Second Request for Additional Information  
Email on July 21, 2009 – Fee for Additional Emission Units

Dept. of Environmental Protection

AUG 10 2009

Southwest District

*for 003-AO*

Dear Mrs. Knight,

Following up on your email of July 21, 2009 (attached) requesting additional payment for recently determined emission units (crusher and crusher engine), I have enclosed payment from C. W. Roberts Contracting, Inc. I trust this completes the renewal permitting process and request to review the draft permit prior to issuance of the renewal at your earliest convenience. If you have any questions concerning the application, please call me at (352) 377-5822.

Sincerely,

Max Lee, Ph.D., P.E.
