Re: Intercession City Facility – Title V Permit 0970014-012-AC – Air Construction Permit

Dear Mr. Linero:

Progress Energy agrees to extend the March 5, 2008 deadline, waiving the department's requirement to issue a draft permit within 90 days for the above referenced Intercession City construction permit.

In order to allow both parties time to resolve issues with the construction permit, Progress Energy agrees to extend the draft permit development until March 21, 2008.

If you have any questions, please feel free to contact me at (727) 820-5295. Thank you very much for your help with the construction permit.

Sincerely,

Dave Meyer
Senior Environmental Specialist
