Attn: Air Program Administrator

Re: Air General Permit Modifications (Name Change) for the following Concrete Batch Plant: (FDEP No. 7775248).

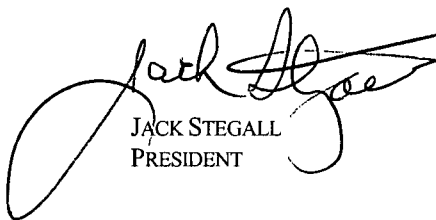

Dear Air Program Administrator:

Please find enclosed the following Air General Permit Notification Form for the above referenced permit. This application is to change the name of the existing permit to Trinity Materials L.L.C. I have enclosed a check for \$100.00 to cover the permit and processing fees.

If you require any additional information, please call me at (904) 714-7070.

Sincerely,

TRINITY MATERIALS L.L.C.

CONCRETE BATCHING PLANT
AIR GENERAL PERMIT NOTIFICATION FORM

Part III. Notification of Intent to Use General Permit

(Submit this Part to the appropriate permitting office and keep copy of completed form onsite. Instructions follow.)

Instructions to Owner or Operator: To give notice to the Department of an eligible facility's intent to use the concrete batching plant air general permit, the owner or operator of the facility must detach and complete Part III of this Concrete Batching Plant Air General Permit Notification Form and submit it to the appropriate Department of Environmental Protection district office or local air pollution control program office which has been delegated permitting authority. Please type or print clearly all information and enclose the appropriate general permit processing fee pursuant to Rule 62-4.050(4)(o), F.A.C. Please note, the form will not be considered complete unless: 1) the processing fee is attached; 2) if appropriate, the proof of notice publication is attached; and 3) if the facility is existing, visible emissions testing was conducted within 60 days of submitting the form and the test results have already been submitted to the appropriate permitting authority or accompany the form. Also, please refer to the instructions for completing Part III of the notification form at the end of the form.

Facility Comment

This facility has an existing AG permit under Anderson Material Co., Inc.. The purpose of this application is to change the permit name to Trinity Materials L.L.C. There are no other changes to the operation of the facility.

This facility is a Redi-mix Concrete Batch Plant. The plant will weigh or meter cement and pozzolans, sand, rock, water and admixtures into mixer trucks. The requested maximum operating schedule is 24 hr/day, 7 days/week, and 52 weeks/year. The maximum production rate is approximately 200 cubic yards per hour of wet concrete.

Emissions Unit(s) Description

This plant has two silos for the storage of cement and flyash. A 620 BBL capacity silo will contain cement, while a 475BBL silo will store flyash. Each silo has a CON-E-CO baghouse located on top of each silo. Each baghouse consists of 30 filter bags with a combined cleaning area of 250 square feet to controls emissions. The typical loading rate for each silo is approximately 25 tons/hour.

Surrender of Existing Air Permit(s)

Check one:

- ☒ I hereby surrender all existing air permits authorizing operation of the facility indicated on this form; specifically permit number(s) 7775248-001-AG
- ☐ No air permits currently exist for the operation of the facility indicated on this form.

Owner/Authorized Representative Statement

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Notification Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements made in this notification are true, accurate and complete. Further, I agree to operate and maintain the air pollutant emissions units and air pollution control equipment described in this notification so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this notification.
