Re: Title V Permit Revision Application
Project No. 0950111-027-AV
Walt Disney World Resort Complex

Dear Mr. Schmudde:

We have reviewed your Title V permit revision application received on July 24, 2006, for the subject facility and have deemed the application incomplete due to the omission of a revised compliance assurance monitoring (CAM) plan as part of the submission. Please provide this document as soon as possible so we can complete our work on the revision request.

Rule 62-4.050(3), F.A.C., requires that all applications for a Department permit must be certified by a professional engineer registered in the State of Florida. This requirement also applies to responses to Department requests for additional information of an engineering nature. Permit applicants are advised that Rule 62-213.420(1)(b), F.A.C., requires applicants to respond to requests for information within 90 days, unless the applicant has requested in writing, and has been granted, additional time within 90 days.

If you have any questions, please contact Project Engineer Tom Cascio at 850-921-9526.

Sincerely,

A. A. Linero, Program Administrator
