Orlando, Florida 32819

Re: DEP File Nos. 1110121-002-AV and 1110121-003-AC
Initial Title V Air Operation Permit and Air Construction Permit Modification
Request for Additional Information

Dear Mr. Fontes:

The Florida Department of Environmental Protection has reviewed your application for an Initial Title V Air Operation Permit and Air Construction Permit Modification for the Treasure Coast Energy Center. However, we must deem your application *incomplete*, because we need further information relative to the following items:

1. Please provide a strikethrough/underline document that addresses all requested changes to the facility's current Air Construction Permit (1110121-001-AC).
2. Please provide an estimate of any potential pollutant emissions changes expected by implementing the requested modifications to Specific Condition 18 (Excess Emissions Allowed) of Air Construction Permit 1110121-001-AC.

When we receive this information, we will continue processing your application. If you have any questions, please contact Project Engineer Tom Cascio at 850-921-9526. Rule 62-4.050(3), F.A.C., requires that all applications for a Department permit must be certified by a professional engineer registered in the State of Florida. This requirement also applies to responses to Department requests for additional information of an engineering nature. Permit applicants are advised that Rule 62-4.055(1), F.A.C., requires applicants to respond to requests for information within 90 days, unless the applicant has requested in writing, and has been granted, additional time within 90 days.

Sincerely,

Jonathan K. Holtom, P.E., CPM
Acting Program Administrator
Title V Section

Dear Sir/Madam:

Please send a "reply" message verifying receipt of the attached document(s); this may be done by selecting "Reply" on the menu bar of your e-mail software and then selecting "Send". We must receive verification of receipt and your reply will preclude subsequent e-mail transmissions to verify receipt of the document(s).

The document(s) may require immediate action within a specified time frame. Please open and review the document(s) as soon as possible.

The document is in Adobe Portable Document Format (pdf). Adobe Acrobat Reader can be downloaded for free at the following internet site: <<http://www.adobe.com/products/acrobat/readstep.html>> .

The Bureau of Air Regulation is issuing electronic documents for permits, notices and other correspondence in lieu of hard copies through the United States Postal System, to provide greater service to the applicant and the engineering community. Please advise this office of any changes to your e-mail address or that of the Engineer-of-Record.

Thank you,

DEP, Bureau of Air Regulation
