Petitioner,

v.

DEP Draft Air Permit No.

DEPARTMENT OF ENVIRONMENTAL  
PROTECTION,

Respondent.

SOLID WASTE AUTHORITY'S REQUEST FOR  
EXTENSION OF TIME TO FILE PETITION

Petitioner, the Solid Waste Authority of Palm Beach County ("Authority"), pursuant to Rule 28-106.111(3), Florida Administrative Code, respectfully requests the Department of Environmental Protection ("Department") to grant the Authority an extension of time to file a petition for a formal administrative hearing concerning the Department's draft air construction permit (DEP Permit No. 0990234-015-AC/PSD-FL-108H) (the "Draft Permit"). In support of this request, the Authority says:

1. The Authority is the applicant for an air construction permit. The Authority wishes to install new air pollution control systems and undertake other construction work on the Authority's North County Resource Recovery Facility.

2. On July 31, 2009, the Department issued its Draft Permit for the Authority's proposed construction project. As the applicant for the Draft Permit, the Authority is affected by

the Department's proposed action.

3. The Authority needs additional time to (a) carefully review the Draft Permit with its staff and its consultants and (b) discuss the Draft Permit with the Department. The Authority is concerned because the Draft Permit contains provisions that impose new obligations on the Authority. The Authority also is concerned because the Draft Permit contains provisions that are different than the provisions requested in the Authority's permit application.

4. Although the Authority does not expect to file a petition for a formal administrative hearing concerning the Draft Permit, the Authority requests a 30-day extension of time to further evaluate the provisions in the Draft Permit. The Authority is unwilling to waive its right to a hearing before the Authority discusses the Draft Permit with the Department.

WHEREFORE, the Authority requests the Department to grant a 30-day extension of time to file a petition for a formal administrative hearing concerning the Draft Permit.

Respectfully submitted this 14th day of August, 2009.
