Contract No. 86W-306
RCES Letter No. RC-165
Gas Fired Turbine Generator
Permit Application
AC 48-137740 .

Dear Mr. Fancy:

Per the January 15, 1988 request of Mr. Pradeep Raval, who is developing the above Permit's Preliminary Determination, the following data is offered:

1. The maximum NOx emissions expected from the facility will occur in the winter at approximately the 40 degree F. ambient temperature level. Thus, when burning natural gas, the maximum NOx emission expected from the main stack will be 112 pounds per hour or about 74 ppmvd. When burning diesel oil (for a period not to exceed 14 days per year), the maximum NOx emission expected from the main stack will be 132 pounds per hour on about 82 ppmvd. Concurrent peak CO emissions expected will be 12 pounds per hour on gas and 24 pounds per hour on oil. Similarly, SO2 emissions (oil only) for a brief peak period could be up to 126 pounds per hour.
2. For compliance follow-up by the District Office, please be assured our data storage/retrieval system will have the capability of providing hourly NOx emission readout information for review and control assessment purposes. Information regarding this system is contained in our September 18, 1987 supplemental data package forwarded to you by Mr. Moses.

We trust the above information satisfies your Permit development needs and that the Preliminary Determination can be issued promptly.

Very truly yours,

Dear Mr. Moses:

Re: Application for Construction of a Gas-Fired Turbine
Generator, Permit No. AC 48-137740

The Department has received your revised application package
dated December 21, 1987.

Your application will be reviewed with the amendments as
submitted. The Department's Intent to Issue dated November 23,
1987, is no longer valid as the Technical Evaluation and
Preliminary Determination will change in consideration of your
submittal dated December 21, 1987. If it is determined that PSD
no longer applies, the PSD File Number PSD-FL-123, will be
closed.

If you have any questions, please call Pradeep Raval at
(904)488-1344 or write to me at the above address.

Sincerely,

C. H. Fancy, P.E.
