Subject: C.W. Roberts Asphalt Plant at Wildwood (Facility ID # 7775176), OGC Case No. 02-1186

Hi Doug:

The PA screen for the above facility shows the 60 day OGC action period expired 10/7/2002. We, at the Southwest District, are not aware of the course of action OGC is planning to pursue.

Please let us know so that we will be able to deal with the pending status of the case.

Thanking you in anticipation,

Quaid Noor

Hi there. Sorry about not getting back with you last week, but I was out with a wicked case of the flu.

OGC stopped locking permits about 2+ years ago. So you won't see that in PA.

As far as what's going to happen next, since I was out last week, I'll have to get with the attorney assigned, Doug Beason, (I'm his legal assistant) and get back with you tomorrow. I'm still trying to get thru the backlog from last week. If you send me your fax number, I'll make sure we copy you on any outgoing documents. OR would you prefer them by email?

I expect to be in the office all week if you have any questions. My direct line is SC291-9678.

Lisa ☺

Subject: petition

Quaid:

OGC has received a petition re: C.W. Roberts Wildwood Asphalt Plant (7775176-0010-AC). This was received as a letter sent in by Jane E. Miller with an attachment of signatures of parties concerned (approximately 350 people). I have put this under one OGC Case No. 02-1186. Jack will assign to one of his attorneys.

CONVERSATION RECORD

Date 9/11/2002

Subject C. W. Roberts Contracting, Inc.

Time 3:00 PM

Permit No. 7775176-001-AC

County SUMTER

Mr. Richard Helms

Telephone No. (352) 793-0270

Representing Sumter County Planning + Development

Telephoned Me Was Called Scheduled Meeting Unscheduled Meeting

Other Individuals Involved in Conversation/Meeting None.

Summary of Conversation/Meeting Wanted to know how an asphalt plant works. What are the possibilities of emissions of odor and dust. Referred him the permit under reference that addresses these issues.

Talked about 2 other concrete batch plants in the same area that also generate particulate matter and how these are controlled.

Referred him another asphalt plant operating in Ocala, Marion County at the corner of SR 200 + CR 484 under the name of Central Florida Aggregates. This plant is in operation and Richard will have a look at it to get a first hand experience of an operating asphalt plant.
