REQUEST FOR EXTENSION OF TIME

By and through undersigned counsel, Orlando CoGen Limited, L.P. (Orlando), hereby requests, pursuant to Florida Administrative Code Rules 28-106.111(3) and 62-103.050(1), an extension of time, to and including September 30, 1998, in which to file a Petition for Administrative Proceedings in the above-styled matter. As good cause for granting this request, Orlando states the following:

1. On or about April 3, 1998, the Responsible Official for Orlando received from the Department of Environmental Protection (Department) an "Intent to Issue Title V Air Operation Permit" (Permit No. 0950203-001-AV) for the Orlando CoGen Plant located in Orange County, Florida. Along with the Intent to Issue, Orlando received a draft Title V permit and "Public Notice of Intent to Issue Title V Air Operation Permit."
2. Based on Orlando's review, the draft permit and associated documents contain several provisions that warrant clarification or correction.
3. Representatives of Orlando have corresponded with staff of the Department's Bureau of Air Regulation in an effort to resolve all issues.
4. The Department previously issued an Order granting an extension of time until

August 31, 1998.

5. This request is filed simply as a protective measure to avoid waiver of Orlando's right to challenge certain conditions contained in the draft Title V permit. Grant of this request will not prejudice either party, but will further their mutual interest and likely avoid the need to file a petition and proceed to a formal administrative hearing.

6. Tom Hess obtained agreement from Scott Shelak with the Department's Bureau of Air Regulation to an extension until September 30, 1998.

WHEREFORE, Orlando respectfully requests that the time for filing of a Petition for Administrative Proceedings in regard to the Department's Intent to Issue Title V Air Operation Permit for Permit No. 0950203-001-AV be formally extended to and including September 30, 1998.

Respectfully submitted this 27 day of August, 1998.
