RE: Conrad Yelvington Distributors, Inc. Portable Material Unloading Unit - Status Update
(Facility ID 7775115)

To Whom It May Concern,

The CYDI Portable Material Unloading Unit (ID 7775115) has remained idled and is not anticipated to be operated during the remainder of the 2012 Federal Fiscal Year (FFY). We are requesting DEP to continue the site's operational status as "Long-Term Reserve Shutdown" and agree to waive the site's annual Method 9 compliance testing requirements for the 2012 FFY.

Testing of the unloading unit will be completed as soon as practicable but no later than 30 days after the facility resumes operations.

Please contact me at Erin.Zimmet@oldcastlematerials.com or 386-257-5504 ext. 221 with any questions regarding this submission.

Thank you,

Erin Zimmet
Environmental Manager
