**SUBJECT: Request for Extension of Compliance Testing Deadline and  
Notification of Plant Startup**  
C. W. Roberts Contracting, Inc.  
New Asphalt Drum Mix Plant – Sumter county  
Facility ID 7775176

Dear Mr. Noor:

The C. W. Roberts Contracting Inc, Wildwood Asphalt Plant began startup as of June 9, 2003. In part, this letter is to notify the FDEP of plant startup of the C. W. Roberts Contracting, Inc. New Asphalt Drum Mix Plant – Sumter county (facility ID: 7775176).

More importantly, this letter is to request an extension of the deadline for submission of an operation permit application as stated in the construction permit (7775176-001-AC), item 31. Given that the plant only recently began startup, it will be extremely difficult to have the plant tested for compliance and submit the operation permit application with the test report prior to 180 days of the permit expiration (7/4/2003). Therefore, I am requesting to allow compliance testing in accordance with NSPS requirements, not to exceed 60 days prior to expiration of the permit (12/31/2003).

If this request is not possible, it is requested to extend the construction permit deadline for six months. Please contact me at your earliest convenience to resolve this matter (352) 377-5822.

Sincerely,

Max Lee, Ph.D. P.E.
