PUBLIC NOTICE OF INTENT TO ISSUE TITLE V AIR OPERATION PERMIT
STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
TITLE DV DRAFT Permit No. 0090008-001-AV
Indian River Plant
Brevard County
The Department of Environmental Protection (permitting authority) gives notice of its intent to issue a Title V air operation permit to the Indian River Plant located at US-1 & Kings Highway, Titusville, Brevard County. The applicant's name and address are: Orlando Utilities Commission, 500 South Orange Avenue, Orlando, Florida 32801.
The permitting authority will issue the Title V PROPOSED Permit and subsequent Title V FINAL Permit, in accordance with the conditions of the Title V DRAFT Permit unless a response is received in accordance with the following procedures results in a different decision or significant change of terms or conditions.
The permitting authority will accept written comments concerning the proposed Title V DRAFT Permit issuance action for a period of 30 (thirty) days, from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the permitting authority shall issue a Revised DRAFT Permit, the permitting authority shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.
The permitting authority will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to Section 120.569 and 120.57, F.S. Mediation under Section 120.573, F.S., will not be available for this proposed action.
A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Section 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, (Telephone 850/488-9370; Fax 850/487-4938). Petitions must be filed within 14 (fourteen) days of publication of the public notice or within 14 (fourteen) days of receipt of the notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the applicable time period shall constitute a waiver to that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57 F.S., or to intervene in this proceeding, and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the

filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code.
A petition must contain the following information:
(a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Number, and the county in which the project is proposed;
(b) A statement of how and when each petitioner received notice of the permitting authority's action or proposed action;
(c) A statement of how each petitioner's substantial interests are affected by the permitting authority's action or proposed action;
(d) A statement of the material facts disputed by the petitioner, if any;
(e) A statement of the facts that the petitioner contends warrant reversal or modification of the permitting authority's action or proposed action.

by a action or proposed action; and
(g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the permitting authority to take with respect to the action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the permitting authority's final action may be different from the position taken by it in the notice of intent. Persons whose substantial interests will be affected by any such final decision of the permitting authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

In addition to the above, pursuant to 42 United States Code (U.S.C.) Section 7661 d (b) (2) any person may petition the Administrator of the EPA within 60 (sixty) days of the expiration of the Administrator's 45 (forty-five) day review period as established at 42 U.S.C. Section 7661 d (b) (1) to object to issuance of any permit. Any petition shall be based only on objections to the permit that were raised with reasonable specificity during the 30 (thirty) day pre-public comment period provided in this notice, unless the petitioner demonstrated to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661 d (b) (2) and must be filed with the Administrator of the EPA at 410 M. Street, SW, Washington DC 20460.
