Fort Pierce Utilities Authority
4545 Energy Lane
Fort Pierce, Florida 34981

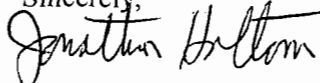

Re: DEP File Nos. 1110121-002-AV and 1110121-003-AC
Initial Title V Air Operation Permit and Air Construction Permit Modification
Request for Additional Information

Dear Mr. Leongomez:

The Florida Department of Environmental Protection has reviewed your response to our recent letter requesting additional information concerning your application for an Initial Title V Air Operation Permit and an Air Construction Permit Modification for the Treasure Coast Energy Center. However, we must deem your application *still incomplete*, because we need further information relative to the following items:

1. Please provide the background information and all underlying equations and computations supporting the results reported in Attachment 4, Potential-to-Emit Spreadsheets and PSD Applicability, of your response. Also please discuss the relationship of these analyses to the requested changes to Specific Condition 13., Emission Standards, of the current air construction permit 1110121-001-AC.
2. Please provide the electronic modeling files for verification of results.

When we receive this information, we will continue processing your application. If you have any questions, please contact Project Engineer Tom Cascio at 850-921-9526. Rule 62-4.050(3), F.A.C., requires that all applications for a Department permit must be certified by a professional engineer registered in the State of Florida. This requirement also applies to responses to Department requests for additional information of an engineering nature. Permit applicants are advised that Rule 62-4.055(1), F.A.C., requires applicants to respond to requests for information within 90 days, unless the applicant has requested in writing, and has been granted, additional time within 90 days.

Sincerely,

Jonathan K. Holtom, P.E., CPM
Program Administrator
Title V Section

Mr. Leongomez,

We have not received confirmation that you were able to access the documents attached to this April 10th e-mail. Please confirm receipt by opening the attachment and sending a reply to me.

The Division of Air Resource Management is sending electronic versions of these documents rather than sending them Return Receipt Requested via the US Postal service. Your "receipt confirmation" reply serves the same purpose as tracking the receipt of the signed "Return Receipt" card from the US Postal Service. Please let me know if you have any questions.
