RE: Tampa Electric Company
F.J. Gannon Station
Air Operation Permit Renewal Applications
Flyash Silos 1 & 2, Unit 1-6 Roto-clones
A029-160258, A029-160259 and A029-163823
UNITS 5&6 UNITS 1-4

Gentlemen:

Enclosed please find an original and three (3) copies of applications for renewal of permit to operate the above air sources. Included in these permit packages are updated Operation and Maintenance Plans for these sources and a letter of authorization for the applicant. Please note that as described in the roto-clones permit applications, number 5 roto-clone is currently out-of-service.

Additionally, since the permit renewal form does not have a section for Professional Engineer's seal, TEC has attached a form with wording appropriate for this submittal and in accordance with Chapter 17-4.05(3)F.A.C.

Enclosed with Mr. Stewart's copy are the application packages. As set forth in Chapter 17-213.210 F.A.C., no permit fee is required for these sources.

L. NYE, EPC
