

MEMORANDUM

TO: File

THRU: W. C. Thomas, P.E.

THRU: J. Harry Kerns, P.E. *JK*

FROM: George W. Richardson *GR*

DATE: October 3, 1989

SUBJECT: Hillsborough County - AP  
Tampa Electric Company  
Units 1-6 Coal Bunkers  
A029-163823

This permit is for the six coal bunkers at the F.J. Gannon Electric Generating Station located at Port Sutton, Tampa, Hillsborough County.

The coal bunkers use six Roto-Clones to control particulate emissions when the bunkers are being filled from the coal yard. These sources were never permitted.

In an agreement between Tampa Electric, and the EPCHC a public notice was required to be published. The intent, public notice and draft permit was issued on July 6, 1989. A meeting was held between TECO, the EPCHC and DER to iron out several concerns that TECO had with the Specific Conditions of the permit.

The public notice was published on September 9, 1989. No comments were received.

The ECCHC and I recommend this operation permit be issued as conditioned.
