SECOND FOR EXTENSION OF TIME

Petitioner, GEORGIA-PACIFIC CORPORATION ("GP"), pursuant to Rule 62-110.106(4), Fla. Admin. Code, hereby requests an additional thirty-day extension of time within which to file a petition seeking a formal administrative proceeding and within which to publish a Notice of Intent to Issue a construction permit in the above-styled matter concerning the agency action proposed by Respondent, the FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION. This request is in response to the letter providing notice of intent to issue a permit, dated March 30, 2006, and is timely filed. In support of this request, Petitioner states:

1. GP has a number of issues in the permit which it needs to discuss and attempt to resolve with the Department.
2. The issues of concern in the proposed permit have been provided verbally to the Department. Subsequently, a letter with the issues of concern raised by the proposed permit was provided to the Department. Follow-up discussions have also occurred.

3. Such continuing discussions are more efficient than filing a Petition for Hearing.

4. The issues with the proposed construction permit were not be resolved in time for construction during the annual mill outage scheduled to begin May 7. (GP and the Department are discussing a much smaller interim maintenance project to replace a minimum number of tubes while the unit is down, which GP believes does not require permitting.) The issues involving the proposed construction permit will remain regardless of the routine maintenance issue.

5. GP consulted with the Department, Trina Vielhauer, who indicated the Department would not object to an additional thirty-day extension.

WHEREFORE, Petitioner respectfully requests that the Department enter an Order allowing until June 12, 2006 to file a petition seeking a formal administrative proceeding or to publish a Notice of Intent to Issue Construction Permit in the above-styled matter. Should the Motion not be granted, GP requests that this Motion be treated as a Petition for Formal Administrative Proceedings.

Respectfully submitted this 11th day of May 2006.
