

MEMORANDUM

TO: FILE

THROUGH: BILL THOMAS, P.E.

THROUGH: JERRY KISSEL, P.E. 

FROM: GEORGE RICHARDSON 

DATE: JULY 13, 1994

SUBJECT: Hillsborough County - AP  
Tampa Electric Company  
Gannon Station Units 1-6 Coal Bunkers  
AO29-250139

This permit is for the operation of F.J. Gannon Station Units 1-6 Coal Bunkers with six Roto-Clones located at Port Sutton Road, Tampa, Hillsborough County.

Coal bunkers No. 1-4 and 6 are each equipped with a 9,600 ACFM American Air Filter Company Type D Roto-Clone to abate dust emissions during ventilation. Coal Bunker No. 5 is equipped with a 5,400 ACFM American Air Filter Company Type D Roto-Clone to abate dust emissions during ventilation.

TECO made some suggested changes to the draft permit that I sent to them on 6/30, see enclosed.

The sources are in compliance with the existing permit conditions.

I recommend this permit be issued as conditioned.
