PROTECTION  
DEP File No. 0570057-020-AC (PSD-FL-404)  
EnviroFocus Lead Acid Battery Recycling  
Facility  
Tampa, Hillsborough County

# The Tampa Tribune

Published Daily

Tampa, Hillsborough County, Florida

The Department of Environmental Protection (Department) announces receipt of an application for an air construction permit from EnviroFocus Technologies, LLC. The application is to expand the existing lead-acid battery facility located at 1901 North 66th Street in Tampa, Hillsborough.

State of Florida }  
County of Hillsborough } SS.

The requested permit would allow expansion of production and modernization of the facility by the installation of a reverberatory furnace, an associated feed dryer, additional refining kettles and ancillary equipment. Control equipment will include a new baghouse, a wet scrubber and afterburner. The key process steps will be totally enclosed within a single building and the exhaust will be cleaned in another fabric filter baghouse.

Before the undersigned authority personally appeared C. Pugh, who on oath says that she is the Advertising Billing Supervisor of The Tampa Tribune, a daily newspaper published at Tampa in Hillsborough County, Florida; that the attached copy of the

The initial application was received on August 13, 2008. The most recent submittal in response to the Department's requests for additional information was received on April 7, 2009. The application is under review by the Department to determine whether it is complete. When complete, it will be processed under the rules for the Prevention of Significant Deterioration (PSD) of Air Quality, requiring adherence to Best Available Control Technology (BACT) and compliance with the new National Ambient Air Quality Standard for lead (Pb).

The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the following Department offices:
