Subject: CF Industries Phosphoric Acid Plant Production Increases

We received an application to increase production by 20 percent at two Phosphoric Acid Plants. The applicant claims the emission increases are not significant with respect to PSD. However they submitted a PSD fee of \$7,500.

If it is not PSD, it should be processed in the District. Kim. Please log it in. I sent them a copy by Interdepartment Mail. Hillsborough already got a copy (I think). No need to copy EPA or FWS yet. We might transfer it over to the District later.

Syed. Please take a look at the application and see if you understand what is going on. Download a copy of Title V Permit and review.

Gerry, Rick. Please call. Thanks. Al.
