).

Mediation is not available for this action. The procedures for determining for a hearing are set forth below. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.549 and 120.57, F.S. The petition must contain the information set forth below and must be filed in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 210, Tallahassee, Florida 32309-2600, telephone: 904/488-1110, fax: 904/482-4918. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the applicable time period shall constitute a waiver of that person's right to request an administrative determination thereof under Sections 120.549 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only of the record of the proceeding and will be upon the filing of a motion in compliance with Rule 28.3 of the F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the

### PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775103-001-AC  
Mullinix Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter(PM <sub>10</sub> )	2.3	2.3
Nitrogen Oxides (NO <sub>x</sub> )	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO <sub>2</sub> )	0.6	0.6
Volatile Organic Compounds (VOC)	0.7	0.7

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

each petitioner, whether notice of the Department's action or proposed action; (c) a statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) a statement of the facts and circumstances surrounding the action or proposed action; (e) a statement of the petitioner's proposed action; (f) a statement of the petitioner's proposed action or status that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) a statement of the petitioner's proposed action or status that the petitioner contends require reversal or modification of the Department's action or proposed action. Copies of the proposed construction permit and the technical evaluations are available for public inspection, Monday through Friday, except legal holidays, at:

**PUBLIC NOTICE**

**PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT**

STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DRAFT Permit No.: 773103-001-AC  
Mullinix Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a major source of air pollution and is subject to the Department's Air Quality Regulations (AQR) under the Department's Air Quality Administrative Code (A.C.). Best Available Control Technology (BACT) determinations were not requested for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 9317 Squirrel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM <sub>10</sub> )	2.3	2.3
Nitrogen Oxides (NO <sub>x</sub> )	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO <sub>2</sub> )	0.6	0.6
Volatile Organic Compounds (VOC)	0.7	0.7

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.571 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.571, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #33, Tallahassee, Florida 32399-3000, telephone: 904/488-9370, fax: 904/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.571, F.S., or to intervene in this proceeding and participate as a party to it. Any objection

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

NO. 693512
PUBLIC NOTICE OF INTENT TO ISSUE PERMIT
STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
DRAFT Permit No.: 7775-0030-14-C
Mulliniks Construction Company, Inc.
The Department of Environmental Protection (Department) gives notice of intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction end industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5837 Soutal Drive, Jacksonville, Florida 32219. The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting or spraying of pollutants from this facility are estimated to be: Annual Emissions (tons per year): Particulate Matter (PM/PM10) 2.3/2.3 Nitrogen Oxides (NOx) 9.3/9.3 Carbon Monoxide (CO) 2.0/2.0 Sulfur Dioxide (SO2) 0.6/0.6 Volatile Organic Compounds (VOC) 0.7/0.7 Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard. The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions. The Department will accept written comments concerning the proposed DRAFT Permit 14 (fourteen) days from the date of publication of this notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station 8 5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice. The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 235, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination hearing under Sections 120.569 and 120.57, F.S. or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 29.2.

(a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent. The administrative hearing process is designed to formulate final agency action. The filing of a petition means that the Department's final action may be different from the position taken by the petitioner in this notice of intent. Parties whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at: Florida Dept. of Environmental Protection Bureau of Air Regulation 111 S. PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT... THE DEPARTMENT OF ENVIRONMENTAL PROTECTION... DRAFT Permit No. 7775103... Mullinix Construction Company, Inc. The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for a diesel engine powered portable concrete and asphalt in-circuit crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.00, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 5937 Sauter Drive, Jacksonville, Florida 32219. The facility has been reviewed for potential operations in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed. Total emissions of pollutants from this facility are estimated to be:  
Pollutant: Fugitive Emissions (pounds per hour)  
Annual Emissions (tons per year)  
Particulate Matter (PM10): 2.0  
Nitrogen Oxides (NOx): 9.3  
Carbon Monoxide (CO): 2.0  
Sulfur Dioxide (SO2): 0.6  
Volatile Organic Compounds (VOC): 0.7  
Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard. The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions. The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station # 3505, Tallahassee, Florida 32399-2400. Any written comments filed must be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice. The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 300 Commonwealth Boulevard, Mail Station # 35, Tallahassee, Florida 32399-3000, telephone: 850/488-9270, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S. or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28.5-207, F.A.C. A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's interests are affected.

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT  
STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DRAFT Permit No.: 7775103-001-AC  
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an  
air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered  
portable concrete and asphalt material crusher that will be operated at construction and industrial  
sites throughout Florida. The crusher is a minor source of air pollution and not subject to the  
Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative  
Code (F.A.C.) A Best Available Control Technology determination was not required for this facility.  
The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive,  
Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit  
fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive  
particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions Tons per year
Particulate Matter(PM/PM10)	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO2)	0.6	0.6
Volatile Organic Compounds (VOC)	0.7	0.7

Because of the low emissions and limited time of operation at any one site, the crusher will not  
cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT  
Permit unless a response received in accordance with the following procedures results in a different  
decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposal DRAFT Permit issuance  
action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments  
should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail  
Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available  
for public inspection. If written comments received result in a significant change in this DRAFT  
Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another  
Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a  
timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida  
Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing  
are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting  
decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57,  
F.S. The petition must contain the information set forth below and must be filed (received) in the  
Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35,  
Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be  
filed within fourteen days of publication of the public notice or within fourteen days of receipt of this  
notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant  
at the address indicated above, at the time of filing. The failure of any person to file a petition within  
the appropriate time period shall constitute a waiver of that person's right to request an  
administrative determination (hearing) under Section 120.569 and 120.57, F.S., or to intervene in this  
proceeding and participate as a party to it. Any subsequent intervention will be only at the approval  
of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number  
of each petitioner, the applicant's name and address, the Permit File Numbers and the county in  
which the project is proposed; (b) A statement of how and when each petitioner received notice of the  
Department's action or proposed action; (c) A statement of how and when each petitioner received  
notice of the Department's action or proposed action; (d) A statement of the material facts disputed  
by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or  
modification of the Department's action or proposed action; (f) A statement identifying the rules or  
statutes that the petitioner contends require reversal or modification of the Department's action or  
proposed action; and (g) A statement of the relief sought by the petitioner, starting precisely the  
action that the petitioner wants the Department to take with respect to the Department's action or  
proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing  
of a petition means that the Department's final action may be different from the position taken by it in  
this notice of intent. Persons whose substantial interests will be affected by any such final decision of  
the Department on the application have the right to petition to become a party to the proceeding, in  
accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public  
inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal  
holidays, at:

in Tallahassee. Interested persons may contact William Leffler, PE, Project engineer, at 111 South  
Magnolia Drive, Suite 4, Tallahassee, Florida 32301, or call 850/488-0114, for additional  
information.

MARCH 7, 2000

# PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

## STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

### DRAFT Permit No: 7775103-001-AC Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

<u>Pollutant</u>	<u>Hourly Emissions</u> pounds per hour	<u>Annual Emissions</u> tons per year
Particulate Matter (PM/PM <sub>10</sub> )	2.3	2.3
Nitrogen Oxides (NO <sub>x</sub> )	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO <sub>2</sub> )	0.6	0.6
Volatile Organic Compounds (VOC)	0.7	0.7

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Section 120.569 and 120.57, (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT  
TO ISSUE AIR PERMIT  
STATE OF FLORIDA  
DEPARTMENT  
OF ENVIRONMENTAL  
PROTECTION  
DRAFT Permit No.:  
7775103-001-AC  
Mulliniks Construction  
Company, Inc.  
The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.  
The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed. Total emissions of pollutants from this facility are estimated to be:  
Pollutant  
Hourly Emissions  
pounds per hour  
Annual Emissions  
tons per year  
Particulate Matter (PM<sub>10</sub>)  
2.3 2.3  
Nitrogen Oxides (NO<sub>x</sub>) 9.3 9.3  
Carbon Monoxide (CO) 2.0 2.0  
Sulfur Dioxide (SO<sub>2</sub>) 0.6 0.6  
Volatile Organic Compounds (VOC) 0.7 0.7  
Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.  
The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.  
The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.  
The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.  
A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-

U.S.E.P., F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

**PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT**STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTIONDRAFT Permit No.: 7775103-001-AC  
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

<u>Pollutant</u>	<u>Hourly Emissions</u> pounds per hour	<u>Annual Emissions</u> tons per year
Particulate Matter(PM/PM <sub>10</sub> )	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO <sub>2</sub> )	0.6	0.6
Volatile Organic Compounds (VOC)	0.7	0.7

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

### PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775103-001-AC  
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter(PM/PM <sub>10</sub> )	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO <sub>2</sub> )	0.6	0.6
Volatile Organic Compounds (VOC)	0.7	0.7

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when

each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT...  
The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a major source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.  
The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed. Total emissions of pollutants from this facility are estimated to be:  

Hourly Emissions	Annual Emissions
tons per hour	tons per year
Particulate Matter (PM/PM10)	2.3
Carbon Monoxide (CO)	2.0
Nitrogen Oxides (NOx)	9.3
Sulfur Dioxide (SO2)	0.6
Volatile Organic Compounds (VOC)	0.7

  
Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard. The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.  
The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station # 5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.  
The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.  
A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station # 35, Tallahassee, Florida 32399-1000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28.5-207, F.A.C.  
A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the

**PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT**  
STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DRAFT Permit No.: 775103-001-AC  
Mulliniks Construction Company, Inc.  
The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) Regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.  
The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed. Total emissions of pollutants from this facility are estimated to be:  
Pollutant      Hourly Emissions pounds per hour  
Annual Emissions tons per year  
Particulate Matter (PM/PM10) 2.3      2.3  
Nitrogen Oxides (NOx) 9.3      9.3  
Carbon Monoxide (CO) 2.0      2.0  
Sulfur Dioxide (SO2) 0.6      0.6  
Volatile Organic Compounds (VOC) 0.7      0.7  
Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.  
The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.  
The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Aqal Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.  
The Department will issue the FINAL Permit with the conditions of the DRAFT Permit

SUBJECT: Air Operation Permit: 7775103-003-AO  
Mulliniks Construction Company, Inc.  
Relocatable Concrete and Asphalt Crushing Plant CPO1F

Day 90 September 4, 2000

The application for an air operating permit was received June 21, 2000.

Compliance testing was satisfactorily completed June 16, 2000.

This permit is for the operation of a diesel engine powered portable concrete and asphalt material crushing plant. The applicant has advertised in Charlotte, Collier, Duval, Escambia, Hillsborough, Leon, Orange and Palm Beach Counties.

I recommend that this operation permit be signed.

**NOTICE OF AIR OPERATION PERMIT**

Enclosed is the Final Operating Permit, No. 7775103-003-AO, for a diesel engine powered portable concrete and asphalt material crusher that will be operated at sites in those counties throughout Florida as designated in Appendix - PC to the permit. This permit is issued pursuant to Chapter 403, Florida Statutes (F.S.).

Any party to this order (permit) has the right to seek judicial review of the permit pursuant to Section 120.68, F.S., by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Legal Office; and, by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 (thirty) days from the date this Notice is filed with the Clerk of the Department.

Executed in Tallahassee, Florida.

  
C.H. Fancy, P.E., Chief  
Bureau of Air Regulation

**CERTIFICATE OF SERVICE**

The undersigned duly designated deputy agency clerk hereby certifies that this NOTICE OF FINAL PERMIT (including the Final permit) was sent by certified mail (\*) and copies were mailed by U.S. Mail before the close of business on 8/4/00 to the person(s) listed:

- Mr. Billy Mulliniks, Jr., President, Mulliniks Construction Company, Inc.\*

## AUTHORIZED REPRESENTATIVE

Mr. Billy Mulliniks, Jr., President

## PROJECT

This permit allows the applicant to operate a diesel engine powered portable concrete and asphalt material crushing plant, which will be designated as **Crushing Plant CPO1F**.

## STATEMENT OF BASIS

This air operation permit is issued under the provisions of Chapter 403 of the Florida Statutes (F.S.), and the Florida Administrative Code (F.A.C.) Chapters 62-4, 62-204, 62-210, 62-212, 62-296, and 62-297. The above named permittee is authorized to operate the facility in accordance with the conditions of this permit and as described in the application, approved drawings, plans, and other documents on file with the Department of Environmental Protection (Department).

## APPENDICES

The attached appendices are a part of this permit:

Appendix GC - General Permit Conditions  
Appendix PC - Permitted Counties

Howard L. Rhodes, Director  
Division of Air Resources  
Management

**SECTION II. FACILITY WIDE DESCRIPTION AND CONDITIONS**

**FACILITY DESCRIPTION**

This facility consists of a 200 tons per hour (TPH) Eagle Primary Crusher Model UM15 and a Cedar Rapids vibrating Feeder mounted on a Cedar Rapids Transportable Chassis, and a Pioneer Triple Roll Secondary Crusher, 40 x 30, and screen mounted on a separate transportable chassis. The facility also includes equipment associated with the crushers (feeders, screens, and conveyors) and a Caterpillar Model 3412 generator driven by a 750 hp Caterpillar diesel engine. Various conveyors and classifiers powered by on site generated electric power. Fugitive particulate matter emissions throughout the crushing unit are controlled by a water suppression system.

EMISSIONS UNIT NO.	EMISSIONS UNIT DESCRIPTION
001	This unit consists of a 200 TPH Eagle Primary Crusher, Model UM15 and Cedar Rapids vibrating feeder located on one transportable chassis, and a Pioneer Triple Roll Secondary Crusher, 40 x 30, and associated equipment (feeder, screens, and conveyors) located on a separate transportable chassis.
002	This unit consists of a Caterpillar Model 3412 generator, driven by a 750 hp Caterpillar diesel engine.

[NOTE: Emissions units 001 is subject to 40 CFR 60, Subpart OOO, Standards of Performance for Nonmetallic Mineral Processing Plants (40 CFR 60.670 - 60.676) and 40 CFR 60, Subpart A.]

**REGULATORY CLASSIFICATION**

The crusher portion of this facility is subject to regulation under 40 CFR 60, Subpart OOO, Standards of Performance for Nonmetallic Mineral Processing Plants. The generator portion of the facility is regulated under Rule 62-210.300, F.A.C., Permits Required, since there are no unit specific regulatory requirements that apply.

**RELEVANT DOCUMENTS**

The documents listed below are the basis of the permit. They are specifically related to this permitting action. These documents are on file with the Department.

- 7775103-001-AC
- Application for operation permit received (Bureau of Air Regulation) June 21, 2000
- Compliance testing report dated June 16, 2000

**PERMITTED COUNTIES**

*(Please see Appendix PC – Permitted Counties for a list of counties in which the facility is currently permitted to operate)*

**OPERATING LOCATION**

The facility will begin initial operation at 5937 Soutel Drive, Jacksonville, Duval County. The UTM coordinates of this location are Zone 17; 433.65 km E; 3361.41 km N.

SECTION II. FACILITY-WIDE DESCRIPTION AND CONDITIONS

---

The following specific conditions apply to all emissions units at this facility.

ADMINISTRATIVE

1. Regulating Agencies: All documents relating to the initial application for a permit to operate and all initial compliance tests shall be submitted to the Department's Bureau of Air Regulation in Tallahassee. Subsequent applications for permit renewals, reports, tests, minor modifications, and notifications shall be submitted to the district office or local program that has permitting/compliance jurisdiction over the current or proposed operating location.
2. General Conditions: In addition to the specific conditions of this permit, the owner and operator are subject to and shall operate under the General Permit Conditions G.1 through G.15, contained in the attached Appendix GC – General Permit Conditions of this permit. General Permit Conditions are binding and enforceable pursuant to Chapter 403, F.S.  
[Rule 62-4.160, F.A.C.]
3. Terminology: The terms used in this permit have specific meanings as defined in the corresponding chapters of the Florida Administrative Code.
4. Forms and Application Procedures: The permittee shall use the applicable forms listed in Rule 62-210.900, F.A.C., and follow the application procedures in Chapter 62-4, F.A.C.  
[Rule 62-210.900, F.A.C.]
5. Relocation Notification: At least 7 days prior to relocating the plant to an approved county where public notice was published within the last 5 years, the permittee shall notify the air program administrator for the Department's district office and/or, if applicable, appropriate local program. The notification shall be submitted using DEP Form 62-210.900(3), F.A.C., along with the appropriate processing fee. All potential operation sites shall be shown on a USGS topographic map. A county license, a discretionary public notice, or additional restrictions for the operation at a specific site may be imposed by the district office or local program. If the public notice for a proposed county is more than 5 years old, or if the proposed county was never covered by a public notice, this form shall be submitted at least 30 days in advance of the move and a public notice shall be published prior to operating in the proposed county. Each time that the permittee submits a Notice to Relocate, the operation permit shall be revised to reflect the new location.  
[Rule 62-210.370(1), F.A.C.]
6. Renewal Required: An application to renew the operating permit must be submitted to the Department's Bureau of Air Regulation in Tallahassee at least 60 days prior to the expiration date of this permit. To renew an operation permit, the applicant shall submit the appropriate application form, fee, a report on any physical change or major maintenance to the facility, and compliance test reports as required by this permit. A renewal application shall be timely and sufficient. When the application is timely and sufficient, the existing permit shall remain in effect until the renewal application has been finally acted upon by the Department.  
[Rule 62-4.090, F.A.C.]
7. Applicable Regulations: Unless otherwise indicated in this permit, the construction and operation of the subject emissions units shall be in accordance with the capacities and specifications stated in the application. The facility is subject to all applicable provisions of Chapter 403, F.S., Chapters 62-4, 62-110, 62-204, 62-296, 62-297, F.A.C., and the Code of Federal Regulations Title 40, Part 60, adopted by reference in Chapter 62-204, F.A.C.. Issuance of this permit does not relieve the facility owner or operator from compliance with any applicable federal, state, or local permitting or regulations.  
[Rules 62-204.800 and 62-210.300, F.A.C.]

SECTION II. FACILITY-WIDE DESCRIPTION AND CONDITIONS

---

EMISSION LIMITING STANDARDS

8. General Visible Emissions Standard: Except for emissions units that are subject to a particulate matter or opacity limit set forth or established by rule and reflected by conditions elsewhere in this permit, no person shall cause, let, permit, suffer, or allow to be discharged into the atmosphere the emissions of air pollutants from any activity, the density of which is equal to or greater than that designated as Number 1 on the Ringelmann Chart (20% opacity). If a special compliance test is required (see specific condition 21), the test method for visible emissions shall be EPA Method 9, incorporated and adopted by reference in Chapter 62-297, F.A.C.

[Rule 62-296.320(4)(b)1, F.A.C.]

9. Unconfined Emissions of Particulate Matter:

- (a) No person shall cause, let, permit, suffer or allow the emissions of unconfined particulate matter from any activity, including vehicular movement; transportation of materials; construction, alteration, demolition or wrecking; or industrially related activities such as loading, unloading, storing or handling; without taking reasonable precautions to prevent such emissions.
- (b) Any permit issued to a facility with emissions of unconfined particulate matter shall specify the reasonable precautions to be taken by that facility to control the emissions of unconfined particulate matter.
- (c) Reasonable precautions committed to by the permittee:
- Emissions that might be generated from various emission points throughout the crushing unit shall be controlled by a water suppression system with spray bars located at the various emissions points located throughout the plant.
  - All stockpiles and roadways where this crushing unit is located shall be watered on a regular basis by water trucks equipped with spray bars, to control any fugitive emissions that may be generated by vehicular traffic or prevailing winds.
- (d) In determining what constitutes reasonable precautions for a particular source, the Department shall consider the cost of the control technique or work practice, the environmental impacts of the technique or practice, and the degree of reduction of emissions expected from a particular technique or practice.

[Rule 62-296.320(4)(c), F.A.C.; and, 7775103-001-AC]

10. General Pollutant Emission Limiting Standards:

- (a) No person shall store, pump, handle, process, load, unload or use in any process or installation, volatile organic compounds or organic solvents without applying known and existing vapor emission control devices or systems deemed necessary and ordered by the Department.
- (b) No person shall cause, suffer, allow or permit the discharge of air pollutants which cause or contribute to an objectionable odor.

[Note: An objectionable odor is defined in Rule 62-210.200(198), F.A.C., as any odor present in the outdoor atmosphere which by itself or in combination with other odors, is or may be harmful or injurious to human health or welfare, which unreasonably interferes with the comfortable use and enjoyment of life or property, or which creates a nuisance.]

[Rules 62-296.320(1)(a) and 62-296.320(2), F.A.C.]

OPERATIONAL REQUIREMENTS

11. Modifications: No emissions unit or facility subject to this rule shall be constructed or modified without obtaining an air construction permit from the Department. Such permit must be obtained prior to the beginning of construction or modification.

[Rule 62-210.300(1), F.A.C.]

12. Plant Operation - Problems: If temporarily unable to comply with any of the conditions of the permit due to breakdown of equipment or destruction by hazard of fire, wind or by other cause, the permittee shall

**SECTION II. FACILITY-WIDE DESCRIPTION AND CONDITIONS**

---

immediately notify the Department's district office and, if applicable, appropriate local program. The notification shall include pertinent information as to the cause of the problem, and what steps are being taken to correct the problem and to prevent its recurrence, and where applicable, the owner's intent toward reconstruction of destroyed facilities. Such notification does not release the permittee from any liability for failure to comply with Department rules.

[Rule 62-4.130, F.A.C.]

13. Circumvention: No person shall circumvent any air pollution control device or allow the emission of air pollutants without the applicable air pollution control device operating properly.

[Rule 62-210.650, F.A.C.]

SECTION III. EMISSION UNIT SPECIFIC CONDITIONS

The following specific conditions apply to the following emissions units during operation:

**ESSENTIAL POTENTIAL TO EMIT (PTE) PARAMETERS**

1. Hours of Operation: These emissions units are allowed to operate up to 2,000 hours during any calendar year.  
[Rule 62-210.200, F.A.C., Definitions - potential to emit (PTE); and, 7775103-001-AC]
2. Permitted Capacity: The crusher may process up to 200 TPH and 400,000 TPY of material (total).  
[Rule 62-210.200, F.A.C., Definitions - PTE; and, 7775103-001-AC]

**EMISSION LIMITATIONS AND PERFORMANCE STANDARDS**

3. Visible Emissions: The emission points described in unit 001 are subject to the visible emission limits of 40 CFR 60, Subpart OOO, as outlined below in Table 1.

*Table 1: Process Emission Points Visible Emission Limits*

Emission Points	VE Limit (% Opacity)
Receiving Hopper/Grizzly Feeder	10
Crusher	15*
Portable Belt Conveyor(s)	10**
Screen(s)	15
Truck Loading/Unloading	<20

\* This limit applies since no capture system is used

\*\*This limit applies to transfer points onto conveyor belts only.

[40 CFR 60.672; and, 7775103-001-AC]

4. The following areas are designated nonattainment or maintenance for particulate matter or are parts of the areas of influence related to those areas that are not exempted by rule:

- *That portion of Hillsborough County which falls within the area of the circle having a centerpoint at the intersection of U. S. 41 South and State Road 60 and a radius of 12 kilometers.*

When operating in Hillsborough County, the permittee shall not cause, permit, or allow any visible emissions (five percent opacity). This includes, but is not limited to, the receiving hopper, crushers, belt conveyors, screens, and truck loading/unloading.

[Rules 62-296.711 and 62-204.340, F.A.C.; and, Rule 1-3.61, Rules of the Environmental Protection Commission of Hillsborough County]

- *The downtown Jacksonville area in Duval County located within the following boundary lines: south and then west along the St. Johns River from its confluence with Long Branch Creek, to Main Street; north along Main Street to Eighth Street; east along Eighth Street to Evergreen Avenue; north along Evergreen Avenue to Long Branch Creek; and east along Long Branch Creek to the St. Johns River. Any emissions unit of unconfined particulate matter which is located [at or within] five kilometers outside the boundary of a particulate matter air quality maintenance area.*

When operating in Duval County (City of Jacksonville), the permittee shall not cause, permit, or allow any visible emissions (five percent opacity). This includes, but is not limited to, the receiving hopper, crushers, belt conveyors, screens, and truck loading/unloading.

[Rules 62-296.711 and 62-204.340, F.A.C.; and, Rule 2.8201 Jacksonville Environmental Protection Board]

SECTION III. EMISSION UNIT SPECIFIC CONDITIONS

---

5. No Visible Emissions - Saturated Materials: No owner or operator shall cause to be discharged into the atmosphere any visible emissions from:
- (a) Wet screening operations and subsequent screening operations, bucket elevators, and belt conveyors that process saturated material in the production line up to the next crusher, grinding mill or storage bin.
  - (b) Screening operations, bucket elevators, and belt conveyors in the production line downstream of wet mining operations, where such screening operations, bucket elevators, and belt conveyors process saturated materials up to the first crusher, grinding mill, or storage bin in the production line.
- [40 CFR 60.672(h)(1) & (2)]
6. Excess Emissions: The following excess emissions provisions can not be used to vary any NSPS requirements (from any subpart of 40 CFR 60).
- (a) Excess emissions resulting from start-up, shutdown or malfunction of any emissions units shall be permitted providing (1) best operational practices to minimize emissions are adhered to and (2) the duration of excess emissions shall be minimized, but in no case exceed two hours in any 24 hour period unless specifically authorized by the Department for longer duration.  
[Rule 62-210.700(1), F.A.C.]
  - (b) Excess emissions which are caused entirely or in part by poor maintenance, poor operation, or any other equipment or process failure which may reasonably be prevented during start-up, shutdown, or malfunction shall be prohibited.  
[Rule 62-210.700(4), F.A.C.]

COMPLIANCE MONITORING AND TESTING REQUIREMENTS

7. Test Frequency:
- (a) Prior to obtaining an operation permit for this facility, the owner or operator shall conduct a visible emissions compliance test to demonstrate compliance with the standards of this permit, in accordance with the conditions listed below.  
[Rule 62-297.310(7)(a)1., F.A.C.]
  - (b) The owner or operator of the facility shall conduct visible emissions tests annually, in accordance with the conditions listed below.  
[Rule 62-297.310(7)(a)4.a., F.A.C.]
8. Operating Rate During Testing: Unless otherwise stated in the applicable emission limiting standard rule, testing of emissions shall be conducted with the emissions unit operating at permitted capacity. Permitted capacity is defined as 90 to 100 percent of the maximum operation rate allowed by the permit. If it is impractical to test at permitted capacity, an emissions unit may be tested at less than the minimum permitted capacity (i.e., at less than 90 percent of the maximum operation rate allowed by the permit); in this case, subsequent emissions unit operation is limited to 110 percent of the test load until a new test is conducted provided however, operations do not exceed 100 percent of the maximum operation rate allowed by the permit. Once the unit is so limited, operation at higher capacities is allowed for no more than 15 consecutive days for the purpose of additional compliance testing to regain the authority to operate at the permitted capacity.  
[Rule 62-297.310(2), F.A.C.]
9. Test Procedures shall meet all applicable requirements of Rule 62-297.310(4), F.A.C.  
[Rule 62-297.310(4), F.A.C.]

## SECTION III. EMISSION UNIT SPECIFIC CONDITIONS

10. Determination of Process Variables:

- (a) Required Equipment. The owner or operator of an emissions unit for which compliance tests are required shall install, operate, and maintain equipment or instruments necessary to determine process variables, such as process weight input or heat input, when such data are needed in conjunction with emissions data to determine the compliance of the emissions unit with applicable emission limiting standards.
- (b) Accuracy of Equipment. Equipment or instruments used to directly or indirectly determine process variables, including devices such as belt scales, weight hoppers, flow meters, and tank scales, shall be calibrated and adjusted to indicate the true value of the parameter being measured with sufficient accuracy to allow the applicable process variable to be determined within 10% of its true value.

[Rule 62-297.310(5), F.A.C.]

11. Test Notification: The owner or operator shall notify the Department's district office and, if applicable, appropriate local program, at least 15 days prior to the date on which each formal compliance test is to begin. Notification shall include the date, time, and place of each such test, and the test contact person who will be responsible for coordinating and having such test conducted for the owner or operator.

[Note: There is a conflict between the federal requirements of 40 CFR 60.8, which require 30 days notice of the initial test and any tests required under section 114 of the Clean Air Act, and the Department rules, which require 15 days notice for the annual compliance tests. Unless otherwise advised by the Department, provide 15 days notice prior to conducting annual tests, except for the initial test when 30 days notice is required.]

[Rule 62-297.310(7)(a)9., F.A.C.]

12. Visible Emissions Test Method: In determining compliance with the standards in 40 CFR 60.672 (b) and (c), the owner or operator shall use EPA Method 9 and the procedures in 40 CFR 60.11, with the following additions:

- (a) The minimum distance between the observer and the emissions source shall be 4.57 meters (15 feet).
- (b) The observer shall, when possible, select a position that minimizes interference from other fugitive emissions units (e.g., road dust). The required observer position relative to the sun (Method 9, Section 2.1) must be followed.
- (c) For affected emissions units using wet dust suppression for particulate matter control, a visible mist is sometimes generated by the spray. The water mist must not be confused with particulate matter emissions and is not to be considered a visible emission. When a water mist of this nature is present, the observation of emissions is to be made at a point in the plume where the mist is no longer visible.

[40 CFR 60.675(c)(1)(i), (ii) & (iii)]

## 13. When determining compliance with the fugitive emissions standard for any affected facility described under 40 CFR 60.672(b), the duration of the Method 9 observations may be reduced from 3 hours (thirty 6-minute averages) to 1 hour (ten 6-minute averages) only if the following conditions apply:

- (a) There are no individual readings greater than 10 percent opacity; and
- (b) There are no more than 3 readings of 10 percent for the 1-hour period.

[40 CFR 60.675(c)(3)(i) & (ii)]

## 14. When determining compliance with the fugitive emissions standard for any crusher at which a capture system is not used as described under 40 CFR 60.672(c), the duration of the Method 9 observations may be reduced from 3 hours (thirty 6-minute averages) to 1 hour (ten 6-minute averages) only if the following conditions apply:

- (a) There are no individual readings greater than 15 percent opacity; and
- (b) There are no more than 3 readings of 15 percent for the 1-hour period.

[40 CFR 60.675(c)(4)(i) & (ii)]

SECTION III. EMISSION UNIT SPECIFIC CONDITIONS

15. Visible Emissions Test - Emissions Interference: For the method and procedure of 40 CFR 60.675(c), if emissions from two or more emissions units continuously interfere so that the opacity of fugitive emissions from an individual affected emissions unit cannot be read, either of the following procedures may be used:
- (a) Use for the combined emission stream the highest fugitive opacity standard applicable to any of the individual affected emissions units contributing to the emissions stream
  - (b) Separate the emissions so that the opacity of emissions from each affected emissions unit can be read.  
[40 CFR 60.675(c)(1)(i) & (ii)]
16. No Tests Required - Saturated Materials: 40 CFR 60.11 and 40 CFR 60.675 do not require Method 9 performance tests under the following circumstances:
- (a) Wet screening operations and subsequent screening operations, bucket elevators, and belt-conveyors that process saturated material in the production line up to, but not including the next crusher, grinding mill or storage bin.
  - (b) Screening operations, bucket elevators, and belt conveyors in the production line downstream of wet mining operations, that process saturated materials up to the first crusher, grinding mill, or storage bin in the production line.  
[40 CFR 60.675(h)(1) & (2)]
17. Special Compliance Tests: When the Department, after investigation, has good reason (such as complaints, increased visible emissions or questionable maintenance of control equipment) to believe that any applicable emission standard contained in a Department rule or in a permit issued pursuant to those rules is being violated, it shall require the owner or operator of the facility to conduct compliance tests which identify the nature and quantity of pollutant emissions from the emissions units and to provide a report on the results of said tests to the Department.  
[Rule 62-297.310(7)(b), F.A.C.]

REPORTING AND RECORDKEEPING REQUIREMENTS

18. Log: The permittee shall maintain a log showing the annual hours of operation per year and fuel consumption. Operators shall keep a log to include, at a minimum, the following information:
- (a) The daily location and production rate.
  - (b) The daily hours of operation of the crusher system.
  - (c) Maintenance and repair logs for any work performed on the permitted emissions units.
  - (d) Daily logs regarding the use of wetting agents to control fugitive dust.
- This data shall be made available to the Department or county upon request.  
[Rule 62-4.070(3), F.A.C.]
19. Operation and Maintenance (O&M): The permittee shall keep an O&M plan for the air pollution control equipment with the facility. The O&M log shall include the list of the parameters being monitored, the frequency of the check/maintenance, observations, and comments.  
[Rule 62-4.070(3), F.A.C.]
20. Test Reports: The owner or operator shall submit written reports of the results of all performance tests conducted to demonstrate compliance with the standards set forth in 40 CFR 60.672, including reports of opacity observations made using Method 9 to demonstrate compliance with 40 CFR 60.672(b) and 40 CFR 60.672(c).
- (b) The required test report shall be filed with the Department as soon as practical but no later than 45 days after the last sampling run of each test is completed.
  - (c) The test report shall provide sufficient detail on the emissions unit tested and the test procedures used to allow the Department to determine if the test was properly conducted and the test results properly

## SECTION III. EMISSION UNIT SPECIFIC CONDITIONS

computed. As a minimum, the test report, other than for an EPA Method 9 test, shall provide the following information:

1. The type, location, and designation of the emissions unit tested.
2. The facility at which the emissions unit is located.
3. The owner or operator of the emissions unit.
4. The normal type and amount of fuels used and materials processed, and the types and amounts of fuels used and material processed during each test run.
5. The method, raw data and computations used to determine the amount of fuels used and materials processed, if necessary to determine compliance with an applicable emission limiting standard.
6. The type of air pollution control devices installed on the emissions unit, its general condition, their normal operating parameters (pressure drops, total operating current and GPM scrubber water), and their operating parameters during each test run.

[40 CFR 60.676(f); and, Rules 62-297.310(8)(b) & (c)1. - 6., F.A.C.]

21. Change From Saturated to Unsaturated Material: The owner or operator of any screening operation, bucket elevator, or belt conveyor that processes saturated material and is subject to 40 CFR 60.672(h) and subsequently processes unsaturated materials, shall submit a report of this change within 30 days following such change. This screening operation, bucket elevator, or belt conveyor is then subject to the 10 percent opacity limit in 40 CFR 60.672(b) and the emission test requirements of 40 CFR 60.11 and 40 CFR 60, Subpart OOO. Likewise a screening operation, bucket elevator, or belt conveyor that processes unsaturated material but subsequently processes saturated material shall submit a report of this change within 30 days following such change. This screening operation, bucket elevator, or belt conveyor is then subject to the no visible emission limit in 40 CFR 60.672(h).

[40 CFR 60.676(g)]

22. Records Retention: This facility shall maintain a central file containing all measurements, records, and other data that are required to be collected pursuant to the various specific conditions of this permit.

[Rule 62-4.160(14), F.A.C.]

23. Duration of Recordkeeping: Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These records shall be retained at least **three** years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.

[Rules 62-4.160(14)(a) & (b), F.A.C.]

24. Excess Emissions Report: If excess emissions occur, the owner or operator shall notify the Department within one working day of: the nature, extent, and duration of the excess emissions; the cause of the excess emissions; and the actions taken to correct the problem. In addition, the Department may request a written summary report of the incident. Pursuant to the Standards of Performance for New Stationary Sources, excess emissions shall also be reported in accordance with 40 CFR 60.7, Subpart A.

[Rule 62-4.130, F.A.C.]

25. Excess Emissions Report - Malfunctions: The owner or operator shall notify the Department or the appropriate local program or any Excess Emissions resulting from malfunctions, in accordance with Rule 62-4.130, F.A.C. A additional full written report describing all malfunctions shall be submitted in a quarterly report if requested by the Department.

[Rule 62-210.700(6), F.A.C.]

## SECTION III. EMISSION UNIT SPECIFIC CONDITIONS

## NSPS GENERAL PROVISIONS

[Note: The numbering of the original rules in the following conditions has been preserved for ease of reference. In cases where the state requirements are more restrictive than the NSPS general requirements, the state requirements shall prevail.]

26. Notification and Recordkeeping: Any owner or operator subject to the provisions of 40 CFR 60 shall furnish the Administrator written notification as follows:
- (a) A notification of any physical or operational change to an existing facility which may increase the emission rate of any air pollutant to which a standard applies, unless that change is specifically exempted under an applicable subpart or in 40 CFR 60.14(e). This notice shall be postmarked 60 days or as soon as practicable before the change is commenced and shall include information describing the precise nature of the change, present and proposed emission control systems, productive capacity of the facility before and after the change, and the expected completion date of the change. The Administrator may request additional relevant information subsequent to this notice.
  - (b) The owner or operator subject to the provisions of 40 CFR 60 shall maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility; any malfunction of the air pollution control equipment; or any periods during which a continuous monitoring system or monitoring device is inoperative.
  - (f) The owner or operator subject to the provisions of 40 CFR 60 shall maintain a file of all measurements, including continuous monitoring system, monitoring device, and performance testing measurements; all continuous monitoring system performance evaluations; all continuous monitoring system or monitoring device calibration checks; adjustments and maintenance performed on these systems or devices; and all other information required by 40 CFR 60 recorded in a permanent form suitable for inspection. The file shall be retained for at least three years following the date of such measurements, maintenance, reports, and records.

[40 CFR 60.7]

27. Performance Tests:

- (a) Within 60 days after achieving the maximum production rate at which the affected facility will be operated, but not later than 180 days after initial startup of such facility and at such other times as may be required by the Administrator under section 114 of the Act, the owner or operator of such facility shall conduct performance test(s) and furnish the Administrator a written report of the results of such performance test(s).
- (b) Performance tests shall be conducted and data reduced in accordance with the test methods and procedures contained in each applicable subpart unless the Administrator (1) specifies or approves, in specific cases, the use of a reference method with minor changes in methodology, (2) approves the use of an equivalent method, (3) approves the use of an alternative method the results of which he has determined to be adequate for indicating whether a specific source is in compliance, (4) waives the requirement for performance tests because the owner or operator of a source has demonstrated by other means to the Administrator's satisfaction that the affected facility is in compliance with the standard, or (5) approves shorter sampling times and smaller sample volumes when necessitated by process variables or other factors. Nothing in this paragraph shall be construed to abrogate the Administrator's authority to require testing under section 114 of the Act.
- (c) Performance tests shall be conducted under such conditions as the Administrator shall specify to the plant operator based on representative performance of the affected facility. The owner or operator shall make available to the Administrator such records as may be necessary to determine the conditions of the performance tests. Operations during periods of startup, shutdown, and malfunction shall not constitute representative conditions for the purpose of a performance test nor shall emissions in excess of the level of the applicable emission limit during periods of startup, shutdown, and

SECTION III. EMISSION UNIT SPECIFIC CONDITIONS

malfunction be considered a violation of the applicable emission limit unless otherwise specified in the applicable standard.

- (d) The owner or operator of an affected facility shall provide the Administrator at least 30 days prior notice of any performance test, except as specified under other subparts, to afford the Administrator the opportunity to have an observer present.

[40 CFR 60.8]

28. Compliance with Standards and Maintenance Requirements:

- (a) Compliance with standards in 40 CFR 60, other than opacity standards, shall be determined only by performance tests established by 40 CFR 60.8, unless otherwise specified in the applicable standard.
- (b) Compliance with opacity standards in 40 CFR 60.11 shall be determined by conducting observations in accordance with Reference Method 9 in appendix A of 40 CFR 60.11, any alternative method that is approved by the Administrator, or as provided in 40 CFR 60.11(e)(5). [Under certain conditions (40 CFR 60.675(c)(3) & (4)), Method 9 observation time may be reduced from 3 hours to 1 hour. Some affected facilities are exempted from Method 9 tests (40 CFR 60.675(h)). See specific conditions 13 and 14, Section III, above for test duration requirements.]
- (c) The opacity standards set forth in 40 CFR 60.11 shall apply at all times except during periods of startup, shutdown, malfunction, and as otherwise provided in the applicable standard.
- (d) At all times, including periods of startup, shutdown, and malfunction, owners and operators shall, to the extent practicable, maintain and operate any affected facility including associated air pollution control equipment in a manner consistent with good air pollution control practice for minimizing emissions. Determination of whether acceptable operating and maintenance procedures are being used will be based on information available to the Administrator which may include, but is not limited to, monitoring results, opacity observations, review of operating and maintenance procedures, and inspection of the source.
- (e) For the purpose of submitting compliance certifications or establishing whether or not a person has violated or is in violation of any standard in this part, nothing in this part shall preclude the use, including the exclusive use, of any credible evidence or information, relevant to whether a source would have been in compliance with applicable requirements if the appropriate performance or compliance test or procedure had been performed.

[40 CFR 60.11]

29. Circumvention: No owner or operator subject to the provisions of 40 CFR 60.12 shall build, erect, install, or use any article, machine, equipment or process, the use of which conceals an emission which would otherwise constitute a violation of an applicable standard. Such concealment includes, but is not limited to, the use of gaseous diluents to achieve compliance with an opacity standard or with a standard, which is based on the concentration of a pollutant in the gases discharged to the atmosphere.

[40 CFR 60.12]

30. General Notification and Reporting Requirements:

- (a) For the purposes of this part, time periods specified in days shall be measured in calendar days, even if the word "calendar" is absent, unless otherwise specified in an applicable requirement.
- (b) For the purposes of this part, if an explicit postmark deadline is not specified in an applicable requirement for the submittal of a notification, application, report, or other written communication to the Administrator, the owner or operator shall postmark the submittal on or before the number of days specified in the applicable requirement. For example, if a notification must be submitted 15 days before a particular event is scheduled to take place, the notification shall be postmarked on or before 15 days preceding the event; likewise, if a notification must be submitted 15 days after a particular event takes place, the notification shall be delivered or postmarked on or before 15 days following the end of the event. The use of reliable non-Government mail carriers that provide indications of

## SECTION III. EMISSION UNIT SPECIFIC CONDITIONS

- verifiable delivery of information required to be submitted to the Administrator, similar to the postmark provided by the U.S. Postal Service, or alternative means of delivery agreed to by the permitting authority, is acceptable.
- (c) Notwithstanding time periods or postmark deadlines specified in this part for the submittal of information to the Administrator by an owner or operator, or the review of such information by the Administrator, such time periods or deadlines may be changed by mutual agreement between the owner or operator and the Administrator. Procedures governing the implementation of this provision are specified in paragraph (f) of this section.
  - (d) If an owner or operator of an affected facility in a State with delegated authority is required to submit periodic reports under this part to the State, and if the State has an established timeline for the submission of periodic reports that is consistent with the reporting frequency(ies) specified for such facility under this part, the owner or operator may change the dates by which periodic reports under this part shall be submitted (without changing the frequency of reporting) to be consistent with the State's schedule by mutual agreement between the owner or operator and the State. The allowance in the previous sentence applies in each State beginning 1 year after the affected facility is required to be in compliance with the applicable subpart in this part. Procedures governing the implementation of this provision are specified in paragraph (f) of this section.
  - (f)(1)(i) Until an adjustment of a time period or postmark deadline has been approved by the Administrator under paragraphs (f)(2) and (f)(3) of this section, the owner or operator of an affected facility remains strictly subject to the requirements of this part.
  - (ii) An owner or operator shall request the adjustment provided for in paragraphs (f)(2) and (f)(3) of this section each time he or she wishes to change an applicable time period or postmark deadline specified in this part.
  - (2) Notwithstanding time periods or postmark deadlines specified in this part for the submittal of information to the Administrator by an owner or operator, or the review of such information by the Administrator, such time periods or deadlines may be changed by mutual agreement between the owner or operator and the Administrator. An owner or operator who wishes to request a change in a time period or postmark deadline for a particular requirement shall request the adjustment in writing as soon as practicable before the subject activity is required to take place. The owner or operator shall include in the request whatever information he or she considers useful to convince the Administrator that an adjustment is warranted.
  - (3) If, in the Administrator's judgment, an owner or operator's request for an adjustment to a particular time period or postmark deadline is warranted, the Administrator will approve the adjustment. The Administrator will notify the owner or operator in writing of approval or disapproval of the request for an adjustment within 15 calendar days of receiving sufficient information to evaluate the request.
  - (4) If the Administrator is unable to meet a specified deadline, he or she will notify the owner or operator of any significant delay and inform the owner or operator of the amended schedule.

[40 CFR 60.19]

31. Prohibited Operations: Asbestos Containing Materials. 40 CFR 61. Subpart M: This facility shall **not** process Asbestos Containing Materials (ACM), whether regulated asbestos containing material (RACM), Category I or Category II, and whether friable or nonfriable when received at the facility.
- (1) "Asbestos" means the asbestiform varieties of serpentinite (chrysotile), riebeckite (crocidolite), cummingtonite-grunerite, anthophyllite, and actinolite-tremolite and includes trade acronyms products such as amosite.
  - (2) "Asbestos-containing materials", ACM, means any materials which contain more than one percent asbestos as determined by Polarized Light Microscopy. Based on a representative composite sample.
  - (3) "Asbestos removal project" means renovation or demolition operation in a facility that involves the removal of a threshold amount of regulated asbestos-containing material.

**SECTION III. EMISSION UNIT SPECIFIC CONDITIONS**

---

- (4) "Category I Nonfriable Asbestos-Containing Material (ACM)" means asbestos-containing packings, gaskets, resilient floor covering, and asphalt roofing products containing more than 1 percent asbestos as determined using the method specified in Appendix A, Subpart F, 40 CFR Part 763, Section 1, Polarized Light Microscopy.
- (5) "Category II Nonfriable ACM" means any material, excluding Category I Nonfriable ACM, containing more than 1 percent asbestos as determined using the methods specified in Appendix A, Subpart F, 40 CFR Part 763, Section 1, Polarized Light Microscopy, that, when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure.

**[40 CFR 61, Subpart M; Chapter 62-257, F.A.C.; and, Rules 62-730.300 and 62-701.520, F.A.C.]**

**SECTION IV. APPENDIX GC - GENERAL CONDITIONS**

---

The following are general conditions of all Department issued permits required by Rule 62-4.160, F.A.C.

- G.1 The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "Permit Conditions" and are binding and enforceable pursuant to Sections 403.161, 403.727, or 403.859 through 403.861, Florida Statutes. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
- G.2 This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings or exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
- G.3 As provided in Subsections 403.087(6) and 403.722(5), Florida Statutes, the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This permit is not a waiver or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in the permit.
- G.4 This permit conveys no title to land or water, does not constitute State recognition or acknowledgment of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
- G.5 This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.
- G.6 The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed or used by the permittee to achieve compliance with the conditions of this permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.
- G.7 The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at a reasonable time, access to the premises, where the permitted activity is located or conducted to:
  - (a) Have access to and copy and records that must be kept under the conditions of the permit;
  - (b) Inspect the facility, equipment, practices, or operations regulated or required under this permit, and,
  - (c) Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.
  - (d) Reasonable time may depend on the nature of the concern being investigated.
- G.8 If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:
  - (a) A description of and cause of non-compliance; and

SECTION IV. APPENDIX GC - GENERAL CONDITIONS

---

- (b) The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

- G.9 In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Sections 403.73 and 403.111, Florida Statutes. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.
- G.10 The permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by Florida Statutes or Department rules.
- G.11 This permit is transferable only upon Department approval in accordance with Florida Administrative Code Rules 62-4.120 and 62-730.300, F.A.C., as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.
- G.12 This permit or a copy thereof shall be kept at the work site of the permitted activity.
- G.13 This permit also constitutes:
- (a) Determination of Best Available Control Technology ( )
  - (b) Determination of Prevention of Significant Deterioration ( ); and
  - (c) Compliance with New Source Performance Standards (X).
- G.14 The permittee shall comply with the following:
- (a) Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
  - (b) The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application or this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
  - (c) Records of monitoring information shall include:
    - 1. The date, exact place, and time of sampling or measurements;
    - 2. The person responsible for performing the sampling or measurements;
    - 3. The dates analyses were performed;
    - 4. The person responsible for performing the analyses;
    - 5. The analytical techniques or methods used; and
    - 6. The results of such analyses.

**SECTION IV. APPENDIX GC - GENERAL CONDITIONS**

---

- G.15 When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware that relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

## SECTION V. APPENDIX PC – PERMITTED COUNTIES

The permittee is authorized to in the following counties where Public Notice has been published:

Permitted Counties:	Public Notice Published on:	Permitted Counties:	Public Notice Published on:	Permitted Counties:	Public Notice published on:
Alachua		Hamilton		Okeechobee	
Baker		Hardee		<b>Orange</b>	May 31, 2000
Bay		Hendry		Osceola	
Bradford		Hernando		<b>Palm Beach</b>	May 31, 2000
Brevard		Highlands		Pasco	
Broward		<b>Hillsborough</b>	May 31, 2000	Pinellas	
Calhoun		Holmes		Polk	
<b>Charlotte</b>	May 31, 2000	Indian River		Putnam	
Citrus		Jackson		St. Johns	
Clay		Jefferson		St. Lucie	
<b>Collier</b>	May 31, 2000	Lafayette		Santa Rosa	
Columbia		Lake		Sarasota	
Dade		Lee		Seminole	
DeSoto		<b>Leon</b>	May 31, 2000	Sumter	
Dixie		Levy		Suwannee	
<b>Duval</b>	May 31, 2000	Liberty		Taylor	
<b>Escambia</b>	May 31, 2000	Madison		Union	
Flagler		Manatee		Volusia	
Franklin		Marion		Wakulla	
Gasden		Martin		Walton	
Gilchrist		Monroe		Washington	
Glades		Nassau			
Gulf		Okaloosa			

This list reflects the dates indicated in affidavits furnished by the permittee.

BUREAU OF AIR REGULATION

### APPLICATION FOR AIR PERMIT - NON-TITLE V SOURCE

See Instructions for Form No. 62-210.900(3)

#### I. APPLICATION INFORMATION

##### Identification of Facility

1. Facility Owner/Company Name: <b>Mulliniks Construction Company, Inc.</b>	
2. Site Name: <b>Portable Crushing Plant PCO1F</b>	
3. Facility Identification Number: <b>7775103</b> [ ] Unknown	
4. Facility Location: Street Address or Other Locator: <b>5937 Soutel Drive</b> City: <b>Jacksonville</b> County: <b>Duval</b> Zip Code: <b>32219</b>	
5. Relocatable Facility? [X] Yes [ ] No	6. Existing Permitted Facility? [X] Yes [ ] No

##### Application Contact

1. Name and Title of Application Contact: <b>Billy Mulliniks, Jr., President</b>	
2. Application Contact Mailing Address: Organization/Firm: <b>Mulliniks Construction Company, Inc.</b> Street Address: <b>5937 Soutel Drive</b> City: <b>Jacksonville</b> State: <b>FL</b> Zip Code: <b>32219</b>	
3. Application Contact Telephone Numbers: Telephone: <b>(904) 764-3644</b> Fax: <b>(904) 764-3976</b>	

##### Application Processing Information (DEP Use)

1. Date of Receipt of Application:	<i>June 21 2000</i>
2. Permit Number:	

**Purpose of Application**

**Air Operation Permit Application**

This Application for Air Permit is submitted to obtain: (Check one)

- Initial non-Title V air operation permit for one or more existing, but previously unpermitted, emissions units.
- Initial non-Title V air operation permit for one or more newly constructed or modified emissions units.

Current construction permit number: \_\_\_\_\_ 7775103-001-AC \_\_\_\_\_

- Non-Title V air operation permit revision to address one or more newly constructed or modified emissions units.

Current construction permit number: \_\_\_\_\_

Operation permit number to be revised: \_\_\_\_\_

- Initial non-Title V air operation permit under Rule 62-210.300(2)(b), F.A.C., for an existing facility seeking classification as a synthetic non-Title V source.

Current operation/construction permit number(s):  
\_\_\_\_\_

- Non-Title V air operation permit revision for a synthetic non-Title V source. Give reason for revision; e.g., to address one or more newly constructed or modified emissions units.

Operation permit number to be revised: \_\_\_\_\_

Reason for revision: \_\_\_\_\_

**Air Construction Permit Application**

This Application for Air Permit is submitted to obtain: (Check one)

- Air construction permit to construct or modify one or more emissions units.
- Air construction permit to make federally enforceable an assumed restriction on the potential emissions of one or more existing, permitted emissions units.
- Air construction permit for one or more existing, but unpermitted, emissions units.

**Owner/Authorized Representative**

1. Name and Title of Owner/Authorized Representative: <b>Billy Mulliniks Jr., President</b>
2. Owner/Authorized Representative Mailing Address: Organization/Firm: <b>Mulliniks Construction Company, Inc.</b> Street Address: <b>5937 Soutel Drive</b> City: <b>Jacksonville</b> State: <b>FL</b> Zip Code: <b>32219</b>
3. Owner/Authorized Representative Telephone Numbers: Telephone: <b>(904)764-3644</b> Fax: <b>(904)764-3976</b>
4. Owner/Authorized Representative Statement: <i>I, the undersigned, am the owner or authorized representative* of the facility addressed in this application. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements made in this application are true, accurate and complete and that, to the best of my knowledge, any estimates of emissions reported in this application are based upon reasonable techniques for calculating emissions. The air pollutant emissions units and air pollution control equipment described in this application will be operated and maintained so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof. I understand that a permit, if granted by the Department, cannot be transferred without authorization from the Department, and I will promptly notify the Department upon sale or legal transfer of any permitted emissions unit.</i>   Signature _____ Date <u>6-20-2000</u>

\* Attach letter of authorization if not currently on file.

**Professional Engineer Certification**

1. Professional Engineer Name: <b>Frank Darabi</b> Registration Number: <b>20385</b>
2. Professional Engineer Mailing Address: Organization/Firm: <b>Darabi and Associates, Inc.</b> Street Address: <b>730 N.E. Waldo Road</b> City: <b>Gainesville</b> State: <b>FL</b> Zip Code: <b>32641</b>
3. Professional Engineer Telephone Numbers: Telephone: <b>(352)376-6533</b> Fax: <b>(352)376-3166</b>

4. Professional Engineer Statement:

*I, the undersigned, hereby certify, except as particularly noted herein\*, that:*

*(1) To the best of my knowledge, there is reasonable assurance that the air pollutant emissions unit(s) and the air pollution control equipment described in this Application for Air Permit, when properly operated and maintained, will comply with all applicable standards for control of air pollutant emissions found in the Florida Statutes and rules of the Department of Environmental Protection; and*

*(2) To the best of my knowledge, any emission estimates reported or relied on in this application are true, accurate, and complete and are either based upon reasonable techniques available for calculating emissions or, for emission estimates of hazardous air pollutants not regulated for an emissions unit addressed in this application, based solely upon the materials, information and calculations submitted with this application.*

*If the purpose of this application is to obtain an air construction permit for one or more proposed new or modified emissions units (check here [  ], if so), I further certify that the engineering features of each such emissions unit described in this application have been designed or examined by me or individuals under my direct supervision and found to be in conformity with sound engineering principles applicable to the control of emissions of the air pollutants characterized in this application.*

*If the purpose of this application is to obtain an initial air operation permit or operation permit revision for one or more newly constructed or modified emissions units (check here [  ], if so), I further certify that, with the exception of any changes detailed as part of this application, each such emissions unit has been constructed or modified in substantial accordance with the information given in the corresponding application for air construction permit and with all provisions contained in such permit.*

Signature

(seal)

Date

\* Attach any exception to certification statement.

**Scope of Application**

Emissions Unit ID	Description of Emissions Unit	Permit Type	Processing Fee
001	200 TPH Eagle Primary Crusher Model UM15 and Cedar Rapids vibrating feeder located on one transportable chassis, and a Pioneer Triple Roll Secondary Crusher, 40 x 30 and associated equipment (feeders, screens, and conveyors) located on a separate transportable chassis.	AO2B	\$1000
002	Caterpillar Model 3412 generator, driven by a 750 hp Caterpillar diesel engine.	AO2C	\$750

**Application Processing Fee**

Check one: [  ] Attached - Amount: \$   \$1750   [  ] Not Applicable

**Construction/Modification Information**

1. Description of Proposed Project or Alterations:

**This operation permit is requested to allow Mulliniks Construction Company, Inc. to operate a mobile concrete and asphalt crushing unit in all of the counties in the state of Florida.**

2. Projected or Actual Date of Commencement of Construction: **3/27/2000**

3. Projected Date of Completion of Construction: **3/27/2000**

**Application Comment**

**A limit on the hours of operation is requested at 2,000 hours per year.**

## II. FACILITY INFORMATION

### A. GENERAL FACILITY INFORMATION

**Facility Location and Type**

1. Facility UTM Coordinates:			
Zone: <b>17</b>		East (km): <b>433.65</b>	North (km): <b>3361.41</b>
2. Facility Latitude/Longitude:			
Latitude (DD/MM/SS): <b>30° 23' 04"</b>		Longitude (DD/MM/SS): <b>81° 41' 26"</b>	
3. Governmental Facility Code:	4. Facility Status Code: <b>A</b>	5. Facility Major Group SIC Code: <b>17</b>	6. Facility SIC(s): <b>1795</b>
7. Facility Comment (limit to 500 characters):			
<p><b>The UTM coordinates are for the home base location of the portable facility at 5937 Soutel Drive, Jacksonville, FL 32219. The operation permit will allow the portable unit to operate in different locations within the state of Florida. The current location of this relocatable facility is at 8008 Apopka Blvd., Apopka, FL 32703 ( UTM N3165.118 E455.790, of lat. 28° 36' 50" - lon. 81° 27' 08"). The counties that the facility is currently authorized to operate are; Charlotte, Collier, Duval, Escambia, Hillsborough, Leon, Orange and Palm Beach.</b></p>			

**Facility Contact**

1. Name and Title of Facility Contact: <b>Billy Mulliniks, Jr. President</b>			
2. Facility Contact Mailing Address:			
Organization/Firm: <b>Mulliniks Construction Company, Inc.</b>			
Street Address: <b>5937 Soutel Drive</b>			
City: <b>Jacksonville</b>	State: <b>FL</b>	Zip Code: <b>32219</b>	
3. Facility Contact Telephone Numbers:			
Telephone: <b>(904)764-3644</b>		Fax: <b>(904)764-3976</b>	

**Facility Regulatory Classifications**

**Check all that apply:**

1. <input type="checkbox"/> Small Business Stationary Source?	<input type="checkbox"/> Unknown
2. <input type="checkbox"/> Synthetic Non-Title V Source?	
3. <input type="checkbox"/> Synthetic Minor Source of Pollutants Other than HAPs?	
4. <input type="checkbox"/> Synthetic Minor Source of HAPs?	
5. <input checked="" type="checkbox"/> One or More Emissions Units Subject to NSPS?	
6. <input type="checkbox"/> One or More Emission Units Subject to NESHAP Recordkeeping or Reporting?	
7. Facility Regulatory Classifications Comment (limit to 200 characters):	
<b>Certain pieces of the equipment described in this application are affected facilities per 40 CFR 60, Subpart OOO.</b>	

**Rule Applicability Analysis**

**Facility subject to certain provisions of these rules:**

**F.A.C. Rule 62-4 through 62-297 and,  
40 CFR 60 adopted by reference in 62-204 F.A.C.**

**Crusher portion of facility is subject to 40 CFR 60, Subpart OOO  
Generator portion of facility is subject to Rule 62-210.300, F.A.C.**

**B. FACILITY POLLUTANTS**

6. Supplemental Requirements Comment:

**Emissions Unit Information Section 1 of 2**

**III. EMISSIONS UNIT INFORMATION**

A separate Emissions Unit Information Section (including subsections A through G as required) must be completed for each emissions unit addressed in this Application for Air Permit. If submitting the application form in hard copy, indicate, in the space provided at the top of each page, the number of this Emissions Unit Information Section and the total number of Emissions Unit Information Sections submitted as part of this application.

**A. GENERAL EMISSIONS UNIT INFORMATION**

**Emissions Unit Description and Status**

1. Type of Emissions Unit Addressed in This Section: (Check one)		
<input type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, a single process or production unit, or activity, which produces one or more air pollutants and which has at least one definable emission point (stack or vent).		
<input type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, a group of process or production units and activities which has at least one definable emission point (stack or vent) but may also produce fugitive emissions.		
<input checked="" type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, one or more process or production units and activities which produce fugitive emissions only.		
2. Description of Emissions Unit Addressed in This Section (limit to 60 characters): <b>200 TPH Eagle Primary Crusher Model UM15 and Cedar Rapids vibrating feeder located on one transportable chassis, and a Pioneer Triple Roll Secondary Crusher, 40 x 30 and associated equipment (feeders, screens, and conveyors) located on a separate transportable chassis.</b>		
3. Emissions Unit Identification Number: ID: <b>001</b>		<input type="checkbox"/> No ID <input type="checkbox"/> ID Unknown
4. Emissions Unit Status Code: <b>A</b>	5. Initial Startup Date: <b>3/27/2000</b>	6. Emissions Unit Major Group SIC Code: <b>17</b>
7. Emissions Unit Comment: (Limit to 500 Characters)  <b>Emission unit includes:</b>  <b>Receiving Hopper/ Grizzly Feeder</b> <b>Portable Belt Conveyor(s)</b> <b>Crusher</b> <b>Screen(s)</b> <b>Truck Loading/ Unloading</b>		

**Emissions Unit Information Section 1 of 2**

**Emissions Unit Control Equipment**

1. Control Equipment/Method Description (limit to 200 characters per device or method):  <b>Dust Suppression by Water Spraying</b>
2. Control Device or Method Code(s): <b>061</b>

**Emissions Unit Details**

1. Package Unit: Manufacturer:	Model Number:
2. Generator Nameplate Rating: <b>N/A</b>	MW
3. Incinerator Information: <b>N/A</b>	
Dwell Temperature:	°F
Dwell Time:	seconds
Incinerator Afterburner Temperature:	°F

**Emissions Unit Operating Capacity and Schedule**

1. Maximum Heat Input Rate: <b>N/A</b>	mmBtu/hr
2. Maximum Incineration Rate: <b>N/A</b>	lb/hr tons/day
3. Maximum Process or Throughput Rate: <b>200 TPH</b>	
4. Maximum Production Rate: <b>N/A</b>	
5. Requested Maximum Operating Schedule:	
hours/day	days/week
weeks/year	<b>2000</b> hours/year
6. Operating Capacity/Schedule Comment (limit to 200 characters):  <b>Annual Processing Rate = 200 ton/hr x 2,000 hr/yr = 400,000 ton/yr of material processed</b>	

**Emissions Unit Information Section 1 of 2**

**B. EMISSION POINT (STACK/VENT) INFORMATION**

**Emission Point Description and Type**

1. Identification of Point on Plot Plan or Flow Diagram? <b>Portable Crusher</b>		2. Emission Point Type Code: <b>3</b>	
3. Descriptions of Emission Points Comprising this Emissions Unit for VE Tracking (limit to 100 characters per point): <b>Receiving Hopper/Grizzly Feeder Crusher Portable Belt Conveyor(s) Screen(s) Truck Loading/Unloading</b>			
4. ID Numbers or Descriptions of Emission Units with this Emission Point in Common: <b>N/A</b>			
5. Discharge Type Code: <b>F</b>	6. Stack Height: <b>N/A</b> feet	7. Exit Diameter: <b>N/A</b> feet	
8. Exit Temperature: <b>ambient, 77 °F</b>	9. Actual Volumetric Flow Rate: <b>N/A</b>	10. Water Vapor: <b>N/A</b> %	
11. Maximum Dry Standard Flow Rate: <b>N/A</b> dscfm		12. Nonstack Emission Point Height: <b>0</b> feet	
13. Emission Point UTM Coordinates: Zone: East (km): North (km):			
14. Emission Point Comment (limit to 200 characters):			

**Emissions Unit Information Section 1 of 2**

**C. SEGMENT (PROCESS/FUEL) INFORMATION**

**Segment Description and Rate:** Segment 1 of 1

1. Segment Description (Process/Fuel Type) (limit to 500 characters): <b>Mineral Products: Primary Crusher</b>		
2. Source Classification Code (SCC): <b>3-05-040-30</b>		3. SCC Units: <b>Tons Processed</b>
4. Maximum Hourly Rate: <b>200 Tons Processed</b>	5. Maximum Annual Rate: <b>400000 Tons Processed</b>	6. Estimated Annual Activity Factor:
7. Maximum % Sulfur: <b>N/A</b>	8. Maximum % Ash: <b>N/A</b>	9. Million Btu per SCC Unit: <b>N/A</b>
10. Segment Comment (limit to 200 characters): <b>The Portable crushing unit has certain pieces of equipment not subject to NSPS and has a processing rate of 200 TPH.</b>  <b>200 TPH x 2000 hr/yr = 400000 tons/yr</b>		

**Segment Description and Rate:** Segment \_\_\_\_\_ of \_\_\_\_\_

1. Segment Description (Process/Fuel Type ) (limit to 500 characters):		
2. Source Classification Code (SCC):		3. SCC Units:
4. Maximum Hourly Rate:	5. Maximum Annual Rate:	6. Estimated Annual Activity Factor:
7. Maximum % Sulfur:	8. Maximum % Ash:	9. Million Btu per SCC Unit:
10. Segment Comment (limit to 200 characters):		

**Emissions Unit Information Section 1 of 2**

**E. VISIBLE EMISSIONS INFORMATION  
(Only Emissions Units Subject to a VE Limitation)**

**Visible Emissions Limitation:** Visible Emissions Limitation 1 of 5

1. Visible Emissions Subtype: <b>VE05</b>	2. Basis for Allowable Opacity: [ <b>X</b> ] Rule [ ] Other
3. Requested Allowable Opacity: Normal Conditions: <b>05 %</b> Exceptional Conditions: Maximum Period of Excess Opacity Allowed: <b>N/A</b> min/hour	
4. Method of Compliance: <b>Method 9</b>	
5. Visible Emissions Comment (limit to 200 characters):  <b>Hillsborough County Env. Prot. Comm., Rule 1-3.61. When operating in Hillsborough County, the permittee shall not cause, permit, or allow any visible emissions (five percent opacity). This includes, but is not limited to, the receiving hopper, crushers, belt conveyors, screens, and truck loading/unloading.</b>	

**Visible Emissions Limitation:** Visible Emissions Limitation 2 of 5

1. Visible Emissions Subtype: <b>VE10</b>	2. Basis for Allowable Opacity: [ <b>X</b> ] Rule [ ] Other
3. Requested Allowable Opacity: Normal Conditions: <b>10 %</b> Exceptional Conditions: Maximum Period of Excess Opacity Allowed: <b>N/A</b> min/hour	
4. Method of Compliance: <b>Method 9</b>	
5. Visible Emissions Comment (limit to 200 characters): <b>Portable Conveyor Belts – This limit applies to transfer points onto conveyor belts only.</b>	

**Emissions Unit Information Section 1 of 2**

**Visible Emissions Limitation: Visible Emissions Limitation 3 of 5**

1. Visible Emissions Subtype: <b>VE15</b>	2. Basis for Allowable Opacity: [ <input checked="" type="checkbox"/> ] Rule [ <input type="checkbox"/> ] Other
3. Requested Allowable Opacity: Normal Conditions: <b>15 %</b> Exceptional Conditions: Maximum Period of Excess Opacity Allowed: <b>N/A</b> min/hour	
4. Method of Compliance: <b>Method 9</b>	
5. Visible Emissions Comment (limit to 200 characters): <b>Crusher – This limit applies since no capture system is used. 40 CFR 60.672 (2)(c)</b>	

**Visible Emissions Limitation: Visible Emissions Limitation 4 of 5**

1. Visible Emissions Subtype: <b>VE15</b>	2. Basis for Allowable Opacity: [ <input checked="" type="checkbox"/> ] Rule [ <input type="checkbox"/> ] Other
3. Requested Allowable Opacity: Normal Conditions: <b>15 %</b> Exceptional Conditions: Maximum Period of Excess Opacity Allowed: <b>N/A</b> min/hour	
4. Method of Compliance: <b>Method 9</b>	
6. Visible Emissions Comment (limit to 200 characters): <b>Screens 40 CFR 60.672 (2)(b)</b>	

**Emissions Unit Information Section 1 of 2**

**Visible Emissions Limitation:** Visible Emissions Limitation 5 of 5

**Emissions Unit Information Section 3 of 3**

**III. EMISSIONS UNIT INFORMATION**

A separate Emissions Unit Information Section (including subsections A through G as required) must be completed for each emissions unit addressed in this Application for Air Permit. If submitting the application form in hard copy, indicate, in the space provided at the top of each page, the number of this Emissions Unit Information Section and the total number of Emissions Unit Information Sections submitted as part of this application.

**A. GENERAL EMISSIONS UNIT INFORMATION**

**Emissions Unit Description and Status**

1. Type of Emissions Unit Addressed in This Section: (Check one)		
<input checked="" type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, a single process or production unit, or activity, which produces one or more air pollutants and which has at least one definable emission point (stack or vent).		
<input type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, a group of process or production units and activities which has at least one definable emission point (stack or vent) but may also produce fugitive emissions.		
<input type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, one or more process or production units and activities which produce fugitive emissions only.		
2. Description of Emissions Unit Addressed in This Section (limit to 60 characters): <b>Caterpillar Model 3412 generator, driven by a 750 hp Caterpillar diesel engine.</b>		
3. Emissions Unit Identification Number: <input type="checkbox"/> No ID ID: <b>002</b> <input type="checkbox"/> ID Unknown		
4. Emissions Unit Status Code: <b>A</b>	5. Initial Startup Date: <b>3/27/2000</b>	6. Emissions Unit Major Group SIC Code: <b>17</b>
7. Emissions Unit Comment: (Limit to 500 Characters)		

**Emissions Unit Information Section 3 of 3**

**Emissions Unit Control Equipment**

1. Control Equipment/Method Description (limit to 200 characters per device or method):
2. Control Device or Method Code(s):

**Emissions Unit Details**

1. Package Unit: N/A Manufacturer: _____ Model Number: _____
2. Generator Nameplate Rating: N/A _____ MW
3. Incinerator Information: N/A Dwell Temperature: _____ °F Dwell Time: _____ seconds Incinerator Afterburner Temperature: _____ °F

**Emissions Unit Operating Capacity and Schedule**

1. Maximum Heat Input Rate: _____ <b>2.10</b> mmBtu/hr
2. Maximum Incineration Rate: N/A _____ lb/hr _____ tons/day
3. Maximum Process or Throughput Rate: N/A
4. Maximum Production Rate: N/A
5. Requested Maximum Operating Schedule: _____ hours/day _____ days/week _____ weeks/year <b>2000</b> hours/year
6. Operating Capacity/Schedule Comment (limit to 200 characters):  <b>750 HP Engine direct drive to crusher with attached electric generator powering conveyors</b>  <b>Fuel usage rate of 15 gal/hr.</b> <b>15 gal/hr x 140,000 MMBtu/gal = 2.10 MMBtu/hr</b>

**Emissions Unit Information Section 3 of 3**

**B. EMISSION POINT (STACK/VENT) INFORMATION**

**Emission Point Description and Type**

1. Identification of Point on Plot Plan or Flow Diagram? <b>Deisel Engine</b>		2. Emission Point Type Code: <b>1</b>	
3. Descriptions of Emission Points Comprising this Emissions Unit for VE Tracking (limit to 100 characters per point):			
4. ID Numbers or Descriptions of Emission Units with this Emission Point in Common: <b>N/A</b>			
5. Discharge Type Code: <b>H</b>	6. Stack Height: <b>10</b> feet	7. Exit Diameter: <b>N/A</b> feet	
8. Exit Temperature: °F	9. Actual Volumetric Flow Rate: <b>N/A</b> acfm	10. Water Vapor: <b>N/A</b> %	
11. Maximum Dry Standard Flow Rate: <b>N/A</b> dscfm		12. Nonstack Emission Point Height: <b>N/A</b> feet	
13. Emission Point UTM Coordinates: Zone: East (km): North (km):			
14. Emission Point Comment (limit to 200 characters):			

**Emissions Unit Information Section 3 of 3**

**C. SEGMENT (PROCESS/FUEL) INFORMATION**

**Segment Description and Rate: Segment 1 of 1**

1. Segment Description (Process/Fuel Type) (limit to 500 characters): <b>Internal Combustion Engine: Industrial: Diesel</b>		
2. Source Classification Code (SCC): <b>2-02-001-02</b>		3. SCC Units: <b>1000 gal burned</b>
4. Maximum Hourly Rate: <b>0.015</b>	5. Maximum Annual Rate: <b>30</b>	6. Estimated Annual Activity Factor:
7. Maximum % Sulfur: <b>0.5</b>	8. Maximum % Ash: <b>N/A</b>	9. Million Btu per SCC Unit: <b>140</b>
10. Segment Comment (limit to 200 characters):  <b>Hourly: 15 gal/hr x 0.001 1000gal/gal = 0.015 x 10<sup>3</sup> gal/hr</b>  <b>Annual: 0.015 1000 gal/hr x 2000 hr/yr = 30 x 10<sup>3</sup> gal/yr</b>		

**Segment Description and Rate: Segment \_\_\_\_\_ of \_\_\_\_\_**

1. Segment Description (Process/Fuel Type ) (limit to 500 characters):		
2. Source Classification Code (SCC):		3. SCC Units:
4. Maximum Hourly Rate:	5. Maximum Annual Rate:	6. Estimated Annual Activity Factor:
7. Maximum % Sulfur:	8. Maximum % Ash:	9. Million Btu per SCC Unit:
10. Segment Comment (limit to 200 characters):		

**Emissions Unit Information Section 3 of 3**

**E. VISIBLE EMISSIONS INFORMATION**  
**(Only Emissions Units Subject to a VE Limitation)**

**Visible Emissions Limitation:** Visible Emissions Limitation \_ of \_

1. Visible Emissions Subtype: N/A	2. Basis for Allowable Opacity: [ X ] Rule [ ] Other
3. Requested Allowable Opacity: Normal Conditions: % Exceptional Conditions: N/A % Maximum Period of Excess Opacity Allowed: N/A min/hour	
4. Method of Compliance:	
5. Visible Emissions Comment (limit to 200 characters):	

**F. CONTINUOUS MONITOR INFORMATION**  
**(Only Emissions Units Subject to Continuous Monitoring)**

**Continuous Monitoring System:** Continuous Monitor \_\_\_\_ of \_\_\_\_

1. Parameter Code: N/A	2. Pollutant(s):
3. CMS Requirement: [ ] Rule [ ] Other	
4. Monitor Information: Manufacturer: Model Number: Serial Number:	
5. Installation Date:	6. Performance Specification Test Date:
7. Continuous Monitor Comment (limit to 200 characters):	

**G. EMISSIONS UNIT SUPPLEMENTAL INFORMATION**

**Supplemental Requirements**

1. Process Flow Diagram <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
2. Fuel Analysis or Specification <input type="checkbox"/> Attached, Document ID: _____ <input type="checkbox"/> Not Applicable <input checked="" type="checkbox"/> Waiver Requested
3. Detailed Description of Control Equipment <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
4. Description of Stack Sampling Facilities <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
5. Compliance Test Report <input type="checkbox"/> Attached, Document ID: _____ <input type="checkbox"/> Previously submitted, Date: _____ <input checked="" type="checkbox"/> Not Applicable
6. Procedures for Startup and Shutdown <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
7. Operation and Maintenance Plan <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
8. Supplemental Information for Construction Permit Application <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable
9. Other Information Required by Rule or Statute <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable

## Division of Air Resources Management

BUREAU OF AIR REGULATION

### APPLICATION FOR AIR PERMIT - NON-TITLE V SOURCE

See Instructions for Form No. 62-210.900(3)

#### I. APPLICATION INFORMATION

##### Identification of Facility

1. Facility Owner/Company Name: <b>Mulliniks Construction Company, Inc.</b>	
2. Site Name: <b>Portable Crushing Plant PCO1F</b>	
3. Facility Identification Number: <b>7775103</b> [ ] Unknown	
4. Facility Location: Street Address or Other Locator: <b>5937 Soutel Drive</b> City: <b>Jacksonville</b> County: <b>Duval</b> Zip Code: <b>32219</b>	
5. Relocatable Facility? [X] Yes [ ] No	6. Existing Permitted Facility? [X] Yes [ ] No

##### Application Contact

1. Name and Title of Application Contact: <b>Billy Mulliniks, Jr., President</b>	
2. Application Contact Mailing Address: Organization/Firm: <b>Mulliniks Construction Company, Inc.</b> Street Address: <b>5937 Soutel Drive</b> City: <b>Jacksonville</b> State: <b>FL</b> Zip Code: <b>32219</b>	
3. Application Contact Telephone Numbers: Telephone: <b>(904) 764-3644</b> Fax: <b>(904) 764-3976</b>	

##### Application Processing Information (DEP Use)

1. Date of Receipt of Application:	
2. Permit Number:	

**Purpose of Application**

**Air Operation Permit Application**

This Application for Air Permit is submitted to obtain: (Check one)

- Initial non-Title V air operation permit for one or more existing, but previously unpermitted, emissions units.
- Initial non-Title V air operation permit for one or more newly constructed or modified emissions units.

Current construction permit number: \_\_\_\_\_ 7775103-001-AC \_\_\_\_\_

- Non-Title V air operation permit revision to address one or more newly constructed or modified emissions units.

Current construction permit number: \_\_\_\_\_

Operation permit number to be revised: \_\_\_\_\_

- Initial non-Title V air operation permit under Rule 62-210.300(2)(b), F.A.C., for an existing facility seeking classification as a synthetic non-Title V source.

Current operation/construction permit number(s):

\_\_\_\_\_

- Non-Title V air operation permit revision for a synthetic non-Title V source. Give reason for revision; e.g., to address one or more newly constructed or modified emissions units.

Operation permit number to be revised: \_\_\_\_\_

Reason for revision: \_\_\_\_\_

**Air Construction Permit Application**

This Application for Air Permit is submitted to obtain: (Check one)

- Air construction permit to construct or modify one or more emissions units.
- Air construction permit to make federally enforceable an assumed restriction on the potential emissions of one or more existing, permitted emissions units.
- Air construction permit for one or more existing, but unpermitted, emissions units.

**Owner/Authorized Representative**

1. Name and Title of Owner/Authorized Representative: <b>Billy Mulliniks Jr., President</b>		
2. Owner/Authorized Representative Mailing Address: Organization/Firm: <b>Mulliniks Construction Company, Inc.</b> Street Address: <b>5937 Soutel Drive</b> City: <b>Jacksonville</b> State: <b>FL</b> Zip Code: <b>32219</b>		
3. Owner/Authorized Representative Telephone Numbers: Telephone: <b>(904) 764-3644</b> Fax: <b>(904) 764-3976</b>		
4. Owner/Authorized Representative Statement:  <i>I, the undersigned, am the owner or authorized representative* of the facility addressed in this application. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements made in this application are true, accurate and complete and that, to the best of my knowledge, any estimates of emissions reported in this application are based upon reasonable techniques for calculating emissions. The air pollutant emissions units and air pollution control equipment described in this application will be operated and maintained so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof. I understand that a permit, if granted by the Department, cannot be transferred without authorization from the Department, and I will promptly notify the Department upon sale or legal transfer of any permitted emissions unit.</i>   Signature _____ Date <u>6-20-2000</u>		

\* Attach letter of authorization if not currently on file.

**Professional Engineer Certification**

1. Professional Engineer Name: <b>Frank Darabi</b> Registration Number: <b>20385</b>		
2. Professional Engineer Mailing Address: Organization/Firm: <b>Darabi and Associates, Inc.</b> Street Address: <b>730 N.E. Waldo Road</b> City: <b>Gainesville</b> State: <b>FL</b> Zip Code: <b>32641</b>		
3. Professional Engineer Telephone Numbers: Telephone: <b>(352) 376-6533</b> Fax: <b>(352) 376-3166</b>		

4. Professional Engineer Statement:

*I, the undersigned, hereby certify, except as particularly noted herein\*, that:*

*(1) To the best of my knowledge, there is reasonable assurance that the air pollutant emissions unit(s) and the air pollution control equipment described in this Application for Air Permit, when properly operated and maintained, will comply with all applicable standards for control of air pollutant emissions found in the Florida Statutes and rules of the Department of Environmental Protection; and*

*(2) To the best of my knowledge, any emission estimates reported or relied on in this application are true, accurate, and complete and are either based upon reasonable techniques available for calculating emissions or, for emission estimates of hazardous air pollutants not regulated for an emissions unit addressed in this application, based solely upon the materials, information and calculations submitted with this application.*

*If the purpose of this application is to obtain an air construction permit for one or more proposed new or modified emissions units (check here [  ], if so), I further certify that the engineering features of each such emissions unit described in this application have been designed or examined by me or individuals under my direct supervision and found to be in conformity with sound engineering principles applicable to the control of emissions of the air pollutants characterized in this application.*

*If the purpose of this application is to obtain an initial air operation permit or operation permit revision for one or more newly constructed or modified emissions units (check here [  ], if so), I further certify that, with the exception of any changes detailed as part of this application, each such emissions unit has been constructed or modified in substantial accordance with the information given in the corresponding application for air construction permit and with all provisions contained in such permit.*

*[Signature]*  
\_\_\_\_\_  
Signature

*6/20/2000*  
\_\_\_\_\_  
Date

\* Attach any exception to certification statement.

**Scope of Application**

Emissions Unit ID	Description of Emissions Unit	Permit Type	Processing Fee
001	200 TPH Eagle Primary Crusher Model UM15 and Cedar Rapids vibrating feeder located on one transportable chassis, and a Pioneer Triple Roll Secondary Crusher, 40 x 30 and associated equipment (feeders, screens, and conveyors) located on a separate transportable chassis.	AO2B	\$1000
002	Caterpillar Model 3412 generator, driven by a 750 hp Caterpillar diesel engine.	AO2C	\$750

**Application Processing Fee**

Check one:  Attached - Amount: \$       \$1750        Not Applicable

**Construction/Modification Information**

1. Description of Proposed Project or Alterations:

**This operation permit is requested to allow Mulliniks Construction Company, Inc. to operate a mobile concrete and asphalt crushing unit in all of the counties in the state of Florida.**

2. Projected or Actual Date of Commencement of Construction: **3/27/2000**

3. Projected Date of Completion of Construction: **3/27/2000**

**Application Comment**

**A limit on the hours of operation is requested at 2,000 hours per year.**

## II. FACILITY INFORMATION

### A. GENERAL FACILITY INFORMATION

#### Facility Location and Type

1. Facility UTM Coordinates: Zone: <b>17</b> East (km): <b>433.65</b> North (km): <b>3361.41</b>			
2. Facility Latitude/Longitude: Latitude (DD/MM/SS): <b>30° 23' 04"</b> Longitude (DD/MM/SS): <b>81° 41' 26"</b>			
3. Governmental Facility Code:	4. Facility Status Code: <b>A</b>	5. Facility Major Group SIC Code: <b>17</b>	6. Facility SIC(s): <b>1795</b>
7. Facility Comment (limit to 500 characters):  <b>The UTM coordinates are for the home base location of the portable facility at 5937 Soutel Drive, Jacksonville, FL 32219. The operation permit will allow the portable unit to operate in different locations within the state of Florida. The current location of this relocatable facility is at 8008 Apopka Blvd., Apopka, FL 32703 ( UTM N3165.118 E455.790, of lat. 28° 36' 50" - lon. 81° 27' 08"). The counties that the facility is currently authorized to operate are; Charlotte, Collier, Duval, Escambia, Hillsborough, Leon, Orange and Palm Beach.</b>			

#### Facility Contact

1. Name and Title of Facility Contact: <b>Billy Mulliniks, Jr. President</b>			
2. Facility Contact Mailing Address: Organization/Firm: <b>Mulliniks Construction Company, Inc.</b> Street Address: <b>5937 Soutel Drive</b> City: <b>Jacksonville</b> State: <b>FL</b> Zip Code: <b>32219</b>			
3. Facility Contact Telephone Numbers: Telephone: <b>(904)764-3644</b> Fax: <b>(904)764-3976</b>			

**Facility Regulatory Classifications**

**Check all that apply:**

1. <input type="checkbox"/> Small Business Stationary Source?	<input type="checkbox"/> Unknown
2. <input type="checkbox"/> Synthetic Non-Title V Source?	
3. <input type="checkbox"/> Synthetic Minor Source of Pollutants Other than HAPs?	
4. <input type="checkbox"/> Synthetic Minor Source of HAPs?	
5. <input checked="" type="checkbox"/> One or More Emissions Units Subject to NSPS?	
6. <input type="checkbox"/> One or More Emission Units Subject to NESHAP Recordkeeping or Reporting?	
7. Facility Regulatory Classifications Comment (limit to 200 characters):	
<b>Certain pieces of the equipment described in this application are affected facilities per 40 CFR 60, Subpart OOO.</b>	

**Rule Applicability Analysis**

**Facility subject to certain provisions of these rules:**

**F.A.C. Rule 62-4 through 62-297 and,  
40 CFR 60 adopted by reference in 62-204 F.A.C.**

**Crusher portion of facility is subject to 40 CFR 60, Subpart OOO  
Generator portion of facility is subject to Rule 62-210.300, F.A.C.**

### B. FACILITY POLLUTANTS

**List of Pollutants Emitted**

1. Pollutant Emitted	2. Pollutant Classif.	3. Requested Emissions Cap		4. Basis for Emissions Cap	5. Pollutant Comment
		lb/hour	tons/year		
<b>PM</b>	<b>B</b>				<b>40 CFR 60, Subpart OOO VE limitations</b>

## C. FACILITY SUPPLEMENTAL INFORMATION

### Supplemental Requirements

1. Area Map Showing Facility Location: <input type="checkbox"/> Attached, Document ID: _____ <input type="checkbox"/> Not Applicable <input checked="" type="checkbox"/> Waiver Requested <b>department has on file</b>
2. Facility Plot Plan: <input type="checkbox"/> Attached, Document ID: _____ <input type="checkbox"/> Not Applicable <input checked="" type="checkbox"/> Waiver Requested <b>department has on file</b>
3. Process Flow Diagram(s): <input type="checkbox"/> Attached, Document ID: _____ <input type="checkbox"/> Not Applicable <input checked="" type="checkbox"/> Waiver Requested <b>department has on file</b>
4. Precautions to Prevent Emissions of Unconfined Particulate Matter: <input type="checkbox"/> Attached, Document ID: _____ <input type="checkbox"/> Not Applicable <input checked="" type="checkbox"/> Waiver Requested <b>department has on file</b>
5. Supplemental Information for Construction Permit Application: <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable
6. Supplemental Requirements Comment:

**III. EMISSIONS UNIT INFORMATION**

A separate Emissions Unit Information Section (including subsections A through G as required) must be completed for each emissions unit addressed in this Application for Air Permit. If submitting the application form in hard copy, indicate, in the space provided at the top of each page, the number of this Emissions Unit Information Section and the total number of Emissions Unit Information Sections submitted as part of this application.

**A. GENERAL EMISSIONS UNIT INFORMATION**

**Emissions Unit Description and Status**

<p>1. Type of Emissions Unit Addressed in This Section: (Check one)</p> <p><input type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, a single process or production unit, or activity, which produces one or more air pollutants and which has at least one definable emission point (stack or vent).</p> <p><input type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, a group of process or production units and activities which has at least one definable emission point (stack or vent) but may also produce fugitive emissions.</p> <p><input checked="" type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, one or more process or production units and activities which produce fugitive emissions only.</p>		
<p>2. Description of Emissions Unit Addressed in This Section (limit to 60 characters):  <b>200 TPH Eagle Primary Crusher Model UM15 and Cedar Rapids vibrating feeder located on one transportable chassis, and a Pioneer Triple Roll Secondary Crusher, 40 x 30 and associated equipment (feeders, screens, and conveyors) located on a separate transportable chassis.</b></p>

<p>4. Emissions Unit Status                  Code: <b>A</b></p>	<p>5. Initial Startup Date:  <b>3/27/2000</b></p>	<p>6. Emissions Unit Major Group SIC Code: <b>17</b></p>
<p>7. Emissions Unit Comment: (Limit to 500 Characters)</p> <p><b>Emission unit includes:</b></p> <p><b>Receiving Hopper/ Grizzly Feeder</b>  <b>Portable Belt Conveyor(s)</b>  <b>Crusher</b>  <b>Screen(s)</b>  <b>Truck Loading/ Unloading</b></p>		

**Emissions Unit Information Section 1 of 2**

**Emissions Unit Control Equipment**

1. Control Equipment/Method Description (limit to 200 characters per device or method):

**Dust Suppression by Water Spraying**

2. Control Device or Method Code(s): **061**

**Emissions Unit Details**

1. Package Unit: Manufacturer:	Model Number:
2. Generator Nameplate Rating: <b>N/A</b>	<b>MW</b>
3. Incinerator Information: <b>N/A</b>	
Dwell Temperature:	°F
Dwell Time:	seconds
Incinerator Afterburner Temperature:	°F

**Emissions Unit Operating Capacity and Schedule**

1. Maximum Heat Input Rate: <b>N/A</b>	mmBtu/hr
2. Maximum Incineration Rate: <b>N/A</b>	lb/hr      tons/day
3. Maximum Process or Throughput Rate: <b>200 TPH</b>	
4. Maximum Production Rate: <b>N/A</b>	
5. Requested Maximum Operating Schedule:	
hours/day	days/week
weeks/year	<b>2000</b> hours/year
6. Operating Capacity/Schedule Comment (limit to 200 characters):	
<b>Annual Processing Rate = 200 ton/hr x 2,000 hr/yr = 400,000 ton/yr of material processed</b>	

**Emissions Unit Information Section 1 of 2**

**B. EMISSION POINT (STACK/VENT) INFORMATION**

**Emission Point Description and Type**

1. Identification of Point on Plot Plan or Flow Diagram? <b>Portable Crusher</b>		2. Emission Point Type Code: <b>3</b>	
3. Descriptions of Emission Points Comprising this Emissions Unit for VE Tracking (limit to 100 characters per point): <b>Receiving Hopper/Grizzly Feeder Crusher Portable Belt Conveyor(s) Screen(s) Truck Loading/Unloading</b>			
4. ID Numbers or Descriptions of Emission Units with this Emission Point in Common: <b>N/A</b>			
5. Discharge Type Code: <b>F</b>	6. Stack Height: <b>N/A</b> feet	7. Exit Diameter: <b>N/A</b> feet	
8. Exit Temperature: <b>ambient, 77 °F</b>	9. Actual Volumetric Flow Rate: <b>N/A</b>	10. Water Vapor: <b>N/A</b> %	
11. Maximum Dry Standard Flow Rate: <b>N/A</b> dscfm		12. Nonstack Emission Point Height: <b>0</b> feet	
13. Emission Point UTM Coordinates: Zone: East (km): North (km):			
14. Emission Point Comment (limit to 200 characters):			

**Emissions Unit Information Section 1 of 2**

**C. SEGMENT (PROCESS/FUEL) INFORMATION**

**Segment Description and Rate:** Segment 1 of 1

1. Segment Description (Process/Fuel Type) (limit to 500 characters): <b>Mineral Products: Primary Crusher</b>		
2. Source Classification Code (SCC): <b>3-05-040-30</b>		3. SCC Units: <b>Tons Processed</b>
4. Maximum Hourly Rate: <b>200 Tons Processed</b>	5. Maximum Annual Rate: <b>400000 Tons Processed</b>	6. Estimated Annual Activity Factor:
7. Maximum % Sulfur: <b>N/A</b>	8. Maximum % Ash: <b>N/A</b>	9. Million Btu per SCC Unit: <b>N/A</b>
10. Segment Comment (limit to 200 characters): <b>The Portable crushing unit has certain pieces of equipment not subject to NSPS and has a processing rate of 200 TPH.</b>  <b>200 TPH x 2000 hr/yr = 400000 tons/yr</b>		

**Segment Description and Rate:** Segment \_\_\_\_ of \_\_\_\_

1. Segment Description (Process/Fuel Type ) (limit to 500 characters):		
2. Source Classification Code (SCC):		3. SCC Units:
4. Maximum Hourly Rate:	5. Maximum Annual Rate:	6. Estimated Annual Activity Factor:
7. Maximum % Sulfur:	8. Maximum % Ash:	9. Million Btu per SCC Unit:
10. Segment Comment (limit to 200 characters):		

**Emissions Unit Information Section 1 of 2**

**Visible Emissions Limitation:** Visible Emissions Limitation 5 of 5

1. Visible Emissions Subtype: <b>VE20</b>	2. Basis for Allowable Opacity: [ <b>X</b> ] Rule [ ] Other
3. Requested Allowable Opacity: Normal Conditions: <b>20 %</b> Exceptional Conditions: Maximum Period of Excess Opacity Allowed: <b>N/A</b> min/hour	
4. Method of Compliance: <b>Method 9</b>	
7. Visible Emissions Comment (limit to 200 characters): <b>Truck Loading/Unloading</b>	

**F. CONTINUOUS MONITOR INFORMATION  
(Only Emissions Units Subject to Continuous Monitoring)**

**Continuous Monitoring System:** Continuous Monitor \_\_\_\_\_ of \_\_\_\_\_

1. Parameter Code: <b>N/A</b>	2. Pollutant(s):
3. CMS Requirement:	[ ] Rule [ ] Other
4. Monitor Information: Manufacturer: Model Number: Serial Number:

<p>7. Operation and Maintenance Plan  <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested</p>
<p>8. Supplemental Information for Construction Permit Application  <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable</p>
<p>9. Other Information Required by Rule or Statute  <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable</p>
<p>10. Supplemental Requirements Comment:</p>          

**Emissions Unit Information Section 3 of 3**

**III. EMISSIONS UNIT INFORMATION**

A separate Emissions Unit Information Section (including subsections A through G as required) must be completed for each emissions unit addressed in this Application for Air Permit. If submitting the application form in hard copy, indicate, in the space provided at the top of each page, the number of this Emissions Unit Information Section and the total number of Emissions Unit Information Sections submitted as part of this application.

**A. GENERAL EMISSIONS UNIT INFORMATION**

**Emissions Unit Description and Status**

1. Type of Emissions Unit Addressed in This Section: (Check one)		
<input checked="" type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, a single process or production unit, or activity, which produces one or more air pollutants and which has at least one definable emission point (stack or vent).		
<input type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, a group of process or production units and activities which has at least one definable emission point (stack or vent) but may also produce fugitive emissions.		
<input type="checkbox"/> This Emissions Unit Information Section addresses, as a single emissions unit, one or more process or production units and activities which produce fugitive emissions only.		
2. Description of Emissions Unit Addressed in This Section (limit to 60 characters): <b>Caterpillar Model 3412 generator, driven by a 750 hp Caterpillar diesel engine.</b>		
3. Emissions Unit Identification Number: <span style="float: right;">[ ] No ID</span> ID: <b>002</b> <span style="float: right;">[ ] ID Unknown</span>		
4. Emissions Unit Status Code: <b>A</b>	5. Initial Startup Date: <b>3/27/2000</b>	6. Emissions Unit Major Group SIC Code: <b>17</b>
7. Emissions Unit Comment: (Limit to 500 Characters)		

**Emissions Unit Information Section 3 of 3**

**Emissions Unit Control Equipment**

1. Control Equipment/Method Description (limit to 200 characters per device or method):
2. Control Device or Method Code(s):

**Emissions Unit Details**

1. Package Unit: N/A Manufacturer: _____ Model Number: _____
2. Generator Nameplate Rating: N/A _____ MW
3. Incinerator Information: N/A Dwell Temperature: _____ °F Dwell Time: _____ seconds Incinerator Afterburner Temperature: _____ °F

**Emissions Unit Operating Capacity and Schedule**

1. Maximum Heat Input Rate: _____ <b>2.10</b> mmBtu/hr
2. Maximum Incineration Rate: N/A _____ lb/hr _____ tons/day
3. Maximum Process or Throughput Rate: N/A
4. Maximum Production Rate: N/A
5. Requested Maximum Operating Schedule: _____ hours/day _____ days/week _____ weeks/year <b>2000</b> hours/year
6. Operating Capacity/Schedule Comment (limit to 200 characters):  <b>750 HP Engine direct drive to crusher with attached electric generator powering conveyors</b>  <b>Fuel usage rate of 15 gal/hr.</b> <b>15 gal/hr x 140,000 MMBtu/gal = 2.10 MMBtu/hr</b>

**Emissions Unit Information Section 3 of 3**

**B. EMISSION POINT (STACK/VENT) INFORMATION**

**Emission Point Description and Type**

1. Identification of Point on Plot Plan or Flow Diagram? <b>Deisel Engine</b>		2. Emission Point Type Code: <b>1</b>	
3. Descriptions of Emission Points Comprising this Emissions Unit for VE Tracking (limit to 100 characters per point):			
4. ID Numbers or Descriptions of Emission Units with this Emission Point in Common: <b>N/A</b>			
5. Discharge Type Code: <b>H</b>	6. Stack Height: <b>10</b> feet	7. Exit Diameter: <b>N/A</b> feet	
8. Exit Temperature: °F	9. Actual Volumetric Flow Rate: <b>N/A</b> acfm	10. Water Vapor: <b>N/A</b> %	
11. Maximum Dry Standard Flow Rate: <b>N/A</b> dscfm		12. Nonstack Emission Point Height: <b>N/A</b> feet	
13. Emission Point UTM Coordinates: Zone: East (km): North (km):			
14. Emission Point Comment (limit to 200 characters):			

**Emissions Unit Information Section 3 of 3**

**C. SEGMENT (PROCESS/FUEL) INFORMATION**

**Segment Description and Rate:** Segment 1 of 1

1. Segment Description (Process/Fuel Type) (limit to 500 characters): <b>Internal Combustion Engine: Industrial: Diesel</b>		
2. Source Classification Code (SCC): <b>2-02-001-02</b>		3. SCC Units: <b>1000 gal burned</b>
4. Maximum Hourly Rate: <b>0.015</b>	5. Maximum Annual Rate: <b>30</b>	6. Estimated Annual Activity Factor:
7. Maximum % Sulfur: <b>0.5</b>	8. Maximum % Ash: <b>N/A</b>	9. Million Btu per SCC Unit: <b>140</b>
10. Segment Comment (limit to 200 characters):  <b>Hourly: 15 gal/hr x 0.001 1000gal/gal = 0.015 x 10<sup>3</sup> gal/hr</b>  <b>Annual: 0.015 1000 gal/hr x 2000 hr/yr = 30 x 10<sup>3</sup> gal/yr</b>		

**Segment Description and Rate:** Segment \_\_\_\_ of \_\_\_\_

1. Segment Description (Process/Fuel Type ) (limit to 500 characters):		
2. Source Classification Code (SCC):		3. SCC Units:
4. Maximum Hourly Rate:	5. Maximum Annual Rate:	6. Estimated Annual Activity Factor:
7. Maximum % Sulfur:	8. Maximum % Ash:	9. Million Btu per SCC Unit:
10. Segment Comment (limit to 200 characters):		

**E. VISIBLE EMISSIONS INFORMATION**  
**(Only Emissions Units Subject to a VE Limitation)**

**Visible Emissions Limitation:** Visible Emissions Limitation    of   

1. Visible Emissions Subtype: N/A	2. Basis for Allowable Opacity: [ X ] Rule [ ] Other
3. Requested Allowable Opacity: Normal Conditions: % Exceptional Conditions: N/A % Maximum Period of Excess Opacity Allowed: N/A min/hour	
4. Method of Compliance:	
5. Visible Emissions Comment (limit to 200 characters):	

**F. CONTINUOUS MONITOR INFORMATION**  
**(Only Emissions Units Subject to Continuous Monitoring)**

**Continuous Monitoring System:** Continuous Monitor    of   

1. Parameter Code: N/A	2. Pollutant(s):
3. CMS Requirement:	[ ] Rule [ ] Other
4. Monitor Information: Manufacturer: Model Number: Serial Number:	
5. Installation Date:	6. Performance Specification Test Date:
7. Continuous Monitor Comment (limit to 200 characters):	

**G. EMISSIONS UNIT SUPPLEMENTAL INFORMATION**

**Supplemental Requirements**

1. Process Flow Diagram <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
2. Fuel Analysis or Specification <input type="checkbox"/> Attached, Document ID: _____ <input type="checkbox"/> Not Applicable <input checked="" type="checkbox"/> Waiver Requested
3. Detailed Description of Control Equipment <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
4. Description of Stack Sampling Facilities <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
5. Compliance Test Report <input type="checkbox"/> Attached, Document ID: _____ <input type="checkbox"/> Previously submitted, Date: _____ <input checked="" type="checkbox"/> Not Applicable
6. Procedures for Startup and Shutdown <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
7. Operation and Maintenance Plan <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
8. Supplemental Information for Construction Permit Application <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable
9. Other Information Required by Rule or Statute <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable
10. Supplemental Requirements Comment:
