JULIA NICHOLS My Comm. Exp. 9/23/2001 Seal of Department Notary Public No. 0003018 [] Personally Known [] Other I.D.

The Department of Environmental Protection (permitting authority) gives notice of its intent to issue a Title V air operation permit to Orlando CoGen Limited, L.P. for the Orlando CoGen Limited, L.P. Facility located at 8275 Exchange Drive, Orlando, Orange County. The applicant's name and address are: Orlando CoGen Limited, L.P. 8275 Exchange Drive, Orlando, FL 32809. The permitting authority will issue the Title V PROPOSED Permit and subsequent Title V FINAL Permit, in accordance with the conditions of the Title V DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions. The permitting authority will accept written comments concerning the proposed Title V DRAFT Permit issuance action for a period of 30 (thirty) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection if written comments received result in a significant change in this DRAFT Permit, the permitting authority shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice. The permitting authority will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 F.S. Mediation under Section 120.573, F.S., will not be available for this proposed action. A person whose substantial interests are affected by the proposed agency action may petition for an administrative hearing in accordance with sections 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Department's Office of General Counsel at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Petitions must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of the notice of intent, whichever occurs first. A petitioner must mail a

copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition (or a request for mediation, as discussed below) within the applicable time period shall constitute a waiver of that person's right to request a hearing or administrative determination (hearing) under F.S. sections 120.569 and 120.57. Persons to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28-5.207 of the Florida Administrative Code. A petition must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Permit File Number, and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by the petitioner; (e) A statement of the facts the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the action or proposed action addressed in this notice. Because the administrative hearing process is designed to formulate the final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. In addition to the above, pursuant to 42 United States Code 7681(d)(2) (U.S.C.) Section 7681(d)(2), any person of the EPA within 60 miles of the expiration of the Administrator's 45 (forty-five) day review period as established at 42 U.S.C. Section 7681(d)(1), to object to issuance of any permit. Any objection shall be based only on objections to the permit that were raised with reasonable specificity during the 30 (thirty) day public comment period provided in this notice, unless the petitioner demonstrates to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit, nor does it stay the provisions of Chapters 62-213, F.A.C. Petitions filed with the Administrator of the EPA at 401 M. Street, SW,

Washington, D.C. 20460. A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at: Permitting Authority: Department of Environmental Protection Bureau of Air Regulation 111 South Magnolia Drive, Suite 4 Tallahassee, FL 32301 Tel: 907/695-1344 Fax: 907/622-6579 Affected District/Local Program: Central District 3319 Maguire Boulevard Suite 232 Orlando, FL 32803-3767 Tel: 407/694-7555 Fax: 407/697-2666 The complete project file includes the DRAFT Permit, the application, and the informational, official, exclusive of confidential records under Section 403.111, F.S.
