Re: Air Construction Permit – NGB Bio-Fuel Test Burn
P.L. Bartow Power Plant – Combustion Turbines
Facility AIRS ID No. 1030011
Pinellas County

Dear Mr. Read:

Progress Energy agrees to extend the April 23, 2009 deadline, waiving the Department's requirement to issue a draft permit within ninety (90) days for the above referenced bio-fuel test burn construction permit. In order to allow both parties time to resolve issues with the construction permit, Progress Energy agrees to extend the draft permit development until July 22, 2009.

If you have any questions, please feel free to contact me at (727) 820-5962. Thank you very much for your assistance with this construction permit.

Sincerely,

A handwritten signature in cursive script that reads "Chris Bradley".

Re: Withdrawal Air Permit Application
Combustion Turbine Bio-Fuel Test Burn
P.L. Bartow Power Plant
FDEP Project No: 1030011-014-AC
Pinellas County

Dear Mr. Read:

By this letter, Florida Power Corporation dba Progress Energy Florida, Inc. (PEF) withdraws its air construction permit application for the above-referenced combustion turbine bio-fuel test burn planned for the P.L. Bartow Power Plant. PEF has recently decided not to pursue the combustion of the NGB bio-fuel or bio-oil in these combustion turbines at this time.

Progress Energy Florida would like to take this opportunity to thank you and Mr. Al. Linero for your effort in moving this project forward to this point; we certainly appreciate the Department's assistance with this bio-fuel test burn project. If the Department requires any further action from PEF, or if you have any questions, please do not hesitate to contact me by telephone at 727.820.5962 or by e-mail at Chris.Bradley@pqnmail.com.

Sincerely,

A handwritten signature in black ink that reads "Chris Bradley".
