Re: Project No. 0570057-012-AC (PSD-FL-326)

Dear Mr. Koerner:

Thank you for your response to my E-mail regarding an extension of time to submit responses to your letter of April 22, 2002. Gulf Coast Recycling, hereby is formally requesting an extension, until August 21, 2002.

The emissions audit is nearly complete and GCR has retained the services of a second engineering firm to conduct the necessary modeling and assist with the application.

Although a complete response to your letter is being prepared and GCR is not in any way contesting redoing the modeling; the official record should reflect that the model used for the previous submittal was developed by FDEP and the modeling protocol was approved in advance, prior to preparation of the application.

Thank you again for your time and consideration.

Sincerely,

GULF COAST RECYCLING, INC.

Joyce Morales-Caramella
Environmental & Health Manager
