Subject: Title V renewals

After our meeting with Mike C. this morning on the heat input issue and discussions of how to proceed and what legal actions are pending out there, I thought this would be helpful for you and all of our permittees.

Priority #1: demonstrating that the heat input issue is resolved

The renewals that are affected by this issue [according to my records] follow. For those in which extensions of time have been filed, we need to email a draft proposed permit to their attorney and a cc. to the responsible official. **IF THE COMMENT PERIOD HASN'T EXPIRED YET, WE SHOULD NOTE THAT, BARRING ANY COMMENTS, HERE IS WHAT WE INTEND TO ISSUE.** Once they've reviewed and concurred and the comment period has passed, their attorney will withdraw the extensions of time [or notify us they will not be petitioning]. Mike requested this be done by Tuesday afternoon for as many as possible. I suggest we start with those permits where heat input is the only outstanding issue.

Gulf Power Smith	no outstanding requests for extensions of time
Gulf Power Schultz	no outstanding requests for extensions of time
OUC Stanton	no outstanding requests for extensions of time
KUA	no outstanding requests for extensions of time
GRU	no outstanding requests for extensions of time
Tiger Bay	facility has requested a 2 nd extension of time; has not been acted upon [so they'd need to withdraw that request once they see the proposed and are ok with it]
DeBary check LCT: 1270028-007AV.	I'm not showing a list of any extensions requested? Vickie- can you double
Sanford	facility requested an extension of time; has not been acted upon [so they'd need to withdraw that request once they see the proposed and are ok with it]
Crist	just filed new request for extension until November 8 bc. southern company's in house attorney out of town to discuss permit shield language. I told them we need to get these out but the 8 th would be ok.
Anclote	we resolved, attorney filed withdrawal of extension of time and has gone proposed already so case can be closed in LCT

Priority #2: getting the other renewals to proposed status

The biggest issues I've heard on drafts have been CAM or heat input. Are there others we need to discuss internally? We need to get these to proposed status in the next 2 weeks also. Here is a status on extensions of time on these other renewals. I'm not sure when each permit's 30 day comment period ends.

Application for Permit by:

BUREAU OF AIR REGULATION

OGC CASE NO.: 04-1375
DEP Draft Permit No.: 1010017-006-AV

Progress Energy Florida, Inc.
Anclote Power Plant
Pasco County, Florida

NOTICE OF WITHDRAWAL OF ENLARGEMENT OF TIME

Progress Energy Florida, Inc. ("Progress"), by and through undersigned counsel, hereby withdraws its Second Request for Enlargement of Time to file a petition for formal administrative proceedings in accordance with Chapter 120, Florida Statutes. Progress currently has pending a Second Request for Enlargement of Time until November 15, 2004, in response to the "Intent to Issue Title V Air Operation Permit" (Draft Permit No. 1010017-006-AV) for the Anclote Power Plant, located at 1729 Baillies Bluff Road, Holiday, Pasco County, Florida, to negotiate certain changes in the Draft Title V permit with the Department. Following discussions with Department representatives, Progress and the Department have come to agreement on the issues involved in the above-referenced Draft Title V permit, as reflected in the attached preliminary Proposed Title V Permit dated October 26, 2004. Accordingly, conditioned upon the Department's issuance of the Proposed Title V permit in accordance with our agreement, Progress hereby withdraws its Request for Enlargement of Time.

RESPECTFULLY SUBMITTED this 27th day of October, 2004.

Robert,

For Ancloste and UF they are adding the appropriate test methods and making the corrections to Appendix I-1. They will not change the permitting note to the long version for UF. So, it looks like you can withdraw our request for extension of time on Ancloste and UF.

Scott,

I talked to Jim and Trina. The test method will be added to both permits, and the correction to Appendix I-1 will be made as well. There will be no change to the permitting note. The requested changes are minor enough and will not be listed in the proposed determination. I'll be in all day if you need to discuss any other issues.

Thanks,
Bobby

Subject: anclote

Jim and Bobby,

Since we are putting the note back in Anclote because there wasn't an AC- are there any other outstanding issues with the company? If not- could you email the proposed permit to Robert Manning [rmanning@hgslaw.com] with a note that we believe this permit is ready to go proposed and requesting that they withdraw their request for an extension of time.

Thanks,

Trina

Ps- on Suwannee and UF- we've denied their requests for extension of time. Could you also forward an electronic copy of those proposed permits to Robert Manning with a note saying we believe there are no outstanding issues with Progress on these permits as the permitting note wasn't an issue. Please let us know that you do not intend to file a petition and we will forward to EPA as proposed.

OGC CASE NO.: 04-1375
DEP Draft Permit No.: 1010017-006-AV

Progress Energy Florida, Inc.
Anclote Power Plant
Pasco County, Florida

SECOND REQUEST FOR ENLARGEMENT OF TIME

By and through undersigned counsel, Progress Energy Florida, Inc. (Progress) hereby requests, pursuant to Florida Administrative Code Rule 62-110.106(4), an enlargement of time, to and including October 18, 2004, in which to file a Petition for Administrative Proceedings in the above-styled matter. As good cause for granting this request, Progress states the following:

1. By letter dated July 13, 2004, the Department of Environmental Protection (DEP) issued an "Intent to Issue Title V Air Operation Permit" (DRAFT Permit No. 1010017-006-AV) for the facility located at 1729 Baillies Bluff Road in Holiday, Florida. Along with the Intent to Issue, DEP issued a draft Title V permit and "Public Notice of Intent to Issue Title V Air Operation Permit." Progress received these documents on or about July 20, 2004.
2. Based on Progress's review, the draft permit and associated documents contain provisions that warrant clarification or correction.
3. Progress and DEP are in the process of discussing possible resolutions to the issues needing clarification or correction.
4. The Department granted Progress' Request for Enlargement of Time, allowing until October 18, 2004, to file a petition in this matter.

5. Progress is now requesting until November 15, 2004, in order to resolve remaining issues before the Department's intended deadline to send all Title V renewals to the Environmental Protection Agency as proposed permits.

6. This request is filed simply as a protective measure to avoid waiver of Progress's right to challenge certain conditions contained in the Draft Title V Permit, in the event that an agreement cannot be reached. Grant of this request will not prejudice either party, but will further their mutual interest and hopefully avoid the need to file a Petition and proceed to a formal administrative hearing.

WHEREFORE, Progress respectfully requests that the time for filing of a Petition for Administrative Proceedings in regard to DEP's Intent to Issue Draft Permit No. 1010017-006-AV be formally extended to and including November 15, 2004.

RESPECTFULLY SUBMITTED this 15th day of October, 2004.

Application for Permit by:

DEP Draft Permit No.: 1010017-006-AV

Progress Energy Florida, Inc.
Anclote Power Plant
Pasco County, Florida

REQUEST FOR ENLARGEMENT OF TIME

By and through undersigned counsel, Progress Energy Florida, Inc. (Progress) hereby requests, pursuant to Florida Administrative Code Rule 62-110.106(4), an enlargement of time, to and including October 18, 2004, in which to file a Petition for Administrative Proceedings in the above-styled matter. As good cause for granting this request, Progress states the following:

1. By letter dated July 13, 2004, the Department of Environmental Protection (DEP) issued an "Intent to Issue Title V Air Operation Permit" (DRAFT Permit No. 1010017-006-AV) for the facility located at 1729 Balfour Bluff Road in Holiday, Florida. Along with the Intent to Issue, DEP issued a draft Title V permit and "Public Notice of Intent to Issue Title V Air Operation Permit." Progress received these documents on or about July 20, 2004.

2. Based on Progress's review, the draft permit and associated documents contain provisions that warrant clarification or correction.

3. Progress and DEP are in the process of discussing possible resolutions to the issues needing clarification or correction.

4. This request is filed simply as a protective measure to avoid waiver of Progress's right to challenge certain conditions contained in the Draft Title V Permit, in the event that an

agreement cannot be reached. Grant of this request will not prejudice either party, but will further their mutual interest and hopefully avoid the need to file a Petition and proceed to a formal administrative hearing.

WHEREFORE, Progress respectfully requests that the time for filing of a Petition for Administrative Proceedings in regard to DEP's Intent to Issue Draft Permit No. 1010017-006-AV be formally extended to and including October 18, 2004.

RESPECTFULLY SUBMITTED this 30th day of July, 2004.

3. Progress and DEP are in the process of discussing possible resolutions to the issues needing clarification or correction.

4. This request is filed simply as a protective measure to avoid waiver of Progress's right to challenge certain conditions contained in the Draft Title V Permit, in the event that an

agreement cannot be reached. Grant of this request will not prejudice either party, but will further their mutual interest and hopefully avoid the need to file a Petition and proceed to a formal administrative hearing.

WHEREFORE, Progress respectfully requests that the time for filing of a Petition for Administrative Proceedings in regard to DEP's Intent to Issue Draft Permit No. 1010017-006-AV be formally extended to and including October 18, 2004.

RESPECTFULLY SUBMITTED this 30th day of July, 2004.
