Re: Change of Designated Representative for Acid Rain Program

Dear Mr. Garlick:

Thank you for your recent letter noting a change in the Designated Representative for your facility. However, to properly process your request, we require a copy of the revised Certificate of Representation (official EPA Form 7610-1 noting the facility's current Designated Representative) for the affected units. This form is available via the EPA Clean Air Markets Division website. Please call me at 850-921-9526 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Cascio".
