Re: Champion International Corporation (PSD-FL-126)

Dear Ms. Janes:

This is to acknowledge receipt of the permit application for the above-referenced source. After reviewing the application, we have one comment to offer.

For your information, as a result of the North County Resource Recovery PSD remand, source applicants must now consider unregulated pollutants (i.e., air toxics) which may be of concern to the public when performing a best available control technology (BACT) determination for regulated pollutants. For gas fired boilers, the associated air toxics would include formaldehyde and polycyclic organic matter (POM).

In addition, EPA will soon be requiring the "top-down" approach with regard to future BACT determinations. As you may know, this approach requires an applicant to first evaluate the most stringent method of control taking into consideration the control of unregulated air toxics. If the applicant is able to prove that such control is technically and/or economically infeasible, the next most stringent method of control is evaluated and so on. Therefore, we suggest that Champion consider performing a "top down" BACT determination taking into account the two associated unregulated air pollutants.

Please forward a copy of the preliminary determination and draft permit upon issuance. If you have any additional comment or information, please contact me or Gary Ng of my staff at (404) 347-2864.

Sincerely yours,

Bruce P. Miller

State of Florida
Department of
Regulation
Notice of Intent

The Department of Environmental Regulation hereby gives notice of its intent to issue a permit to install a skid mounted temporary gas fired package boiler generating 125,000 lbs/hr steam at 600 psig at Champion's existing facility located in Cantonment, Escambia County, Florida. For a maximum of two years, the 195 MMBtu/hr boiler will allow Champion to operate through the winter months and repair existing boilers while on down time. The Department is issuing this Intent to Issue for the reasons stated in the attached Technical Evaluation and Preliminary Determination.

Persons whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative determination (hearing) in accordance with Section 120.57, Florida Statutes. The petition must conform to the requirements of Chapters 17-103 and 28-5, Florida Administrative Code, and must be filed (received) in the Department's Office of General Counsel, 2600 Blair Stone Road, Twin Towers Office Building Tallahassee, Florida 32399-2400, within fourteen (14) days of publication of this notice. Failure to file a petition within this time period constitutes a waiver of any right such person has to request an administrative determination (hearing) under Section 120.57, Florida Statutes.

If a petition is filed, the administration hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the proposed agency action. Therefore, persons who may not wish to file a petition may wish to intervene in the proceeding. A petition for intervention must be filed pursuant to Rule 28-5.207, Florida Administrative Code, at least five (5) days before the final hearing and be filed with the hearing officer if one has been assigned at the Division of Administrative Hearings, Department of Administration, 2009, Apalachee Parkway, Tallahassee, Florida 32301. If no hearing officer has been assigned, the petition is to be filed with the Department's Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, Florida Statutes.

The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
