Dear Mr. Koerner:

RE: SCHOLZ ELECTRIC GENERATING PLANT
TITLE V PERMIT NO. 0630014-013-AV
PROOF OF PUBLICATION

Please find enclosed Gulf Power's "Proof of Publication" for the above-referenced permit application to renew the Scholz Title V permit. The Public Notice was published on August 11, 2014 in the legal advertisement section of a newspaper of general circulation pursuant to Section 403.815, F.S. and Rules 62-110.106 and 62-210.350, F.A.C.

As required by the Notice and because the permit is being processed as a combined draft/proposed permit, a copy of the Proof of Publication is also being transferred by electronic mail to Ms. Anna Oquendo at EPA Region 4.

Please call me at (850) 444-6153 regarding any questions or concerns.

Sincerely,

A handwritten signature in black ink that reads "Susan B. Kennedy". The signature is written in a cursive style.

Susan B. Kennedy, Q.E.P.
Senior Environmental Affairs Specialist

Mr. Alan McLane, Scholz Plant
Mr. Roger Danley, Scholz Plant

INTENT TO ISSUE AIR PERMIT

Florida
Department of
Environmental
Protection
Division of Air Re-
source Management,
Office of Permitting and
Compliance
Draft/ Proposed Permit
No. 0630014-013-AV
Gulf Power Company,
Scholz Electric Gener-
ating Plant
Jackson County, Flor-
ida

Applicant: The applic-
ant for this project is
Gulf Power Company.
The applicant's respon-
sible official and mail-
ing address are: Mr.
Michael Burroughs,
Vice-President, Power
Generation, Gulf Power
Company, Scholz Elec-
tric Generating Plant,
One Energy Place,
Pensacola, Florida
32520-0100.

Facility Location: The
applicant operates the
existing Scholz Electric
Generating Plant,
which is located in
Jackson County at
1460 Gulf Power Road,
Sneads, Florida.

Project: The applicant
applied on May 19,
2014 to the Department
for a Title V air opera-
tion permit renewal for
the above referenced
facility. This is a re-
newal of Title V air op-
eration permit No.
0630014-010-AV. The
existing facility consists
of two coal-fired steam
generators (boilers).
The two boilers, Units 1
and 2, are Acid Rain af-
fected units with NOX
limits established under
Phase I, SO2 require-
ments established un-
der Phase II, and are
currently meeting NOX
limits established pur-
suant to the provisions
of a multi-state Phase II
NOX averaging plan.
Also, the two boilers
are regulated under the
Clean Air Interstate
Rule (CAIR) and 40
CFR 63, Subpart
UUUUU, National Emis-
sion Standards for Haz-
ardous Air Pollutants,
Coal and Oil-Fired
Electric Utility Steam
Generating Units. In
order to comply with
the requirements of
Subpart UUUUU when
they become applica-
ble on April 15, 2015,
Gulf Power will cease
coal-fired operations at
the Scholz Electric
Generating Plant. Pul-
verized coal is the pri-
mary fuel for the boil-

PUBLISHERS OF THE NEWS HERALD
Panama City, Bay County, Florida
Published Daily

State of Florida County of Bay

Before the undersigned authority appeared Lynda Speights, who on oath says
that she is Legal Advertising Representative of The News Herald, a daily newspaper
published at Panama City, in Bay County, Florida; that the attached copy of
advertisement, being a Legal Advertisement # 33385 in the matter of PUBLIC
NOTICE- Gulf Power Company in the Bay County Court, was published in said
newspaper in the issue of

August 11, 2014

Affiant further says that The News Herald is a direct successor of the Panama
City News and that this publication, together with its direct predecessor, has been
continuously published in said Bay County, Florida, each day (except that the
predecessor, Panama City News, was not published on Sundays), and that this
publication together with its said predecessor, has been entered as periodicals
matter at the post office in Panama City, in said Bay County, Florida, for a period of
1 year next preceding the first publication of the attached copy of advertisement; and
affiant further says that he or she has neither paid nor promised any person, firm or
corporation any discount, rebate, commission or refund for the purpose of securing
this advertisement for publication in the said newspaper.

State of Florida
County of Bay

Sworn and subscribed before me this 11th day of August, A. D. 2014, by Lynda
Speights, Legal Advertising Representative of The News Herald, who is personally
known to me or has produced N/A as identification

Notary Public, State of Florida at Large

ers. Distillate fuel oil is
used as a startup and
flame stabilization fuel
for the boilers, and
both units are group 1
dry bottom, wall-fired
boilers, with a heat in-
put limit of 645.7
MMBtu/hr when firing
pulverized coal and
12.4 MMBtu/hr when
firing distillate fuel oil.
In addition, reciprocating
internal combustion
engines subject to regu-
lation pursuant to 40
CFR 63, Subpart ZZZZ,
National Emissions
Standards for Hazardous
Air Pollutants for
Stationary Reciprocating
Internal Combustion
Engines, are used to
provide power to
emergency and
non-emergency elec-
trical generators and
flood control pumps.

Permitting Authority:
Applications for Title V
air operation permits
for facilities that contain
Acid Rain units are
subject to review in ac-
cordance with the pro-
visions of Chapter 403,
Florida Statutes (F.S.)
and Chapters 62-4,
62-210, 62-213 and
62-214, of the Florida
Administrative Code
(F.A.C.). The proposed
project is not exempt
from air permitting re-
quirements and a Title
V air operation permit
is required to operate
the facility. The Office
of Permitting and Com-
pliance in the Division
of Air Resource Man-
agement is the Permit-
ting Authority respon-
sible for making a per-
mit determination for
this project. The Per-
mitting Authority's
physical address is:
2600 Blair Stone Road,
Tallahassee, Florida.
The Permitting
Authority's mailing ad-
dress is: 2600 Blair
Stone Road, MS
#5505, Tallahassee,
Florida 32399-2400.
The Permitting Authority's
telephone number
is 850/717-9000.

Project File: A com-
plete project file is
available for public in-
spection during the
normal business hours
of 8:00 a.m. to 5:00
p.m., Monday through
Friday (except legal
holidays), at the ad-
dress indicated above
for the Permitting
Authority. The complete
project file includes the
draft/proposed permit,
the Statement of Basis,
the application, and the
information submitted
by the applicant, exclu-
sive of confidential re-
cords under Section
403.111, F.S. Inter-
ested persons may
view the draft/proposed
permit by visiting the
following website:
<http://www.dep.state.fl.us/air/mission/aps/default.asp>
and enter-
ing the permit number
shown above. Inter-
ested persons may
contact the Permitting
Authority's project re-
view engineer for addi-
tional information at the
address or phone num-
ber listed above.

Notice of Intent to Issue Permit: The Per-
mitting Authority gives

notice of its intent to is-
sue a renewed Title V
air operation permit to
the applicant for the
project described
above. The applicant
has provided reason-
able assurance that con-
tinued operation of the
existing equipment will
not adversely impact
air quality and that the
project will comply with
all appropriate provi-
sions of Chapters 62-4,
62-204, 62-210, 62-212,
62-213, 62-214, 62-296
and 62-297, F.A.C.
The Permitting Authority
will issue a final per-
mit in accordance with
the conditions of the
draft/proposed permit
unless a response re-
ceived in accordance
with the following pro-
cedures results in a dif-
ferent decision or a
significant change of
terms or conditions.

Comments: The Per-
mitting Authority will
accept written com-
ments concerning the
draft/proposed Title V
air operation permit for
a period of 30 days
from the date of publi-
cation of the Public No-
tice. Written comments
must be received by
the close of business
(5:00 p.m.), on or be-
fore the end of this
30-day period by the
Permitting Authority at
the above address. As
part of his or her com-
ments, any person may
also request that the
Permitting Authority
hold a public meeting
on this permitting ac-
tion. If the Permitting
Authority determines
there is sufficient inter-
est for a public meet-
ing, it will publish no-
tice of the time, date,
and location in the Florida
Administrative Regis-
ter (FAR). If a public
meeting is requested
within the 30-day com-
ment period and con-
ducted by the Permit-
ting Authority, any oral
and written comments
received during the
public meeting will also
be considered by the
Permitting Authority. If
timely received written
comments or com-
ments received at a
public meeting result in
a significant change to
the draft permit, the
Permitting Authority
shall issue a revised
draft/proposed permit
and require, if applica-
ble, another Public No-
tice. All comments
filed will be made avail-
able for public inspec-
tion. For additional in-
formation, contact the
Permitting Authority at
the above address or
phone number.

Petitions: A person
whose substantial inter-
ests are affected by the
proposed permitting
decision may petition
for an administrative
hearing in accordance
with Sections 120.569
and 120.57, F.S. Peti-
tions filed by any per-
sons other than those
entitled to written no-
tice under Section
120.60(3), F.S., must
be filed within 14 days
of publication of the
Public Notice or receipt
of a written notice,
whichever occurs first.

never, however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. A petition for administrative hearing must contain the information set forth below and must be filed (received) with the Agency Clerk in the Office of General Counsel, 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000. Agency.Clerk@dep.state.fl.us, before the deadline. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, any email address, telephone number and any facsimile number of the petitioner, the name, address, any email address, telephone number, and any facsimile number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact, if there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner

wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this written notice of intent to issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation: Mediation is not available in this proceeding.

EPA Review: EPA has agreed to treat the draft proposed Title V air operation permit as a proposed Title V air operation permit and to perform its 45-day review provided by the law and regulations concurrently with the public comment period, provided that the applicant also transmits an electronic copy of the required proof of publication directly to EPA at the following email address: oquendo.ana@epa.gov. Although EPA's 45-day review period will be performed concurrently with the public comment period, the deadline for submitting a citizen petition to object to the EPA Administrator will be determined as if EPA's 45-day review period is performed after the public comment period has ended. The final Title V air operation permit will be issued after the conclusion of the 45-day EPA review period so long as no adverse comments are received that result in a different decision or significant change of terms or conditions. The status regarding EPA's 45-day review of this project and the deadline for submitting a citizen petition can be found at the following website: <http://www.epa.gov/region4/air/permits/florida.htm>.

Objections: Finally, pursuant to 42 United States Code (U.S.C.) Section 7661d(b)(2), any person may petition the Administrator of the EPA within 60 days of the expiration of the Administrator's 45-day review period as established at 42 U.S.C. Section 7661d(b)(1), to object to the issuance of any Title V air operation permit. Any petition shall be

based only on objections to the permit that were raised with reasonable specificity during the 30-day public comment period provided in the Public Notice, unless the petitioner demonstrates to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. EPA, 401 M Street, S.W., Washington, D.C. 20460. For more information regarding EPA review and objections, visit EPA's Region 4 web site at <http://www.epa.gov/region4/air/permits/florida.htm>. August 11, 2014
