Comments: The Permitting
Authority will accept
written comments
concerning the Draft
Permits for a period of
thirty (30) days from the
date of publication of this
Public Notice. Written
comments must be
post-marked and all e-mail
or facsimile comments
must be received by the
close of business (5 pm) on
or before the end of this
30-day period by the
Permitting Authority at the
above address, e-mail or
facsimile. As part of his or
her comments, any person
may also request that the
Permitting Authority hold a
public meeting on this
permitting action. If the
Permitting Authority
determines there is
sufficient interest for a
public meeting, it will
publish notice of the time,
date, and location on the
Department's official web
site at [http://thora6.dep.state.
fl.us/](http://thora6.dep.state.fl.us/) and in a
newspaper of general

action. For additional

number. If written
comments or comments
received at a public
meeting result in a
significant change to the
DRAFT Permits, the
Permitting Authority shall
issue Revised DRAFT
Permits and require, if
applicable, another Public
Notice. All comments filed
will be made available for
Public Inspection.

Petitions: A person whose
substantial interests are
affected by the proposed
permitting decision may
petition for an
administrative hearing in
accordance with Sections
120.569 and 120.57, F.S. The
petition must contain the
information set forth below
and must be filed (received
by) the Department's
Agency Clerk in the Office
of General Counsel of the
Department of
Environmental Protection
at 3900 Commonwealth
Boulevard, Mail Station
#35, Tallahassee, Florida
32399-3000. Petitions filed
by any persons other than
those entitled to written
notice under Section
120.60(3), must be filed
within 14 (fourteen) days
of publication of this Public
Notice or receipt of a
written notice, whichever
occurs first. Under Section
120.60(3), however, any
person who has asked the
Permitting Authority for
notice of agency action
may file a petition within 14
(fourteen) days of receipt
of that notice, regardless of
the date of publication. A
petitioner shall mail a copy
of the petition to the
applicant at the address
indicated above, at the
time of filing. The failure of
any person to file a petition
within the appropriate
time period shall
constitute a waiver of that
person's right to request
an administrative
determination (hearing)
under Sections 120.569 and
120.57, F.S., or to intervene
in this proceeding and
participate as a party to it.
Any subsequent
intervention will be only at
the approval of the
presiding officer upon the
filing of a motion in
compliance with rule
28-106.205 of the F.A.C.

modification of the
agency's proposed action;
and (g) A statement of the
relief sought by the
petitioner, stating
precisely the action
petitioner wishes the
agency to take with
respect to the agency's
proposed action. A petition
that does not dispute the
material facts upon which
the Permitting Authority
action is based, shall state
that no such facts are in
dispute and otherwise
shall contain the same
information as set forth
above as required by rule
28-106.301.

Because the
administrative hearing
process is designed to
formulate final agency
action, the filing of a
petition means that the
Permitting Authority's final
action may be different
from the position taken by
it in this Public Notice of
Intent. Persons whose
substantial interests will
be affected by any such
final decision of the
Permitting Authority on the
application have the right
to petition to become a
party to the proceeding, in
accordance with the
requirements set forth
above.

Mediation: Mediation is not
available in this
proceeding.

Objections: In addition to
the above right to petition,
pursuant to 42 United
States Code (U.S.C.)
Section 7661d(b)(2), any
person may petition the
Administrator of the EPA
within sixty (60) days of the
expiration of the
Administrator's 45
(forty-five) day review
period as established at 42
U.S.C. Section 7661d(b)(1),
to object to the issuance of
any Title V air operation
permit. Any petition shall
be based only on
objections to the Permit
that were raised with
reasonable specificity
during the thirty (30) day
public comment period
provided in the Public
Notice, unless the
petitioner demonstrates to
the Administrator of the
EPA that it was
impracticable to raise such
objections within the
comment period or unless
he grounds for such
objection arose after the
comment period. Filing of a
petition with the
Administrator of the EPA
does not stay the effective
date of any permit properly
issued pursuant to the
provisions of Chapter
62-213, F.A.C. Petitions
filed with the
Administrator of EPA must
meet the requirements of
42 U.S.C. Section
7661d(b)(2) and must be
filed with the
Administrator of the EPA at
U.S. EPA, 401 M Street,
S.W., Washington, D.C.
20460. For more
information regarding EPA
review and objections, visit
EPA's Region 4 web site at
