BUREAU OF AIR REGULATION

**Re: Samsula Recycling Incorporated  
Application for Air Permit**

Dear Mr Leffler:

Please be advised that I represent Samsula Recycling Incorporated. As I know you are aware, my client submitted an application for an air permit (Non-titled V Source) on or about March 22, 2000. Subsequent to their application, you requested additional information. This additional information was provided to you per a letter to you from a Mr. James E. Colella, P.E., dated May 25, 2000.

It appears that my client is entitled to the permit and has submitted all the necessary information which you have requested. I would appreciate receiving information from you as to why my client's permit has not been issued. Additionally, we would like to receive from you information concerning when our client's permit will be issued.

As a result of the delays that my client has experienced in obtaining the permit, he is suffering and on-going business loss and we would like to do everything possible to expedite the issuance of the permit.

I look forward to hearing from you, and remain,

Very truly yours,

CHRISTOPHER W. WICKERSHAM, SR.
