RE: Mulliniks Construction Co., Inc.
Draft Permit No.: 7775103-001-AC
7775104-001-AC

Dear Mr. Lefler:

We are hereby submitting Proof of Publication for the two new Mulliniks Plants. The plants are currently in Alabama and Georgia.

We would appreciate the crusher permits be issued for a minimum of 18 months to allow the plants to come back to Florida for final testing and operation permit application.

Sincerely,

Frank A. Darabi, P.E.

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775104-001-AC
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

<u>Pollutant</u>	<u>Hourly Emissions</u> pounds per hour	<u>Annual Emissions</u> tons per year
Particulate Matter (PM/PM ₁₀)	2.3	2.3
Nitrogen Oxides (NO _x)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO ₂)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
 STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
 DRAFT Permit No.: 7775104-001-AC
 Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.) A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions	Annual Emissions
	pounds per hour	Tons per year
Particulate Matter (PM/PM10)	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO2)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposal DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below:

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Section 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how and when each petitioner received notice of the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or

BUREAU OF AIR REGULATION

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA

DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775104-001-AC

Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212,400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Sautel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM ₁₀)	2.3	2.3
Nitrogen Oxides (NO _x)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO ₂)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
STATE OF FLORIDA

DEPARTMENT OF ENVIRONMENTAL PROTECTION
DRAFT Permit No.: 7775104-001-AC
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc. 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions	Annual Emissions
	pounds per hour	tons per year
Particulate Matter (PM/PM10)	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulphur Dioxide (SO2)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE

DEPARTMENT OF ENVIRONMENTAL PROTECTION

The Department of Environmental Protection (DEP) is reviewing an application for a permit to operate a diesel engine powered portable compressor throughout Florida. The crusher is a minor source of air pollution. Pursuant to Rule 62-212.400, Florida Administrative Code (F.A.C.), the applicant's name and address are: Mulliniks Construction, Inc., 111 S. Magnolia Drive, Suite 4, Tallahassee, Florida 32301.

The facility has been reviewed for potential operational emissions from the diesel fuel. Control of fugitive emissions is required.

Total emissions of pollutants from this facility are:

Pollutant
Particulate Matter (PM/PM10)
Nitrogen Oxides (NO _x)
Carbon Monoxide (CO)
Sulfur Dioxide (SO ₂)
Volatile Organic Compounds (VOC)

Because of the low emissions and limited time of operation, the facility meets the applicable quality standard.

The Department will issue the FINAL Permit, in accordance with the following procedures results in a different decision.

The Department will accept written comments on the draft permit by the date of publication of this Notice. Written comments should be submitted to Station #5505, Tallahassee, Florida 32399-2400. Any comments that result in a significant change in this DRAFT Permit, will require a new Notice.

The Department will issue the FINAL Permit with the conditions set forth below pursuant to Sections 120.569 and 120.57 Florida Statutes.

A person whose substantial interests are affected by the issuance of a permit under Sections 120.569 and 120.57, F.S. may file a petition with the General Counsel of the Department, 3900 Commonwealth Boulevard, Tallahassee, Florida 32310, by the date of publication of this Notice. Petitions must be filed within four days of the date of publication of this Notice, whichever occurs first. A petitioner must mail a copy of the petition to the General Counsel of the Department. A determination (hearing) under Sections 120.569 and 120.57, F.S. will be held only at the approval of the presiding officer.

A petition must contain the following information: (a) the name and address of the petitioner; (b) the Permit File Number and the county in which the Department's action or proposed action is being taken; (c) A statement of the petitioner's proposed action; (d) A statement of the material facts which require reversal or modification of the Department's action or proposed action; and (e) A statement of the action that the petitioner wants the Department to take.

Because the administrative hearing process is designed to be an informal process, the Department's decision on the application may be different from the position taken by it in the decision of the Department on the application have the right to be heard.

Copies of the proposed construction permit and the application shall be available for public inspection from 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays.

INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775104-001-AC
Mulliniks Construction Company, Inc.

(1) gives notice of its intent to issue an air construction permit to Mulliniks Construction and asphalt material crusher that will be operated at construction and industrial sites and not subject to the Prevention of Significant Deterioration (PSD) regulations. Available Control Technology determination was not required for this facility. The Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

counties of Florida. The unit will emit fugitive particulate matter and the products of combustion. The matter is accomplished by wetting as needed.

be:

Hourly Emissions pounds per hour	Annual Emissions tons per year
2.3	2.3
9.3	9.3
2.0	2.0
0.6	0.6
1.1	1.1

At any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The permit is subject to the conditions of the DRAFT Permit unless a response received in accordance with the permit change of terms or conditions.

The proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Tallahassee, Florida 32309-3000, shall be made available for public inspection. If written comments received by the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Hearing.

Under the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed with the Department. Mediation is not available for this action. The procedures for petitioning for a hearing are set forth in the Department's Administrative Rules.

The Department's proposed permitting decision may petition for an administrative hearing in which the petitioner must contain the information set forth below and must be filed (received) in the Office of the Department of Environmental Protection, 2600 Blair Stone Road, Tallahassee, Florida 32309-3000, telephone: 850/488-9370, within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of filing of the petition to the applicant at the address indicated above, at the time of filing. The time period shall constitute a waiver of that person's right to request an administrative hearing, to file a petition for review, to file a petition for a writ of certiorari, or to intervene in this proceeding and participate as a party to it. Any subsequent petition for review shall be filed in accordance with Rule 28-5.207, F.A.C.

The name, address, and telephone number of each petitioner, the applicant's name and address, and the project is proposed; (b) A statement of how and when each petitioner received notice of the proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the facts that the petitioner contends warrant the proposed action; (e) A statement identifying the rules or statutes that the petitioner contends are violated; and (f) A statement of the relief sought by the petitioner, stating the reasons why the petitioner believes that relief is warranted with respect to the Department's action or proposed action addressed in this notice.

The filing of a petition for review means that the Department's final action is subject to judicial review. Persons whose substantial interests will be affected by any such final action may petition to become a party to the proceeding, in accordance with the requirements set forth in the Department's Administrative Rules.

Public notices and information are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m.

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
 STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
 DRAFT Permit No.: 7775104-001-AC

Mulliniks Construction Company, Inc.
 The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM/PM10)	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO2)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mall Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and

must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or, within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.549 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 20-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner; the applicant's name and address; the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775104-001-AC
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM10)	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO ₂)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the Department. Intervention will be only at the approval of the Department. Intervention will be only at the approval of the Department. Intervention will be only at the approval of the Department.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mulliniks Construction
Company, Inc.
The Department of Environ-
mental Protection (Depart-
ment) gives notice of its intent
to issue an air construction
permit to Mulliniks Construc-
tion Company, Inc. for a diesel
engine powered portable con-
crete and asphalt material
crusher that will be operated
at construction and industrial
sites throughout Florida. The
crusher is a minor source of
air pollution and not subject to
the Prevention of Significant
Degradation (PSD) regula-
tions, Rule 62-212.400, Florida
Administrative Code
(F.A.C.) A Best Available Control
Technology determination
was not required for this facility.
The applicant's name and
address are: Mulliniks Con-
struction Company, Inc., 5937
Soutel Drive, Jacksonville,
Florida 32218.
The facility has been reviewed
for potential operation in all
counties of Florida. The unit
will emit fugitive particulate
matter and products of com-
bustion from the diesel
fuel. Control of fugitive particu-
late matter is accomplished
by wetting as needed. Total
emissions of pollutants from
this facility are estimated to be:
Pollutant
Hourly Emissions
pounds per hour
Annual Emissions
Tons per year (T)
Particulate Matter (PM/PM₁₀)
2.3 2.3
Nitrogen Oxides (NOx) 9.3 9.3
Carbon Monoxide (CO) 2.0 2.0
Sulfur Dioxide (SO₂) 0.6 0.6
Volatile Organic Compounds
(VOC) 1.1 1.1
Because of the low emissions
and limited time of operation
at any one site, the crusher
will not cause or contribute to
any violation of an ambient air
quality standard.
The Department will issue the
FINAL Permit, in accordance
with the conditions of the
DRAFT Permit, unless a re-
quest is received in accor-
dance with the following pro-
cedure. A results in a different
decision or significant change
of terms or conditions.
The Department will accept
written comments concerning
the proposed DRAFT Permit
issuance action for a period of
fourteen (14) days from the
date of publication of this No-
tice. Written comments should
be provided to the Depart-
ment's Bureau of Air Regula-
tion, 2600 Blair Stone Road,
Mail Station #5505, Tallahas-
see, Florida 32399-2400. Any
written comments filed shall
be made available for public
inspection. If written com-
ments received result in a sig-
nificant change in this DRAFT
Permit, the Department shall
issue a Revised DRAFT Permit
and require, if applicable, an-
other Public Notice.
The Department will issue the
FINAL Permit with the condi-
tions of the DRAFT Permit un-
less a timely petition for an
administrative hearing is filed
pursuant to Sections 120.569
and 120.57, Florida Statutes
(F.S.). Mediation is not avail-
able for this action. The pro-
cedures for petitioning for a
hearing are set forth below.
A person whose substantial in-
terests are affected by the De-
partment's proposed permit-
ting decision may petition for
an administrative hearing for
accordance with Sections
120.569 and 120.57, F.S. The
petition must contain the in-
formation set forth below and
must be filed (received) in the
Office of General Counsel of
the Department, 3900 Com-
modorewealth Boulevard, Mail
Station #36, Tallahassee,
Florida 32399-3000, tele-
phone: 850/488-9370, fax:
850/487-4938. Petitions must
be filed within fourteen days
of publication of the public no-
tice or within fourteen days
of receipt of this notice of intent.

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775104-001-AC
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5837 Soule Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by watering as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM10)	2.0	2.0
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO ₂)	0.5	0.5
Volatile Organic Compounds (VOC)	1.1	1

Review of the low emissions and limited level of operations will be an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of the Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2800 Star Street Road, Mail Station #6105, Tallahassee, Florida 32309-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 182.506 and 182.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 122.041 and 122.042, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #25, Tallahassee, Florida 32309-3000, telephone: 904/488-9070, fax: 904/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of the notice of intent, whichever occurs first. A petitioner must also file a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in the proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in accordance with Rule 20-1.207, F.A.C.

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMITS

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION**

**DRAFT Permit No: 7775104-001-AC
Mulliniks Construction Company, Inc.**

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, 40 CFR 51.101-106, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219. The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter(PM/PM ₁₀)	2.3	2.3
Nitrogen Oxides (NO _x)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO ₂)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The following procedures results in a different decision or significant change of terms or conditions. The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Section 120.569 and 120.57, (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax 850/488-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends require reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Interested persons may contact William Leffler, PE, project engineer, at 111 South Magnolia Drive, Suite 4 Tallahassee, Florida 32301, or call 850/488-0114, for additional information

Oswiecim — the Polish name for Auschwitz — about 1.9 miles from the Nazi death camp, the Lomdel Mishnayot Synagogue was among a dozen in the southern Polish city. Invading German troops turned it into a munitions warehouse in 1939. Before the war, 12,300 Jews lived in the city.

Freed hostages praise Libya

TRIPOLI, Libya (AP) — Four men held captive in the Philippines for 140 days gathered at a historic fortress on the Mediterranean to offer thanks to Libya for arranging their release, then finally headed home to be reunited with family and friends.

Libya reportedly paid the Abu Sayayf rebels of the southern Philippines \$10 million in exchange for the freedom of the four men and six other hostages released last month.

"We are now facing the sunrise after a long time of darkness," said Risto Vahanen, who spoke for the hostages freed Saturday during the hour-long ceremony at the Red Palace, bordering Tripoli's ancient walled quarter.

Former captives German Marc Wallert, Frenchman Stephane Loisy and Finn Seppo Franti attended, as did three senior officials from Finland, France and Germany who also expressed their gratitude to the Libyan government for its work to free the men.

Some speakers wore dark glasses against the glare of the Mediterranean sun, and their hair and clothes were stirred by sea breezes during the outdoor gathering.

The ceremony appeared to bring the Libyans the results they hoped for — maximum publicity for their role in the hostage saga to win international respectability for their country, long accused of sponsoring terrorism and meddling in the affairs of other nations.

Libyan leader Moammar Gadhafi, who did not attend the ceremony, said last week he hopes for improved relations with the United States. His decision last year to surrender to a trial of the West two Libyans accused in the 1988 bombing of Pan Am Flight 103 led to the suspension of U.N. sanctions and better ties with Europe. Wallert, whose parents had been kidnapped as he but set free before him, arrived in Germany late Tuesday aboard a German military plane and hugged his waiting mother at father.

"I suppose it's obvious to me that I am overjoyed," Marc Wallert, who appeared in excellent spirits, said on the tarmac at Hanover airport. "I have never been so happy to come back."

THE PALM BEACH POST

Published Daily and Sunday
West Palm Beach, Palm Beach County, Florida

PROOF OF PUBLICATION

STATE OF FLORIDA COUNTY OF PALM BEACH

Before the undersigned authority personally appeared Linda Francis who on oath says that she is Classified Systems Manager of The Palm Beach Post, a daily and Sunday newspaper published at West Palm Beach in Palm Beach County, Florida, Stuart in Martin County, Florida, Port St. Lucie in St. Lucie County, Florida and Okeechobee in Okeechobee County, Florida; that the attached copy of advertising, being a Notice in the matter of Intent to Issue Air Permit in the --- Court, published in said newspaper in the issues of February 14, 2000.

Affiant further says that the said The Post is a newspaper published at West Palm Beach, in said Palm Beach County, Florida, Stuart, in said Martin County, Florida, Port St. Lucie in said St. Lucie County, Florida and Okeechobee in said Okeechobee County, Florida, and that the said newspaper has heretofore been continuously published in said Palm Beach County, Florida, daily and Sunday and has been entered as second class mail matter at the post office in West Palm Beach, in said Palm Beach County, Florida, Stuart, in said Martin County, Florida, Port St. Lucie in said St. Lucie County, Florida and Okeechobee in said Okeechobee County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that she/he has neither paid nor promised any person, firm or corporation any discount rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper.

NO. 893513
PUBLIC NOTICE OF INTENT
TO ISSUE AIR PERMIT
STATE OF FLORIDA
DEPARTMENT
OF ENVIRONMENTAL
PROTECTION
DRAFT Permit No.:
7775104-001-AC
Mulliniks Construction
Company, Inc.
The Department of Environ-
mental Protection (Depart-
ment) gives notice of its intent
to issue an air construction
permit to Mulliniks Construc-
tion Company, Inc. for a diesel
engine powered portable con-
crete and asphalt material
crusher that will be operated
at construction and material
sites throughout Florida. The
crusher is a minor source of
air pollution and not subject to
the Prevention of Significant
Degradation (PSD) Regula-
tions, Rule 62-212.400, Flori-
da Administrative Code
(F.A.C.) A Best Available Control
Technology determination
was not required for the facility.
The applicant's name and
address are: Mulliniks Con-
struction Company, Inc., 5937
Soutel Drive, Jacksonville,
Florida 32219.
The facility has been reviewed
for potential operation in all
regions of Florida. The unit
will emit fugitive particulate
matter and the products of
combustion from the diesel
fuel. Control of fugitive particu-
late matter is accomplished
by waiting as needed.
Total emissions of pollutants
from this facility are estimated
to be:
Hourly Emissions
pounds per hour
Annual Emissions
pounds per year
Particulate Matter (PM/PM₁₀)
2.3 2.3
Nitrogen Oxides (NOx) 9.3 9.3
Carbon Monoxide (CO) 2.0 2.0
Sulfur Dioxide (SO₂) 0.6 0.6
Volatile Organic Compounds
(VOC) 1.1 1.1
Because of the low emissions
and limited time of operation
at any one site, the crusher
will not cause or contribute to
the violation of an ambient air
quality standard.
The Department will issue the
FINAL Permit in accordance
with the conditions of the
DRAFT Permit unless a re-
quest is received in accor-
dance with the following pro-
cedures: results in a different
decision or significant change
of terms or conditions.
The Department will accept
written comments concerning
the proposed DRAFT Permit
issuance action for a period of
14 (fourteen) days from the
date of publication of this No-
tice. Written comments should
be provided to the Depart-
ment's Bureau of Air Regula-
tion, 2600 Blair Stone Road,
Tallahassee, Florida 32309-2400. Any
written comments filed shall
be made available for public
inspection. If written com-
ments received result in a sig-
nificant change in this DRAFT
Permit, the Department shall
issue a Revised DRAFT Permit
and require, if applicable, an-
other Public Notice.
The Department will issue the
FINAL Permit with the condi-
tions of the DRAFT Permit un-
less a timely petition for an
administrative hearing is filed
pursuant to Sections 120.569
and 120.57, Florida Statutes.
PSD Mediation is not avail-
able for this action. The pro-
cedures for petitioning for a
hearing are set forth below.
A person whose substantial in-
terests are affected by the De-
partment's proposed permit-
ting decision may petition for
an administrative hearing in
accordance with Sections
120.569 and 120.57, F.S. The
petition must contain the in-
formation set forth below and
must be filed (received) in the
Office of General Counsel of
the Department, 3900 Com-
monwealth Boulevard, Tallahassee,
Florida 32309-3000, tele-
phone: 850/488-9370, fax:
850/487-4938. Petitions must
be filed within fourteen days

of publication of the public notice or within fourteen days of receipt of this notice of intent. If a hearing occurs first, a petitioner must mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 420.569 and 420.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent objection will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-300, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Number and the County in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in the notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775104-001-AC
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
NN		
Particulate Matter (PM10)	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO ₂)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address; the Permit File Numbers and the county in which the project is proposed; (b) A statement of how, and when, each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposal DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35 Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Section 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how and when each petitioner received notice of the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, starting precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION DRAFT Permit No.: 77751-001-AC Mullinix Construction Company, Inc. The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mullinix Construction Company, Inc. for diesel engine powered portable concrete and asphalt material crushers that will be located at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and is subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 212.40, Florida Administrative Code (F.A.C.). A B Available Control Technology determination was not required for this facility. The applicant's name and address are: Mullinix Construction Company, Inc., 5937 South Drive, Jacksonville, Florida 32219. The facility has been viewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed. Total emissions of pollutants from this facility are estimated to be:

Pollutant	Hourly Emissions pounds per hour	Annual Emissions tons per year
Particulate Matter (PM/PM ₁₀)	2.3	
Nitrogen Oxides (NOx)	9.3	
Oxygen Monoxide (CO)	2.0	
Sulfur Dioxide (SO ₂)	0.6	
Volatiles Organic Compounds (VOC)	1.1	

Because of the low emissions and limited time of operation of any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard. The Department will issue a FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions. The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 30 days.

PUBLIC NOTICE

PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No.: 7775104-001-AC
Mulliniks Construction Company, Inc.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Mulliniks Construction Company, Inc. for a diesel engine powered portable concrete and asphalt material crusher that will be operated at construction and industrial sites throughout Florida. The crusher is a minor source of air pollution and not subject to the Prevention of Significant Deterioration (PSD) regulations, Rule 62-212.400, Florida Administrative Code (F.A.C.). A Best Available Control Technology determination was not required for this facility. The applicant's name and address are: Mulliniks Construction Company, Inc., 5937 Soutel Drive, Jacksonville, Florida 32219.

PUBLIC NOTICE

The facility has been reviewed for potential operation in all counties of Florida. The unit will emit fugitive particulate matter and the products of combustion from the diesel fuel. Control of fugitive particulate matter is accomplished by wetting as needed.

Total emissions of pollutants from this facility are estimated to be:

<u>Pollutant</u>	<u>Hourly Emissions</u> pounds per hour	<u>Annual Emissions</u> tons per year
Particulate Matter (PM/PM ₁₀)	2.3	2.3
Nitrogen Oxides (NOx)	9.3	9.3
Carbon Monoxide (CO)	2.0	2.0
Sulfur Dioxide (SO ₂)	0.6	0.6
Volatile Organic Compounds (VOC)	1.1	1.1

Because of the low emissions and limited time of operation at any one site, the crusher will not cause or contribute to any violation of an ambient air quality standard.

The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the Department shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

The Department will issue the FINAL Permit with the conditions of the DRAFT Permit unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, Florida Statutes (F.S.). Mediation is not available for this action. The procedures for petitioning for a hearing are set forth below:

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, telephone: 850/488-9370, fax: 850/487-4938. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207, F.A.C.

A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Numbers and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by petitioner, if any; (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the Department's action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Copies of the proposed construction permit and the technical evaluation are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
