**Re: Request for Extension
Permit No. PSD-FL-393
Project No. 1070005-045-AC
No. 4 Combination Boiler Modifications**

Dear Mr. Koerner,

Georgia-Pacific Consumer Operations LLC (GP) is requesting a one-year extension of the date by which construction must commence under the subject permit. Under section 2, paragraph 7.a. the permit states: "Authorization to construct shall expire if construction is not commenced within 18 months after receipt of the permit". Based on the issuance date of September 26, 2008, the permit will expire on March 26, 2010. With the requested extension, it is possible that funding may be approved and the project may go forward.

If you have questions regarding this request, please contact Ron Reynolds at 386-329-0967.

Thank you for your consideration of this request,

Sincerely,
