Re: Title V Air Operation Permit Revision Application  
**Pinellas County Resource Recovery Facility**  
Facility ID: 1030117

Dear Mr. Talley:

Thank you for your submission of April 17, 2003, for a Title V Air Operation Permit Revision for the referenced facility. The Department has reviewed your request and has determined the application to be incomplete, for the following reasons:

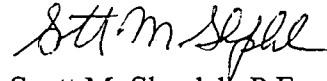

1. All of the required information, required by the application form, was not included in the submittal. Please provide all of the missing information required by the application form.
2. Rule 62-4.050(2), Florida Administrative Code (F.A.C.) requires that all applications for permit be filed in quadruplicate. Please provide four copies of the application.
3. Provide justification that the reclassification sought for the emissions units as insignificant, previously evaluated and currently classified the Department as unregulated, will comply with the requirements of Rule 62-213.430(6), F.A.C.
4. The Department is required to include all applicable requirements, established by rule or permit, in the Title V permit. Please be advised that we will not be able to comply with several of the requested changes for this reason.

*"More Protection, Less Process"*

*Printed on recycled paper.*

When the Department has received all of the requested information, we will resume processing your application for permit revision. Until then, if you have any questions or require further assistance, please contact Edward J. Svec at 850/921-8985.

Sincerely,

Scott M. Sheplak, P.E.
